President Brand appointed Messrs. Hirsch, O'Brien and Werner on behalf of Common Council.

The Committee appeared and introduced the Mayor-elect, George W. Guthrie, and the Mayor-elect took the oath of office, which was administered by President Walters of Select Council.

The Rev. J. H. McIlvaine of Calvary Protestant Episcopal Church appeared and delivered the invocation.

The Mayor addressed the Councils as follows:

Gentlemen of Councils and Fellow Citizens:

I thank you for your attendance this morning and for your cordial greeting, which I hope is a presage of the kindly relation and the helpful work which we will carry on together in the administration of the affairs of this great city.

In view of the platforms of the parties and the pledges of the candidates during the recent election, it would seem superfluous to make any more promises in regard to the policy which is to be followed in the administration of affairs, but lest silence should be misconstrued, I desire now to say that I believe that the election shows that the people of this city showed their desire and will that the affairs of the city shall be taken out of partisan politics, and so far as the executive department of the city government is concerned, it will ever be my purpose and pleasure as a faithful servant of the people to carry out their will.

In this regard I also understand the will of the people to be that the employees of this city shall be placed under the protection of proper civil service rules (such rules as are prescribed by the laws governing this city and as are necessary for good government and good public policy).

Under the law it is the duty of the Mayor and the Directors of the departments to adopt and put in force civil service rules providing for the appointment and promotion of employees on the basis of fitness, capacity and fidelity, and that will be done.

In order that there may be no misunderstanding, I repeat now what I said on the night of the election, that from the hour the will of the people was determined these city employees stood then upon a civil service basis and were entitled to and would receive the protection of those principles of fairness and good public policy which underlie all such

rules, and that covers the interval since as well as the future.

I have already publicly announced the selection of James W. Clark for Director of the Department of Public Works, Frank Ridgway for Director of the Department of Public Safety, Dr. J. P. Shaw for Director of the Department of Charities and Correction, and William B. Rodgers for City Solicitor.

These appointments will be duly transmitted to Councils for approval, as required by law.

Changes among the other executive officers of the city, which may be found proper, will be made after due consideration of each case, and in such a manner as not to obstruct the transaction of the business of the city.

From what I have already learned there are many important matters affecting the interests of the city requiring early action, and the city officials must first attend to them.

The late Council changed the compensation to be thereafter allowed to the Collector of Delinquent Taxes, but made no other changes in the system. I desire to call your attention to the fact that, in my opinion, the system for the collection of delinquent taxes is not just to the city, and that even the new compensation allowed to the collector is beyond what should be allowed, and to recommend the passage of an ordinance to remedy these objections. In the meantime, when I take up the appointment of a collector of delinquent taxes, it is my intention to require from the person appointed an agreement to pay over to the City Treasurer the balance of the 2 per cent. allowed for the expenses of collection, after deducting the expenses of his office and a fixed and reasonable compensation to him for his services.

That the city should receive only 3 per cent. from delinquents for a year and five months' delay is not just to those taxpayers who, at great effort and sometimes great sacrifice, meet their obligations to the city promptly.

From its institution the City Hospital has been under the direction of the Department of Public Safety. The law requires that all hospitals shall be under the care of the Department of Charities and Correction, and I believe the greater efficiency can be secured by a compliance with its provisions. The care and supervision of the hospital will be transferred to the department where it belongs.

It also seems to me that a better distribution of work would be accomplished if the Bureau of Health was also transferred to the same department, but as this can only be done by an Act of Legislature, there is nothing for us to do in the premises except that if your honorable bodies should agree with me, an application can be made to the next session of the Legislature for an amendment to the law.

There has been great dissatisfaction among the people because they believe

that the laws and ordinances of the city for the control of vice and the prevention of crime have not been sufficiently enforced. I do not care at this time to enter into any detailed discussion of this question. The new Director of the Department of Public Safety enters upon his work with a clear perception of the evils complained of and of his duties in relation to them. I hope that he will receive the earnest support of the people, without which any improvement is impossible, and that the result of his efforts will be satisfactory to all law-abiding citizens who prize the good order of the city and its reputation. Every branch of the public service connected with this work will receive thorough examination, and whatever reorganization is necessary to make it effective and secure a cordial co-operation among all.

After careful inquiry, I have not had any complaints in regard to the manner in which the Department of Charities and Correction has been conducted. Still, the public owe a duty to the unfortunate who come under the care of this department, and we must see that its work is raised to and kept at the highest standard possible.

In taking over the work of the Department of Public Works, it is my intention to avail myself of the right given me by law to appoint a commission for the purpose of securing a thorough and impartial examination and report upon various matters of vital importance to the city, concerning which there have been repeated expressions of uneasiness.

The result of this investigation will be given to the public when completed. In the making of the investigation care will be taken not to delay the prosecution of the work on the filtration plant, the prompt completion of which is of the greatest importance to the health of this community.

During the campaign it was charged that I would be so economical in my administration as to obstruct and delay public improvements. Time will prove the injustice of this charge. Public improvements, which are necessary to promote the growth and development of the city and make the lives of the people comfortable and safe, will command my hearty approval and earnest support. At the same time, I will endeavor to observe that economy which consists in exacting from every person dealing with the city full return in service or in property for every dollar spent.

Many so-called public improvements are made at the cost of the property owners benefited by them. When such improvements are asked for by the parties interested and the plans proposed are in accordance with good public policy and the proper development of the city, they should be conceded without delay.

Neither the reward of friends nor the punishment of opponents should have the slightest influence in determining questions of public policy.

Everything must and will be done to promote the fairest and fullest competition in the letting of public contracts, and strict compliance with specifications will be exacted.

Where patented or controlled articles are required, the contract for them must be let as the law requires, separate and apart from all other work or supplies. The law expressly commands this, and experience has shown that in no other way can free competition be secured.

Of course neither favoritism in the selection of contractors, nor the changing of specifications after bids have been received, is compatible with honest administration.

I am pledged to oppose the granting of franchises for long terms or without fullest compensation to the city and proper conditions for the protection of public interests. The people have demanded this in the most emphatic manner, and their wishes will be complied with.

I also understand that the people insist that the rights of the city under all contracts shall be fully enforced.

This demand affects not only persons having contracts for city work, but also persons and corporations enjoying privileges and franchises granted by the city.

It may be that disagreements will arise as to the meaning or validity of various laws, ordinances and contracts which will require judicial determination to ascertain exactly what the city's rights are; but whether disputed or admitted, it is my intention to use my best endeavors to ascertain and enforce such rights as the city has.

At the same time the rights of the parties affected will be accorded full recognition and protection. Even if the city had the power to do so, it would offend public faith to attempt to destroy private rights, which rest for their preservation on the integrity of public action.

There has been great complaint as to the insufficiency of the service rendered to the people by corporations holding public franchises granted to them upon the implied, if not expressed, condition that they would properly meet public wants. Most of these complaints relate to the insufficiency of accommodation for the public on traction lines—to want of satisfactory transfers—and to undue obstruction of public traffic at certain points.

It is perfectly evident that if the present system of public transportation is not already inadequate it will soon become so if, as we believe, the recent growth and prosperity of the city continue.

In order to meet this condition and at the same time render it impossible for anyone—by the acquisition, for instance, of franchises at controlling points—to prevent the construction and operation of a convenient and independent system under proper municipal regulation and control, I would respectfully recommend the passage of an ordinance authorizing the appointment of a commission to pre-

pare plans showing how a satisfactory system can be secured at the least cost. I have no doubt the various commercial organizations in the city would co-operate with us, and that public-spirited citizens can be found who will give their services to the city for such an object.

With such plans the city will be in a position to protect itself at every point. If the work is properly done it will be of incalculable benefit to the city.

Underground lines will unquestionably have to be resorted to in the near future. In the location and construction of tunnels, the convenience and necessities of the public must be the first question. Moreover, the exclusive right to build and use them must not be permitted to pass under the control of any interest to whose advantage it might be to stifle competition.

The surface rights have been given away in perpetuity and have passed into the control of a single organization. We must see that the underground rights are not disposed of in the same way. They must be sacredly preserved for the protection of the public and the development of the city.

There has been much discussion, some of it very heated and bitter, in regard to the question of public light. This question must be taken up and disposed of as soon as possible. I hope that either by the voluntary action of the only company now in position to give full service, or by the assertion of the city's rights under its contract, satisfactory arrangements can be made. If not, it may be necessary to consider the advisability of installing a public plant. For many reasons I would prefer to avoid this at present.

Much has been done for the beautifying of the parks; there is now a demand for better facilities for using them for public recreation, and also for the provision of other playgrounds where healthy exercise may be conveniently and safely obtained. All efforts in this direction will receive hearty support.

It would not be profitable now to attempt to refer in detail to the various duties imposed upon the executive departments; it is sufficient to say that capable and faithful attention to duty and to the interest of the city will be required from every officer as the absolute condition of retention in public service.

In all matters concerning public interest I will be glad to co-operate with you in the most friendly spirit. As the representatives of your wards, you have a right to be heard in regard to the needs of the city at large and of your various localities.

Permit me also to say through you to the people of Pittsburgh that anyone having a request or a complaint to make in regard to public business, or to the manner in which public work is done or public officers act in the discharge of their duty, will receive from me a fair and impartial hearing, as is his right;

and if the complaint be well founded, everything possible will be done to rectify the wrong.

In a city as large as this, full and correct knowledge of conditions can only be acquired by affording fair hearings to all concerned. Every citizen is interested in having the streets kept clean and in repair, and the sanitary and police laws properly enforced. Too often the greatest sufferers from the violation of these laws, or the neglect of those charged with their enforcement, find it difficult to make their wrongs known to those who would rectify them. They should have every opportunity afforded to them to obtain relief.

In conclusion I desire to say that while the rights of all will be strictly observed, the rights and interest of the city and its taxpayers will always be the first consideration, and favoritism to individuals or outside interests strictly excluded.

And so, I hope, that during our joint tenure of office we may act in harmony and accord, with the single purpose of promoting the best interests of the whole city and the safety, comfort and well-being of the people who make their home within it.

I thank you very much.

Mr. **Burns** presented

No. 27.

To the Members of Select and Common Council of Pittsburgh, Pa.:

DEAR SIRS:—The resolution hereto attached is based on the following facts:

James Stewart, who was a fire chief in the employ of the City of Pittsburgh, and while

acting in that capacity on December 18, 1901, at ten o'clock P. M. in response to an alarm which had been sent in, was driving in his buggy west along Carson street, towards the scene of a fire. William Morgan, another employee of the Fire Department, was also in the buggy. A short distance from the Castle Shannon Incline, a street car had stopped, *not at a crossing*, and while driving through between the car and curb, the buggy struck one William Sutter, the conductor of the car, who had gotten off to turn the switch, who evidently stepped out from between the tracks immediately in front of the moving buggy. Sutter's car had been travelling west, and another car was travelling a short distance behind it, also travelling west. Mr. Stewart had been driving in his buggy, and wheels tracking in the car tracks, and when he reached the last mentioned car some fifty or seventy-feet from the accident, slackened his horse almost to a walk, and pulled out past these cars. It was a very cold night, and the rails were frosty, so that Stewart must have been going slowly when he pulled out, as otherwise his buggy would have slid into the car. Both Stewart and Morgan and a passenger in the last mentioned car testified that the gong was sounding as Stewart passed the cars, and both Stewart and Morgan testified that a light was lit on the front of the buggy. There was some indifferent evidence by the plaintiff and his witnesses to the effect that the buggy was moving at the rate of fifteen miles an hour, and that they did not hear the gong sounding Sutter when struck by the buggy was knocked down and badly hurt, his right arm was seriously injured at the elbow, and is now stiff and in a partly bent condition. Two of Sutter's witnesses testified that from the time Sutter was in a position of safety between the rails until he stepped out, and was struck, was only long enough to count, one, two, three, a matter of a couple of seconds. Neither Stewart nor Morgan saw the man until after he was struck.

Suit was entered by Sutter against Stewart at No. 285 October Term, 1902, in the Court of Common Pleas No. 2 of this county, and was tried by William Watson Smith, Esq., a former Assistant City Solicitor. He tried the case three times in behalf of the defendant. On June 15, 1904, a verdict was rendered for the plaintiff in the sum of \$1,139.00. On motion of the defendant a new trial was ordered, and the case was again tried on March 31, 1905, and a verdict was rendered for the plaintiff in the sum of \$1,000.00. A new trial was again ordered on motion of the defendant, and on November 1, 1905, a verdict was rendered in the sum of \$550.00. A new trial was refused and on January 23, 1906, judgment was entered for plaintiff on the last mentioned verdict. The Court seemed to have serious doubts as to the right of plaintiff to recover, but finally held that although the case was a close

one it was a question for the jury. On account of the size of the record, an appeal would be expensive, and the judgment of the Court would probably be affirmed.

The defendant, who is a poor man, is no longer in the employ of the city, but is drawing a fireman's pension of some \$70.00 to \$75.00 per month, which has recently been attached by the plaintiff. A rule has been granted to show cause why this attachment should not be dissolved, and in all likelihood the Court will make an order doing so. This being an action of tort the defendant is also subject to imprisonment on failure to pay the judgment. It seems that this is a case in which an ordinance should be passed directing that this money should be paid by the city instead of Mr. Stewart. In the judgment of Mr. Smith, who tried the case, Mr. Stewart was acting prudently and carefully in the discharge of his duties at the time of the accident, which was unavoidable so far as he was concerned. When a fire chief in answering an alarm it is his duty to go quickly to the fire, and for the good of the service, the city should protect its firemen from liability for accidents not caused by their carelessness.

Respectfully submitted,

W. B. RODGERS,  
City Solicitor.  
L. S. LEVIN,  
Ass't. City Solicitor.

No. 38.

HOMEWOOD BOARD OF TRADE, }  
PITTSBURGH, PA., April 17, 1906. }

To the Select and Common Councils, Pittsburgh, Pa.:

GENTLEMEN:—The members of the Carnegie Library Committee, appointed by the Homewood Board of Trade to secure a library for Homewood, herein petition you to pass an ordinance appropriating \$15,000 for the maintenance of a branch library in Homewood.

Four years ago the members of Councils signed an agreement to appropriate \$6,000 to maintain said branch library, and, upon that basis, Mr. Carnegie will donate only \$60,000 for the building, but will gladly give \$150,000 if he is reasonably sure that the Pittsburgh Councils will appropriate an amount sufficient to maintain it.

Librarian Hopkins has made a very careful survey of the field, and states as his expert opinion, that it will need at least \$150,000 to put up a building suitable for our requirements.

Since our great increase in population and the advance in price of all building materials makes it imperative that we secure at least \$150,000 for our building, we do most earnestly appeal to you for an appropriation of \$15,000 to maintain it.

Respectfully submitted,

J. M. CLARK, Chairman,  
C. H. GARWOOD, Secretary.

No. 68.

First and partial report of the committee appointed by a joint resolution of Councils to investigate the conduct of Councilmen and City Officials.

To the President and Members of Select Council,

Gentlemen—The committee appointed under authority of a joint resolution of Councils respectfully reports to Select Council that they have investigated and considered certain actions and conduct of Edward J. Edwards while serving as a member of Select Council from the Second ward of the City of Pittsburgh, and we believe that the evidence obtained warrants his expulsion from your honorable body upon the following grounds:

1. That he has been guilty of certain acts contrary to the law and public decency.

2. That he has aided and abetted in the creation and maintenance of houses known as bawdy houses, or houses of prostitution.

3. That he was a party to the perjury of one Charles E. Porter, now deceased, relative to the granting of a wholesale liquor license to the said Porter.

4. That he sold liquor illegally and without a license.

5. That he sold liquor illegally and without a license to keepers of disorderly houses, knowing that the said houses were used for purposes contrary to the laws of this Commonwealth.

6. That he was guilty of such corrupt practices and offenses against the public decency and welfare as to render him wholly unfit to sit as a member of your honorable body.

To the end, therefore, that he may be expelled from Select Council, we recommend that the said Select Council, by appropriate resolution, appoint Monday, May the twenty-first, 1906, at 7:30 o'clock P. M., or as soon thereafter as the said Select Council may deem expedient, as a time for hearing the evidence now in the hands of your committee, or the evidence which the committee may in the meantime obtain; and that the said Edward J. Edwards shall forthwith be notified of said hearing and shall be afforded an opportunity to be present in person, or by counsel, and produce such evidence in his own behalf as he shall deem proper, and he shall be given the opportunity to examine or cross-examine all witnesses.

And we further recommend that the City Solicitor be directed to take charge of and conduct for the Select Council the proceedings against the accused.

Respectfully submitted at Pittsburgh, Pa., this fourteenth day of May, 1906.

Second and partial report of the committee appointed by joint resolution of Councils to investigate the conduct of Councilmen and City Officials.

To the President and Members of Select Council,

Gentlemen—The committee appointed under authority of a joint resolution of Councils respectfully reports to Select Council that they have investigated and considered certain actions and conduct of Max Friedman while serving as a member of Select Council for the Seventh ward of the City of Pittsburgh, and we believe that the evidence obtained warrants his expulsion from your honorable body upon the following grounds:

1. That he has been guilty of certain acts contrary to the law and public decency.

2. That he has aided and abetted in the creation and maintenance of bawdy houses, or houses of prostitution.

3. That he was guilty of corrupt practices and offenses against the public decency and welfare, such as to render him wholly unfit to sit as a member of your honorable body.

To the end, therefore, that he may be expelled from Select Council, we recommend that the said Select Council, by appropriate resolution, appoint Monday, the twenty-first day of May, 1906, at 7:30 o'clock P. M., or as soon thereafter as the said Select Council may deem expedient, as a time for hearing the evidence now in the hands of your committee, or which may in the meantime be obtained by the committee; and that the said Max Friedman shall forthwith be notified of said hearing and shall be afforded an opportunity to be present in person, or by counsel, and produce such evidence in his own behalf as he shall deem proper, and he shall be given an opportunity to examine or cross-examine all witnesses.

And we further recommend that the City Solicitor be directed to take charge of and conduct for Select Council the proceedings against the accused.

Respectfully submitted at Pittsburgh, Pa., this fourteenth day of May, 1906.

INVESTIGATING COMMITTEE,

By Charles Gulland, Chairman.

No. 71.

Presented in Select Council of the City of Pittsburgh on the fourteenth day of May, 1906:

Whereas, A joint committee of the Select and Common Councils, appointed under authority of a resolution dated the thirtieth day of April, 1906, has investigated and reported, on the conduct of Max Friedman, a member of Select Council for the Seventh ward of the City of Pittsburgh, and has recommended the expulsion of the said Max Friedman;

Now, therefore, be it resolved, That the said Max Friedman be notified to appear before this Select Council, in the Select Council Chamber, on Monday, the twenty-first day of May, 1906, at 7:30 o'clock P. M., to show cause why he should not be expelled, the consideration of such expulsion to be based on the following charges:

1. That he has been guilty of certain acts contrary to the law and public decency.

2. That he has aided and abetted in the creation and maintenance of bawdy houses, or houses of prostitution.

3. That he has been guilty of corrupt practices and offenses against the public decency and welfare, such as to render him wholly unfit to sit as a member of your honorable body.

And be it further resolved, That a copy of this resolution be given to the said Max Friedman, that he may the more properly prepare and defend himself.

Which was read.

Mr. Friedman arose and read the following to Council.

No. 72.

Mr. Chairman and Fellow Members of Select Council:

I deem it my duty to myself and my constituents to protest most earnestly against the proposed action of this Council in an effort to disgrace me and try me by any proceeding, report of committee, impeachment or otherwise, until I have been tried by a lawfully constituted court and jury, and as in this matter I have given bail for such trial, the proposition to adopt this report, which reflects upon my character, is an outrage upon law and the respect which one member of this Council ought to have for another.

The examination carried on by the joint committee of Councils was, as I am advised, unfair to me and others, and a wrongful exercise of the committee's powers in investigating members' private concerns, and not confining its investigation to unlawful acts of Councilmen.

The authority of this committee under the law was only to inquire as to whether or not a Councilman had violated his oath as a Councilman in the doing of such things as involve his public duties. For example, as to whether or not he had acted corruptly in and about the passage of any ordinance, or was interested in a contract wherein the City of Pittsburgh was a party, and other like acts.

If because it is alleged that I, as a real estate dealer, was concerned in the purchase of certain personal or real estate, have thereby committed such acts that I ought to be expelled from this Council, your committee ought to have proceeded further in its investigation and reported whether or not other members of Council are interested in the grocery business and furnishing groceries to these objectionable parties; and

Whether or not other members of Council are interested in the supplying them with flowers; and

Whether or not other members of Council are interested in supplying them with livery hire; and

Whether or not other members of Council are interested in furnishing them with clothing, ladies' garments and millinery; and

Whether or not other members of Council are interested in supplying them with milk and cream; and

Whether or not other members of Council are interested in supplying them with plumbers' supplies, and doing plumbing work for them; and

Whether or not other members of Council are acting as their bankers; and

Whether or not other members of Council are interested in selling them furniture; and

Whether or not other members of Council are interested in supplying them with builders' supplies; and

Whether or not other members of Council are interested in the furnishing of these places; and

Whether or not other members of Council are interested in giving them medical attendance; and

Whether or not other members of Council are interested in furnishing them with shoes; and

Whether or not other members of Council are interested in selling them jewelry; and

Whether or not other members of Council are interested in the ownership of buildings occupied by these objectionable parties; and

Whether or not other members of Council are interested in giving them legal advice; and, finally, if the best people in this city, and the most respected merchants and the richest and most influential mercantile houses in this city are supplying these objectionable parties with what they require, and seeking and catering to and for their trade. This being the fact, and it cannot be denied, it seems to me that this committee went far out of its way in its effort to try to condemn me.

Wherefore, I suggest to this body of Councils that further action on this matter be postponed until I have been tried by a court and jury lawfully constituted as provided by law.

Which was received and filed.

Mr. Weber moved

That the resolution, as read, be adopted.

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Ayes—Messrs.

Mr. Weber, by leave, presented

No. 73.

Pittsburgh, Pa., May 9th, 1906.

Whereas, An ordinance has been introduced in Pittsburgh Councils, granting the Monongahela Traction Company a franchise for the construction of a traction line along Frankstown avenue, eastwardly from the corner of Frankstown avenue and Oakwood street, through the Thirty-seventh and Forty-first wards, it is

Resolved, By the Brushton Civic Society, as representing the business interests and property holders of Brushton and vicinity,

First—That the representatives of this district in Council should do all in their power to secure the passing of this ordinance.

Second—That the sense of this society is that the proposed ordinance is for an improvement held back by the traction company for years, but of the greatest benefit to the business interests of Brushton in providing a branch line connecting Brushton and vicinity with the Verona and Oakmont districts. It would open up the Forty-first ward and adjoining territory, where property holders have been carrying vacant property for over fifteen years and are unable to dispose of it at anything short of a sacrifice, simply on account of the lack of transportation facilities.

Third—That this proposed traction line would not only benefit Brushton and Homewood, but the entire East Liberty Valley, in so much as it would divert travel into those districts which at present is taken into Wilkinsburg.

Fourth—That this proposed grant of franchise is in the interests of the people of this section, is a people's measure and should be helped by everyone interested in the section it will benefit.

D. M. CUNNINGHAM,  
JAMES M. HOOPER,  
SAMUEL McKINLEY,

Public Improvement Committee.

Which was read, received and filed.

And the question being taken upon the motion to refer to a special committee of five, a division of the vote was had; the ayes were 11, and the noes were 20.

So the motion did not prevail.

Mr. Stevenson moved

To amend the bill by adding a new section to be known as Section 3, as follows:

"Section 3. In consideration of the rights and privileges granted in this ordinance, the said Monongahela Street Railway Company agrees to pay to the City of Pittsburgh the sum of fifty cents per lineal foot for the streets occupied by said street railway line."

Upon which amendment Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Ayes—Messrs.

#### BUSINESS FROM COMMON COUNCIL.

C. C. Bill No. 107.

Whereas, The Monongahela Water Company discriminates unfairly in its assessment of water rates in the territory described in the

agreement made between the City of Pittsburgh and the Monongahela Water Company, December 22, 1885, whereby the residents of the South side were to have an assessment of water rates "not exceeding the annual rates in each class of water rates assessed by the city," and wherein the city agreed to make no further extension of her water mains on the South Side in competition with the said company;

Whereas, The Monongahela Water Company refused the option of meter service to many of its consumers, which option has been annually granted to the residents of Pittsburgh since 1903, and in other ways proceeds in violation of its contract; therefore, be it

Resolved, That the Mayor be and he is hereby authorized and directed to notify the Monongahela Water Company that unless the terms of its agreement with the City of Pittsburgh are fairly and justly complied with the City of Pittsburgh must consider the contract null and void, in accordance with Section 2 of said agreement, which reads as follows:

"Section 2. That the said Monongahela Water Company shall hereafter and for said term of years make her assessments of all water rents in the said wards at rates in all cases not exceeding the annual rates in each class of water rents assessed by the city in the wards lying between the Monongahela and Allegheny rivers."

Resolved, That in behalf of the residents of that section of our city affected by the agreement hereinbefore referred to, the City Attorney is authorized and directed to prepare a suitable test case in the event of the Monongahela Water Company's refusal to readjust its assessments in accordance with the contract entered into.

Resolved, That the residents of the section affected by the Monongahela Water Company's agreement with the city shall be entitled, for the purpose of making comparisons with the Monongahela Water Company's assessment of water rates, to the services of a City Water Assessor under such suitable restrictions as may be deemed necessary by the Bureau of Water assessments.

GENTLEMEN:—Referring to the resolution of Councils in regard to the action of the Monongahela Water Company, passed May 14, 1906, I have the honor to inform you that prior to the passage of the resolution referred to, I had, upon the complaint of a large number of property owners and residents on the Southside, referred the matter to W. B. Rodgers, Esq., City Attorney, for investigation

After conferences between Mr. Rodgers and attorneys of the Monongahela Water Company and between a committee of said company and myself, the Board of Directors of the company at its meeting held this 18th day of May, passed two resolutions, copies of which are attached hereto for your information.

These resolutions duly certified have been delivered to me by the company.

The contract between the city and the company provides that at the expiration of 21 years from the date of the ordinance authorizing it (to-wit: December 14, 1885) appraisers may be appointed to appraise the works of the company, and that the city shall have the right to purchase the said works "at the appraised value thereof, subject to deduction for any credits in the sinking funds of said company or otherwise for its redemption," provided it is done within six months from the date; otherwise the contract is to continue from year to year thereafter until the works are appraised and purchased.

In view of the shortness of the time allowed for the appraisal and the determination of the city to act thereunder, and of the fact that it would be difficult, if not impossible, to make any proper appraisal during the winter months, I think it advisable for the city to accept the proposition of the company to apply for appraisers and proceed with the appraisalment of the works at once.

For that purpose I would respectfully recommend Councils by resolution to authorize the Mayor to join with the company in an application to Court for the appointment of appraisers.

When the appraisalment has been made the city will be in a position to determine what course it will pursue.

I am very respectfully yours,

GEO. W. GUTHRIE,  
Mayor.

No. 75.

Whereas, Heretofore and on April 26, 1906, at a meeting of the board a schedule of rates for water for the year beginning April 1, 1906, was presented, but the board did not examine the details of the same, and the schedule was approved under a misapprehension of facts and under the belief that the said schedule was in accordance with the terms of the contract between the City of Pittsburgh and this company, dated December 23, 1885; and

Whereas, A controversy has arisen as to the right of this company to adopt said schedule of rates as it did on April 26, 1906; and while this company believes it had and has such right under the terms of the said contract, yet, under all the circumstances, it is not deemed expedient to engage in a controversy over the same; now, be it

Resolved, That we hereby rescind the said schedule of rates adopted April 26, 1906, and we hereby adopt as our rates for the year beginning April 1, 1906, the same schedule of rates the City of Pittsburgh established by its ordinance dated March 5, 1906, including the provision for meters, and our Treasurer be and he is hereby instructed to refund to the different parties who have paid the same any excess rate over the rate hereby established, paid since April 1, 1906; and that a copy of this resolution be published in the daily newspapers of the City of Pittsburgh.

No. 74.

MAYOR'S OFFICE,  
PITTSBURGH, PA., May 18, 1906. }

To the Select and Common Councils of the City of Pittsburgh :

GENTLEMEN:—Referring to the resolution of Councils in regard to the action of the Monongahela Water Company, passed May 14, 1906, I have the honor to inform you that prior to the passage of the resolution referred to, I had, upon the complaint of a large number of property owners and residents on the Southside, referred the matter to W. B. Rodgers, Esq., City Attorney, for investigation

After conferences between Mr. Rodgers and attorneys of the Monongahela Water Company and between a committee of said company and myself, the Board of Directors of the company at its meeting held this 18th day of May, passed two resolutions, copies of which are attached hereto for your information.

These resolutions duly certified have been delivered to me by the company.

The contract between the city and the company provides that at the expiration of 21 years from the date of the ordinance authorizing it (to-wit: December 14, 1885) appraisers may be appointed to appraise the works of the company, and that the city shall have the right to purchase the said works "at the appraised value thereof, subject to deduction for any credits in the sinking funds of said company or otherwise for its redemption," provided it is done within six months from the date; otherwise the contract is to continue from year to year thereafter until the works are appraised and purchased.

In view of the shortness of the time allowed for the appraisement and the determination of the city to act thereunder, and of the fact that it would be difficult, if not impossible, to make any proper appraisement during the winter months, I think it advisable for the city to accept the proposition of the company to apply for appraisers and proceed with the appraisement of the works at once.

For that purpose I would respectfully recommend Councils by resolution to authorize the Mayor to join with the company in an application to Court for the appointment of appraisers.

When the appraisement has been made the city will be in a position to determine what course it will pursue.

I am very respectfully yours,

GEO. W. GUTHRIE,  
Mayor.

Which was read, received and filed.

Whereas, Heretofore and on April 26, 1906, at a meeting of the board a schedule of rates for water for the year beginning April 1, 1906, was presented, but the board did not examine the details of the same, and the schedule was approved under a misapprehension of facts and under the belief that the said schedule was in accordance with the terms of the contract between the City of Pittsburgh and this company, dated December 23, 1885; and

Whereas, A controversy has arisen as to the right of this company to adopt said schedule of rates as it did on April 26, 1906; and while this company believes it had and has such right under the terms of the said contract, yet, under all the circumstances, it is not deemed expedient to engage in a controversy over the same; now, be it

Resolved, That we hereby rescind the said schedule of rates adopted April 26, 1906, and we hereby adopt as our rates for the year beginning April 1, 1906, the same schedule of rates the City of Pittsburgh established by its ordinance dated March 5, 1906, including the provision for meters, and our Treasurer be and he is hereby instructed to refund to the different parties who have paid the same any excess rate over the rate hereby established, paid since April 1, 1906; and that a copy of this resolution be published in the daily newspapers of the City of Pittsburgh.

Which was read, received and filed.

Also

Resolved, That a committee consisting of Messrs. B. F. Jones, Jr., J. D. Lyon and J. W. Scully are hereby appointed to take up with the Mayor of the City of Pittsburgh the purchase by the city, under the contract of December 23, 1885, of our works, and full power is hereby given said committee to take all such steps as they shall think proper in connection therewith and incur such expenses by the hiring of experts and otherwise as they shall think proper; and that the treasurer of this company is hereby ordered to pay all bills O. K.'d by the committee.

Which was read, received and filed.

Resolved, That the Mayor be directed to ascertain, and report to this body, if there is sufficient evidence of the Monongahela Water Company having violated its contract with the city, by charging its South Side consumers rates in excess of the city rates, to justify the Councils in revoking said contract between the city and said company.

Which was read and adopted.

No. 79.

MAYOR'S OFFICE,  
PITTSBURGH, PA., May 18, 1906. }  
*To the Select and Common Councils of the City of Pittsburgh:*

GENTLEMEN:—I have the honor to submit herewith bids received from the Allegheny County Light Company for furnishing lights for the streets, etc., of the City of Pittsburgh, with arc lamps for the fiscal year beginning February 1, 1906.

These bids, both from the same company (one for that portion of the city between the Allegheny and Monongahela rivers and the other for that portion of the city south of the Monongahela and Ohio rivers), are the only bids received by the Department of Public Works in response to the advertisement calling for bids for this purpose.

In view of the amount asked by the company I did not award the contract, and I submit the matter to your honorable bodies for consideration and such action as you may think best.

In my opinion, the price asked is too high and in excess of the reasonable value of the service called for. This is especially true in regard to the price asked for furnishing light by underground wires.

You will observe that the company asks \$96.00 per annum for each lamp where the current is supplied from the underground system and \$80.00 per annum where the current is supplied from the overhead system. The effect of this is either to force the city to abandon the policy of compelling all corporations engaged in furnishing electric power to place their wires underground (a policy which is believed to be essential for public safety) or to pay for the change itself.

The city has the right under its contract with this company to require it to furnish electric power for the use of the city at 75 per cent. of the price charged private consumers.

As there is no competition for the furnishing of electric power to the city for this purpose, the city, if it desires to continue lighting its streets with electric power, must either accept these bids or avail itself of its right under the contract referred to and call upon the company to furnish lights on the terms provided. A question of this kind should, it seems to me, be determined by the legislative department of the city, and for that reason I submit the matter to you.

As already stated, in my opinion, the price demanded by the company is excessive. In the absence of sufficient information as to the price charged by it to private consumers, it is impossible for me to say what it would cost the city if it elected to take light from the company on the terms specified in the contract above referred to.

At the same time, it seems to me to be the proper course for this city to avail itself of its right under the contract. We will then be able to ascertain exactly what can be done under present conditions.

If the result should show that the city cannot get electric light at a proper price, either by bids or by its contract, it will then be the duty of the proper authorities to decide,

whether the best interests of the city and its taxpayers will not be promoted by the installation of a municipal plant.

I respectfully call your attention to the fact, that nearly four months of the current fiscal year has already elapsed and therefore prompt action is desirable.

I am,

Very respectfully yours,  
GEO. W. GUTHRIE,  
Mayor.

Which was read, received and filed.

**Mr. Burns presented**

No. 80.

Resolved, That the Mayor be and he is hereby authorized and directed to notify the Allegheny County Light Co., that, on and after the date of the passage of this resolution, the City will demand that it be furnished light in accordance with the terms of the franchise ordinance between the City of Pittsburgh and the said Allegheny County Light Company.

MAYOR'S OFFICE,  
PITTSBURGH, PA., May 18, 1906. }  
*To the Select and Common Councils of the City of Pittsburgh, Pa.:*

GENTLEMEN:—I return herewith, without my approval, an ordinance entitled, "An Ordinance pledging the City of Pittsburgh to make an annual appropriation of \$15,000 for the maintenance of the proposed Carnegie Library in the Homewood District."

The erection of a branch library in the Homewood District seems proper and desirable; but, I cannot approve of the city pledging itself at the present time to make an annual appropriation of \$15,000 for the maintenance of such library.

I do not think it will require \$15,000 for the maintenance of a branch library operated in connection with the Central Library.

Moreover, it has not been the custom to make separate appropriations to the various branch libraries heretofore erected and now operated in connection with the Central Library, and I do not think it advisable to inaugurate such a practice now. It has been found perfectly satisfactory and is believed to be more economical to make a single appropriation for the maintenance of the whole library system and permit its division between the Central and branch libraries as their respective needs may require.

There is a grave question as to the power of Councils to bind the city by a pledge such as is proposed by this ordinance; but even if legal it seems to me inexpedient to bind the city in perpetuity to an annual appropriation of \$15,000 without regard to what the needs of the library may at the time be.

Each Council will be able to determine what amount is required in any one year for this purpose and can be trusted to make the necessary appropriation at the proper time, as other appropriations are made without pledging the city in advance to any specific sum.

I am,

Very respectfully yours,  
GEO. W. GUTHRIE,  
Mayor.

Which was read, received and filed.

On motion of Mr. **Stewart** the reading of the minutes of the previous meeting was dispensed with.

The **Chair** asked if Mr. **Edwards** was present.

Mr. **Edwards** arose and answered that he was.

Mr. Marshall, attorney for Mr. **Edwards**, appeared before Council and said:

"We do not recognize the authority of Council to try these cases at the present time."

The **Chair** asked if City Solicitor Rodgers was present, and receiving no answer directed the Clerk to see if he was in his office.

The Clerk returned and stated "That the office was locked up and no one was in."

Mr. **Metcalf** arose and said:

"I intend to make a motion that the cases of Messrs. **Edwards** and **Friedman** be postponed so that we can proceed under the ordinance introduced in Council last Friday. After conferring with the City Collector we both came to the conclusion that it would be inadvisable to go on with the cases against Messrs. **Edwards** and **Friedman** at the present time, and the only thing for this Council to do is to postpone any further action until such time as the ordinance introduced on Friday night has been finally passed, and the accused regularly notified according to the terms of the ordinance. This ordinance was drawn in accordance with the statute. Where the authority of an action is wholly derived by the Statutes of the Commonwealth, it is necessary to conform to the strict letter of the laws."

The **Chair** directed the Clerk to call up Mr. Rodgers' residence by telephone and inquire for Mr. Rodgers.

Which was done.

The Clerk returned and informed the **Chair** that he called up Mr. Rodgers' residence by telephone, as directed, and was told that Mr. Rodgers was not at home.

Whereupon Mr. **Metcalf** moved

That further action in the cases of Messrs. **Edwards** and **Friedman** be postponed until "S. C. Bill No. 82. An Ordinance relating to and governing the course of procedure in the matter of expulsion of members of Councils" is finally passed by Councils and the accused notified under the terms of said ordinance.

Which motion prevailed.

The **Chair**, by unanimous consent, presented

DR. E. R. WALTERS,

President Select Councils, City of Pittsburgh

DEAR SIR:—At a meeting of the Central Greater Pittsburgh Association on Saturday last a resolution was unanimously adopted electing the members of your body to membership in the Central Greater Pittsburgh Association. I wish that you would have due notice given to all members of the Council of this fact, and also convey to them the information that in the campaign for the election of June 12th we are very anxious to secure the co-operation of all possible elements.

There is probably nobody in public life who stands closer to the people than a member of Councils. The Greater Pittsburgh project is one which effects all of the people, and it is but natural that they will look to their repre-

sentatives in the municipal legislature for advice and counsel on this question. Realizing this we are anxious to secure the active co-operation and assistance of the members of the Councils, believing as we do that a Greater Pittsburgh means a better Pittsburgh, a more progressive Pittsburgh, and will bring benefits to all of the people.

Very respectfully,  
ALBERT J. LOGAN,  
Chairman.

Which was read, received and filed.

Mr. Weber moved

C. C. No. 189. Petition of citizens of the South Side requesting the Director of the Department of Public Works to have the buildings razed on the ground purchased by the city on South Twenty-second street.

In Common Council May 28, 1906. Read, received and filed.

Which was read, received and filed.

C. C. No. 190.

Whereas, The City of Pittsburgh, under a bond issue, raised money for the purchase of property on South Twenty-second street, between Carson and Wharton streets, for an approach to the South Twenty-second street bridge, which was in reality intended by the promoters thereof to be for a better approach to said bridge and a public play-ground, or park; and

Whereas, The said property has been purchased for some time, and is now in such condition that it is a detriment to business people, and property in that immediate neighborhood, and there being no play-ground or park in that section of the city, where it is built up and surrounded by iron and steel mills, glass and other factories, and where it is more necessary than any other owned by the city for the health of the people that there should be an open space or breathing spot for those who toil in such mills and factories; therefore,

Resolved, By the Select and Common Councils of the City of Pittsburgh, that the Director of the Department of Public Works be directed to forthwith to raze the buildings on the ground purchased by the city on South Twenty-second street, and place the said ground in such condition that it may be used as a public play-ground until such time that the city take the same for an approach to South Twenty-second street bridge (for which it was purchased) a park, or the proposed South Side branch of the Carnegie Library.

In Common Council May 28, 1906. Read and adopted.

M., or as soon thereafter as the said Select Council may deem expedient, as a time for hearing the charge, and that the said P. A. Manion shall be notified in accordance with the provisions of an ordinance relative to the trial and expulsion of members of Councils of the time and place of said hearing, and that he be given an opportunity to produce witnesses in his own behalf, to examine or cross-examine all witnesses, and to be present in person or by attorney if he so desires.

And we further recommend that the City Solicitor be directed to take charge of and conduct for Select Council the proceedings against the accused.

Respectfully submitted at Pittsburgh, Pennsylvania, this fourth day of June, 1906.

**Mr. Edwards** arose and answered, yes, sir.

The **Chair** arose and asked the question:

Is the City Solicitor present?

**Mr. W. B. Rodgers**, City Solicitor, arose and answered, yes, sir.

And Council proceeded to the trials of certain of its members, pursuant to the following ordinance:

(No. 31.)

"An ordinance relating to and governing the course of procedure in the matter of expulsion of members of Councils."

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That whenever such charges are preferred against any members of Councils, as in the opinion of the branch to which he belongs, are sufficient, if true, to warrant his expulsion from said branch of Councils, the course of procedure in reference to the same shall be as follows: The Council shall fix a time and place for a hearing, and a copy of said charges, together with a notice of said time and place of hearing, shall be delivered to the member accused, either personally, or in case he cannot be found, by leaving the same at his last known place of residence, at least ten days before the time so fixed for a hearing. At said hearing the City Solicitor, or one of his assistants, shall conduct the prosecution. The accused shall have full opportunity to present his defense, by witnesses or otherwise, and may be represented by counsel. After hearing all the evidence submitted the said Council shall proceed to a vote on the question as to whether or not said charges have been sustained, and if two thirds of all the members elect of said branch shall, by their vote, determine that the said charges, or any of them, have been sustained, the person so accused shall by said vote be expelled from the branch of Councils of which he is a member.

Section 2. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

Passed in Councils May 28th, 1906.

Approved by the Mayor, May 31st, 1906.

Pursuant to the above ordinance, the Select Council called Edward J. Ed-

wards, Select Councilman from the Second ward of the City of Pittsburgh, for trial.

Whereupon **Rody P. Marshall, Esq.**, representing the said Edward J. Edwards, files the following objections: We object to the trial of **Mr. Edwards** at the present time, under the present ordinance, for the following reasons:

First: The ordinance passed does not authorize the Council to expel or to suspend any member of Councils for the matters for which he can be suspended according to the Charter of the City of Pittsburgh, Act of March 18th, 1816, which reads as follows: "That the said Select and Common Councilmen elect shall meet at such place in the said city as the said Councils each, for its own body, may after the first election agree upon, and afterwards at such place as by any ordinance duly passed may be fixed for that purpose, between the hours of ten and twelve of the clock in the forenoon on the Friday next following each and every election of Select and Common Councilmen to be held in pursuance of this Act, and shall then and there receive the returns aforesaid, and shall forthwith proceed to examine the same, and to judge and determine thereon, and for that purpose and to the end and intent that this Act, or the provisions therein contained, may not be ineffectual, the said Select or Common Councilmen elect, as the case may be, who shall be elected and returned as aforesaid, or a majority of them, who shall be a quorum for all business, shall be judges of their own elections, and shall have full power and authority to approve thereof, or to set aside the same, or afterwards to vacate the seat of any member for misbehavior, neglect of duty or other misdemeanor, and to order new elections, etc."

Second: That we are not charged with sufficient certainty as to time or place, so we can answer the charges.

Third: It does not show that any of these charges have been committed since Edward J. Edwards was elected by the people of the Second ward in February last, and if it is anything previous to the last election, then it was the business of the voters at the last election to do it, and this Council has nothing to do with anything that occurred previous to the time he was elected and sworn in for this term, that he is now serving.

Fourth: For the further reason that he is not charged with any wrongdoing in connection with his office as Select Councilman of the Second ward of the City of Pittsburgh.

**Mr. Rodgers:** **Mr. Chairman**, my learned friend referred to an Act of Assembly, a Charter, he says, and his quotation has nothing to do with this case in my judgment. This proceeding is under the Act of the 6th of April, 1867, page 114 of the City Digest, which reads: "Any member of the Select or Common Council may be removed or expelled from office by a vote of two-

thirds of all the members of the Council of which he may be a member."

Charges S. C. No. 121 against P. A. Manion, Select Councilman from the Fourth ward of the City of Pittsburgh, as follows:

"Fifth and partial report of the committee appointed by a joint resolution of Councils to investigate the conduct of Councilmen and city officials:

To the President and Members of Select Council:

Gentlemen:—

The committee appointed under authority of a joint resolution of Councils respectfully reports to Select Council that they have investigated and considered certain actions and conduct of P. A. Manion, while serving as a member of Select Council for the Fourth ward of the City of Pittsburgh, and believe that the evidence obtained justifies his trial before your honorable body on the following charges:

That he was a party to the leasing and negotiating leases of a dwelling house on Second avenue, in the City of Pittsburgh, while a member of Council, knowing that said house was to be used for illegal and immoral purposes in that the same was to be used as a bawdy or assignation house.

We recommend, therefore, that the said Select Council, by appropriate resolution, appoint Friday, the 15th day of June, 1906, at 7:30 o'clock P. M., or as soon thereafter as the said Select Council may deem expedient, as a time for hearing the charge, and that the said P. A. Manion shall be notified in accordance with the provisions of an ordinance relative to the trial and expulsion of members of Councils, of the time and place of said hearing, and that he be given an opportunity to produce witnesses in his own behalf, to examine or cross-examine all witnesses, and to be present in person or by attorney if he so desires.

And we further recommend that the City Solicitor be directed to take charge of and conduct for Select Council the proceedings against the accused.

Respectfully submitted at Pittsburgh, Pennsylvania, this 4th day of June, 1906.

INVESTIGATING COMMITTEE,  
By CHARLES GULLAND,  
Chairman."

"Resolution presented in Select Council of the City of Pittsburgh on the 4th day of June, 1906:

Whereas, A joint committee of the Select and Common Councils appointed under authority of a resolution dated the thirtieth day of April, 1906, has investigated and reported on the conduct of P. A. Manion, a member of Select Council for the Fourth ward of the City of Pittsburgh, and have preferred a certain charge against said P. A. Manion:

Now, therefore, be it resolved, That the said P. A. Manion be notified to appear before this Select Council, in the Select Council Chamber, on Monday, the 11th day of June, 1906, at 7:30 o'clock P. M., there to answer the said charge."

The foregoing being based upon ordinance series 1906-07, file No. 97, Bill No. 82 S. C. And now, to-wit: June 11th, 1906, the respondent, by his counsel, Harry L. Goehring, Esq., in accordance to notice from the Select Council of the City of Pittsburgh, of which he is a member from the Fourth ward, appeared before this body of inquiry at the time and place set forth in said notice. The respondent, before proceeding and entering into hearing and inquiry of the charges alleged against him, asks that it be made part of the record and proceedings as follows, to-wit:

First: This body of inquiry, namely, the Select Council of the City of Pittsburgh, has no jurisdiction under any ordinance of the City of Pittsburgh, Pa., or Act of Assembly of Pennsylvania, or authority for said inquiry for the purpose of expelling any member thereof.

Second: That none of the rights of the respondent are hereby waived, and he further reserves all protection in law and equity, and his rights shall not be prejudiced by entering into a hearing of the alleged charges for the purpose of expelling said respondent as a member of Select Council from the Fourth ward, Pittsburgh, Penna.

Third: The respondent denies specifically each and every charge as alleged, and now is ready for his inquiry and trial.

Mr. Brennen (representing Mr. Max Friedman): In view of what Mr. Rodgers said, that we might all present our side, I, representing Mr. Friedman, agree with Mr. Rodgers that the proper way perhaps would be to take each case up as it is presented. But if it is thought proper, I have a written answer to present here, and what I would say largely concurs with what Mr. Marshall said, that this Council cannot expel a man for any violation other than provided by the Act of 1816, because that Act of 1867 is precisely what this Council did itself within the last three weeks; it prepared to try these men; when it came to trial they found they had to comply with the Act of Assembly, that provided how men should be tried. Tried for what? Tried according to the provisions that are set out in the Act of 1816? Misdemeanor, misbehaviour, where? Misbehaviour in Council, misbehaviour in New York, Philadelphia, or some avenue in Pittsburgh? The thing is absurd.

E. J. MARTIN, sworn:

Examination by Mr. Rodgers:

Q. You are the City Clerk?

A. Yes, sir.

Q. Do you know E. J. Edwards?

A. Yes, sir.  
Q. Is he a member of Select Council?  
A. Yes, sir.  
Q. Is he on the Committee of Public Safety?

A. Yes, sir.  
Mr. Rodgers: I now offer Article 3 of the Charter of 1901, Section 1, as follows: "The Department of Public Safety shall be under the charge of one Director, who shall be the head thereof. The care and management, administration and supervision of police affairs shall be in charge of this department."

Also offer the Manual, page 134, as follows: "The Committee of Public Safety shall have charge of and jurisdiction over all matters of every kind and character pertaining to the business of the Department of Public Safety, including all matters relating to police affairs."

Mr. Marshall: We object to this as irrelevant and incompetent.

Chairman Walters: Inasmuch as the Council is a body having rules governing itself, we will have to permit any offers of this sort, which may be brought forth by Mr. Rodgers, to go in, inasmuch as it relates entirely to the Council and the various committees of which the respondent is a member. The objection is overruled.

Mr. Marshall: I ask for information; do I understand you are going to allow Mr. Rodgers to offer anything in evidence that he wants or desires?

Chairman Walters: Anything in relation to the case; yes, sir.

Mr. Marshall: Without the question being submitted to counsel at any time?

Chairman Walters: We will submit any objection or ruling to counsel.

Mr. Rodgers: I next offer a Bill in Equity, filed by Jane Porter, administratrix of Charles E. Porter, deceased, plaintiff, against E. J. Edwards, No. —, April Term, 1905, and the answer of E. J. Edwards to that Bill, in which he admits that he was a partner with Charles E. Porter at the time of the death of Charles E. Porter, the business being in part the wholesale liquor business in the Second ward of Pittsburgh.

Mr. Marshall: I think this would be a good time to raise the question, and see what Council think about it. I don't want to antagonize in any way, nor do I mean to raise technical objections, and therefore I am going to raise the question that I desire to raise now once for all, and let Council dispose of it. This Bill in Equity, which was filed against Mr. Edwards, was filed in 1905 in April, and previous to the time Mr. Edwards was elected to this Council, in February, 1906. The Answer was filed previous to that time. I say that this Council has no right or authority—and I only want to be heard on this with your indulgence—to try Mr. Edwards for anything that occurred previous to his election by the citizens of his ward last February.

The Act of Assembly prescribe what crimes shall disqualify a man from holding office; for instance, perjury disqualifies a man from voting, and from holding office. If anything has arisen since Mr. Edwards was elected last February, then you could try him on anything that has occurred since that time, providing this ordinance of yours is legal which I am assuming for the present that it is. Now in all fairness, has this Council any right to pass upon Mr. Edwards' conduct before last February? If it has, then this Council has a right to pass on the act of any man in this Council from the time he was a child. No act here is alleged to have been committed in connection with his office, neither is any crime alleged to have been committed since Mr. Edwards was elected. Have you the right to wipe out the verdict of the people of the Second ward, that Mr. Edwards represents, by something that occurred previous to his election? They were the ones that had the right to wipe it out. Now here is a man elected and seated by this Council in April, the first Monday of April, as I understand it, and you propose to investigate his conduct back in 1903, three years before he was elected, and I ask this Council to pass on this in fairness to the defendant, and in fairness to every one concerned. I appeal to the Council whether they think it is right, and ask them to pass on it once for all. You cannot disfranchise Mr. Edwards; you can simply expel him, and he can be re-elected by the citizens of the Second ward, if they see fit to re-elect him. You can simply expel him, if you have simply the power to expel, and the citizens can re-elect, then you can only inquire what was done since Mr. Edwards was elected the last time, because they have already elected him in February, 1906, they passed on his qualifications at that time, and up to that time, and according to the citizens of the Second ward, Mr. Edwards was a fit and proper person to sit here.

Mr. Frederick moved that the scope of the investigation shall be confined to the period of Mr. Edwards' election last February.

Mr. Burns arose to a point of order.

That the original resolution being one to try the member, and the motion now being to limit the trial to acts committed since the member's election, the motion is therefore an amendment to the original resolution, and cannot therefore be considered at this time and in this way.

The Chair ruled the point of order "No; well taken."

Mr. Stevenson: I would ask Mr. Rodgers to give us information from his standpoint.

Mr. Rodgers: Personally I have no doubt whatever as to the power of Council to investigate Mr. Edwards with respect to acts, his character and illegal acts that he committed before he was a member of Council. Personally I have no interest in this matter what-

ever, I care nothing one way or the other, but when you ask me my judgment, I can give you no other or better answer than to call your attention to the Act of Assembly, which reads as follows: "Any member of the Select or Common Council may be removed or expelled from office by a vote of two-thirds of all the members of the Council of which he may be a member." There is not a word there about limiting it to any particular time. But the great foundation question is, is he a fit man to sit as a member of Councils? My judgment is founded on this Act of Assembly, as I read it to you, and I call your attention to the fact that there is no limitation there whatever. It is the present judgment of the Council with respect to the fitness of the man to serve as a member of Council, and you may take into consideration, in my judgment, the matters that have occurred prior to the present election, if you choose to do so.

And the question being taken upon the motion of Mr. Frederick, "That the scope of the investigation shall be confined to the period of Mr. Edwards' election last February."

Mr. Weber demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

### BUSINESS FROM COMMON COUNCIL.

C. C. No. 212.

June 11th, 1906.

Gentlemen:—

I have the honor to return herewith, without my approval, C. C. Resolution No. 65, authorizing warrant in favor of Edwin Pease for \$114.50 "for injuries received July 11th, 1905, by accident caused by unmanageable team attached to Truck F."

The City Solicitor advises me that there is neither "A legal or moral obligation on the part of the city" to pay this claim. In view of this advice, I do not feel justified in approving the resolution herewith returned.

The resolution does not indicate the character of the injuries, or how they were received, or that they were occasioned by the negligence of the City or any of its employees.

To undertake the payment of claims arbitrarily asserted, without any proof of legal or moral liability on the part of the City, without even a statement of either the character of the injuries or the manner in which they were incurred is not, to my mind, prudent.

The Courts have held that the City has the right to appropriate money in discharge of a moral obligation, but when neither legal nor moral obligation exists, there is no right to make such an appropriation.

I am, very respectfully yours,

GEO. W. GUTHRIE.

Mayor.

C. C. No. 211

June 4, 1906.

Gentlemen:—

I have the honor to return herewith, without my signature, C. C. Resolution No. 190, directing "The Director of the Department of Public Works to forthwith raze the buildings on the ground purchased by the City on S. Twenty-second street, and place the said grounds in such condition that it may be used as a public playground until such time as the City may take the same for an approach to the S. Twenty-second street bridge (for which it was purchased), a park or the proposed S. S. branch of the Carnegie Library."

There is no money available to pay the cost of the work proposed and no probability of obtaining any for that purpose until the next appropriation ordinance. It would, therefore, be useless to order the work done "forthwith," as the Department of Public Works, having no money for the purpose, would be unable to comply with the direction.

It is possible that contractors might be found who would be willing to remove the buildings for the material. This, however, is uncertain; but even if it could be done it would leave the ground in a dangerous and unsightly condition without any means of placing it in condition for a public playground.

Moreover, two of the properties, one 192x120 feet and the other 96x120 feet, were acquired by the City subject to a lease to the Munhall Lumber Company, and the lessee is still in possession and the lease will not expire until April 1st, 1907. A third lot (on S. Twenty-second street) belonged to one P. M. Pfeil, who, I am informed, has not yet accepted the purchase money or surrendered possession to the City.

A compliance with the resolution is, therefore, impossible.

Permit me to call your attention to the facts concerning this property:

The property was acquired by the City some time since to provide an approach to the S. Twenty-second street bridge. When the present Director of the Department of Public Works took charge he found that some of the houses on the property had been partly dismantled and others were occupied by persons who did not pay the City anything for the privilege. As there had been no action of Councils authorizing the removal of the buildings in

order to make it available for the purpose for which it was acquired or directing any other disposition of the property, and as there was no probability of securing money for such purpose until the next appropriation ordinance, the Director thought it his duty to secure tenants who would protect the buildings and make the property productive to the City.

As will appear by the list hereto attached, the Director has secured proper and satisfactory tenants for the property, who will make their own repairs and pay water rents, and in addition thereto, pay the City rent at the rate of \$322.17 per month, making a total rental for the year of \$3,866.00. All the tenants understand that their occupation of the premises, unless extended next year must cease May 1st next, which would enable the City to commence work promptly next season, if it is directed and an appropriation made for it.

This action was taken by the Director, and approved by me before the passage of the resolution herewith returned had been introduced in your bodies and without any knowledge on our part that anything of the kind was in contemplation. It was in my judgment necessary and proper; it made the property productive to the City and saved it from further dilapidation and from becoming a resort for disorderly characters and a public nuisance.

Personally, I have no desire to obstruct any action tending to secure "public playgrounds for the people," and I do not think that the placing of tenants in this property temporarily will have any such result. Should you hereafter decide that the property is not required as an approach to the bridge and determine to appropriate it for a playground, park or library site, the action of the Director of the Department of Public Works hereinbefore explained will not delay or obstruct the work in any degree.

In the meantime, having the property occupied by good tenants who keep it in good order and pay rent therefor is a benefit both to the neighborhood and the City at large.

In this connection it is proper to say that this property was acquired by the City in order to furnish a proper approach to the Twenty-second street bridge and was supposed at the time to be necessary for that purpose. Before incurring any expense on the property not consistent with this purpose, or diverting it to any other use, it would be advisable in my judgment to ascertain definitely, that it is not necessary for the purpose for which it was required.

Very respectfully yours,

GEO. W. GUTHRIE.

Mayor.

In Common Council June 11, 1906. Read, received and filed.

C. C. No. 190.

Whereas, The City of Pittsburgh, under a bond issue, raised money for the purchase of property on South Twenty-second street, between Carson and Wharton streets, for an approach to the South Twenty-second street bridge, which was in reality intended by the promoters thereof to be for a better approach to said bridge and a public play-ground, or park; and

Whereas, The said property has been purchased for some time, and is now in such condition that it is a detriment to business people, and property in that immediate neighborhood, and there being no play-ground or park in that section of the city, where it is built up and surrounded by iron and steel mills, glass and other factories, and where it is more necessary than any other owned by the city for the health of the people that there should be an open space or breathing spot for those who toil in such mills and factories; therefore,

Resolved, By the Select and Common Councils of the City of Pittsburgh, that the Director of the Department of Public Works be directed to forthwith to raze the buildings on the ground purchased by the city on South Twenty-second street, and place the said ground in such condition that it may be used as a public play-ground until such time that the city take the same for an approach to South Twenty-second street bridge (for which it was purchased) a park, or the proposed South Side branch of the Carnegie Library.

#### UNFINISHED BUSINESS OF COMMON COUNCIL.

Mr. Stewart called up

S. C. Bill No. 26. An Ordinance entitled "An Ordinance granting to Harry Davis the right to enter upon Fifth avenue for the purpose of constructing and maintaining a conduit for the transmission, conveyance and supply of heat, power, light and telephone service to property and buildings of the said Harry Davis."

In Common Council May 28, 1906. Passed.

In Select Council June 4, 1906. Rule suspended, bill read a first and second times, and further action postponed for the present.

In Select Council June 11, 1906. Bill called up, amended by adding a new section to be known as "Section 8," and as amended, laid over for reprinting.

Which was read.

Mr. Burns arose to a point of order, as follows:

"The motion postponed the bill indefinitely, as it was not postponed to a specified time; it was then amended by taking it up under the head of unfinished business, which would have necessitated the passing previously of a motion to lay on the table. No such motion having been passed, and the postponement not having been to a time certain, I contend that the bill was, therefore, indefinitely postponed, and to consider it at this time, a motion to reconsider should first be made. I, therefore, protest against its consideration at this time, and in this manner, and ask the Chair to rule."

The Chair ruled the point of order "not well taken," stating—

"That inasmuch as the time wasn't specified, it therefore would come under the head of unfinished business, and could be taken up at any time or at any subsequent meeting."

And the bill as read a second time and amended, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

City Solicitor W. B. Rodgers called Frank Pohl.

FRANK POHL, sworn:

Examination by Mr. Rodgers.

Q. You are in the liquor business now, are you?

A. No, I am just working there.

Q. You did work at the house for which Porter had a license?

A. Yes, sir.

Q. And when did you go to work at that house?

A. On the first day Mr. Porter opened up.

Q. The first day he got a license?

A. Yes, sir.

Q. How long did you continue?

A. About three years.

Q. Until he was finally refused the license?

A. Yes, sir.

Q. And were you employed inside?

A. Yes, sir.

Q. Do you know Edward J. Edwards?

A. Yes, sir.

Q. How long have you known Edward J. Edwards?

A. Since I was working there.

Q. Since you were working there?

A. Yes, sir.

Q. How did you come to know him in connection with that work?

A. He was acting as a foreman there as far as I know.

Q. He was acting as a foreman?

A. Yes, sir.

Q. Was he acting in any other capacity than as a foreman?

A. I couldn't say that.

Q. Let me refresh you,—didn't Edwards say to you on one occasion that he had more interest in that business than Porter had?

A. Yes, sir.

Q. He did say that?

A. Yes, sir.

Q. Well, on this subject of his interest in the business, I want to ask you if he hired and discharged employees?

A. He hired some of them.

Q. And he discharged some too?

A. Yes, sir.

Q. He discharged you on one occasion?

A. He didn't discharge me, I quit myself.

Q. You quit as a result of a difficulty with Mr. Edwards?

A. Yes, sir.

Q. Where did Edwards make his headquarters whilst Porter had this license, was he there all the time pretty much?

A. Yes, sir.

Q. Taking charge and control of the business?

A. Yes, sir.

Q. Well, there came a time when Porter was refused a license?

A. Yes, sir.

Q. The house was without a license for a year?

A. Yes, sir.

Q. And then Sweeney got a license?

A. Yes, sir.

Q. Well, what relation did Mr. Edwards have to the house after Sweeney got his license?

A. I couldn't say that.

Q. Was Edwards there in charge and control as he had been under Porter?

A. No, sir.

Q. Well, was he there at all?

A. He was there a few times.

Q. A few times?

A. Yes, sir.

Q. What was he doing there?

A. I couldn't say what he was doing he would come in the office.

Q. Well, didn't you swear before the Investigating Committee this, on page 10: "Q. He had something to do with the business end of it?" and did you answer: "Yes, sir, of course, he come around and told people, when they were busy, what to do, or something like that"; did you testify to that?

A. Yes, sir.

Q. That's right?

A. When we was real busy, he jumped in himself and helped wash bottles.

Q. He happened to be there when you were busy?

A. Yes, sir.

Q. Did he happen to be there when you weren't busy?

A. Sometimes he was, and sometimes he wasn't, he wasn't there every day.

Q. Well, during Porter's administration, Porter had a license for three years?

A. Two or three years.

Q. Then there came a time when the license was refused?

A. Yes, sir.

Q. For one year?

A. Yes, sir.

Q. And what were the relations between Porter and Edwards during that year?

A. I couldn't tell what relations.

Q. Well, don't you know they started a pool room?

A. There was a pool room, but I don't know who was running it.

Q. Well, at that period, when there wasn't any license, did you go into the liquor business yourself?

A. No, sir.

Q. Did you hold the liquor trade of Porter and Edwards for a while?

A. That is when they were held over.

Q. And how long did you hold the trade?

A. Three weeks.

Q. How did you come to do that?

A. What do you mean?

Q. You came to do it under orders from Edwards and Porter, Mr. Porter gave you the orders in the presence of Edwards, didn't he?

A. No, sir, Mr. Edwards wasn't there. Q. In your testimony before the Investigating Committee, you stated that Porter told you to hold the business?

A. Yes, sir.

Q. And this question was asked you: "Did Edwards have anything to say about it?" and did you answer, "He was there at the same time?"

A. I said Mr. Edwards hadn't anything to say about it.

Q. Did you answer as I put it to you, "He was there at the same time?"

A. He might have been, but I wouldn't say yes or no.

Q. He was there with Porter when the order was given to you to hold this trade?

A. Yes, sir.

Q. And the license had expired?

A. Yes, sir.

Q. And so you carried on that business for about three weeks under those orders?

A. Yes, sir.

Q. Where did you get your liquors?

A. 25th street.

Q. Were they liquors of Edwards and Porter?

A. No, it was all in my name.

Q. Were they liquors furnished by Edwards and Porter?

A. They were furnished by myself, me and my driver.

Q. Whom did you pay for them?

A. I paid myself.

Q. From whom did you buy them?

A. On 25th street.

Q. Who was the man on 25th street?

A. Louis Beiginwald.

Q. Do you recollect that Edwards talked to you about the division of the profits during this period?

A. No, sir.

Q. In your testimony before the Investigating Committee, was this question asked you: "Q. When Edwards talked to you about the division of the profits, you said you thought you were entitled to all of them?" and did you answer "I did"?

A. I beg your pardon, Mr. Porter asked me.

Q. And then you swear now that the question was not asked you: "When Edwards talked to you about division of the profits, you said you thought you were entitled to all of them"?

Mr. Marshall: I do not want to object, or make technical objections, but this witness is called by the prosecution, he is their own witness, and when you call a witness you believe him to be worthy of belief or you wouldn't call him, and we object to the examination of the witness in this way.

Chairman Walters: Before the Investigating Committee he testified to the

facts that Mr. Rodgers is trying to bring out. The objection is over ruled.

Question repeated.

A. Mr. Porter asked me that question.

Q. Where did you get the money to buy the liquor?

A. Where did I get the money?

Q. Yes.

A. Off Mr. Porter.

Q. From Mr. Porter?

A. Yes, sir.

Q. And Porter and Edwards were partners?

A. As far as I know.

Q. So you got money from Porter?

A. Yes, sir.

Q. To hold this trade?

A. Yes, sir.

Q. And you didn't have a license?

A. No, sir.

Q. And neither Porter nor Edwards had a license, and you sold liquor without a license for three weeks?

A. Yes, sir.

Q. How much did you pay for the liquor you bought, or how much money did Porter give you to buy this stuff?

A. I got all told \$500.

Q. Did you get that money from Porter in cash?

A. Yes, sir.

Q. Did you pay it back to him?

A. Yes, sir.

Q. How much more did you pay back to him than \$500?

A. Not a cent more.

Q. Well, during Porter's administration, or during the license that Porter had, what was Edwards' particular connection with this business?

A. He was doing the outside business.

Q. He did the outside business?

A. Yes, sir.

Q. Well, did he have any particular business relations with the proprietresses of disorderly houses during that period?

A. I couldn't say that.

Q. You couldn't?

A. No, sir.

Q. Were there any disorderly houses in the Second ward?

A. There might be, not as I know of.

Q. Not that you know of?

A. No, sir.

Q. How long have you lived in the city of Pittsburgh?

A. Since 1884.

Q. Did you ever live in the city before?

A. I was always in the city.

Q. You were always in the city?

A. Yes, sir.

Q. And you worked at Edwards and Porters' place on First and Second avenue, and you don't know that there was a disorderly house or sporting house in the city of Pittsburgh?

A. I couldn't say that.

Q. Well what do you say, you say there were none?

A. I couldn't prove there was any there.

Q. Would you know one if you would see it?

A. If I went in to look at it I would.

Q. Well, you did go in and look at it, you collected beer bills for Edwards and Porter in these disorderly houses, and you know there were disorderly houses in that neighborhood in the Second ward.

A. I couldn't say that they were.

Q. Can you tell us what particular district Porter and Edwards had for the purpose of selling liquor to disorderly houses, and I will help you a minute; did they go below Wood street?

A. I wasn't on the wagon.

Q. Don't you know that Porter and Edwards didn't go below Wood street?

A. I can't say if they did or not.

Q. If you didn't know that end, do you know the other end, did they go beyond Ross street?

A. They went out to the East End.

Q. No, but in the Second ward, didn't they draw the line at Ross street?

A. There was some above Ross street, as far as I know.

Q. Some of the disorderly houses?

A. I couldn't say what they were, I know they had some customers there.

Q. Well let's go back a minute now; suppose the proprietress of a disorderly house in the Second ward, in the neighborhood there, got 'pinched,' would she come to Porter and Edwards' store?

A. There is a question of course I couldn't answer.

Q. You couldn't?

A. I couldn't prove whether they were disorderly houses or not.

Q. Before the Investigating Committee was this question asked you: "Q. During the time that you were working for Porter and Sweeney, did the proprietresses of disorderly houses ever go to their place of business?" and did you say, "Yes, sir"?

A. Yes, sir.

Q. And then this question: "Q. How do you know that"?

A. I didn't say disorderly houses, I said people come in there and asked them to go on their bond, but I didn't say disorderly houses.

Q. You didn't say proprietresses of disorderly houses?

A. That I can't say.

Q. Was this question asked you: "Q. How do you know that"? and did you answer "Because they come in there if any of them got pinched, or anything like that, they come in and asked for Mr. Edwards."

A. Yes, sir.

Q. Do you think now you were speaking of proprietresses of disorderly houses when you spoke of them being "pinched," or were you speaking of the ordinary citizens of the Second ward.

A. I couldn't say what they were.

Q. What did you mean when you said "pinched," did you mean men or women?

A. Men and women both.

Q. Was this question asked you: "Then Edwards seemed to have something to do with the business"? and did you say "It seemed that way"?

A. Yes, sir.

Q. Well, now, let me ask you this other question, were you asked by the Investigating Committee this: "You say that these women came into the store, that you saw them frequently there"; what women were you talking about?

A. That's the question they asked me, if I seen women, and I did.

Q. And did you say, "Yes, sir"?

A. Yes, sir.

Q. "And for what purpose did they go to the store"? and did you answer "Well I guess they got pulled in was why they come and asked him to put up a forfeit"; do you recollect that?

A. Yes, sir.

Q. Then the next question: "For whom did they ask"? "A. Edwards." Q. "Did they ever ask for Sweeney"? "A. No, and never asked for Porter either"; that's right, is it?

A. Yes, sir.

Q. Well, if these women came in with any money, to pay money, they never paid any money to Porter, they always paid it to Edwards?

A. I believe the biggest part was to Edwards.

Q. And you know if they would come in to pay money Porter wouldn't take the money at all, but would send them over to Edwards?

A. Mr. Porter would take the money if Edwards wasn't there.

Q. Porter would take the money if Edwards wasn't there?

A. Yes, sir.

Q. Well, you know of particular cases where Edwards paid the money for these women who kept disorderly houses, don't you, or do you?

A. I answered that question before, I don't know whether they were disorderly or not.

Q. Well was this question asked you by the Investigating Committee, referring to these women: "Q. Well, did they ever ask for Mr. Porter when they came in"? and did you say: "They did

ask for Mr. Porter, but Mr. Porter always told them to go and see Edwards?"

A. Yes, sir.

Q. Do you know a woman named Fay, who kept a disorderly house right across the street from Edwards and Porter?

A. I couldn't tell you any of the names as far as that goes.

Q. Do you recollect of asking this woman what she wanted, and she said she had come in to pay the rent, and then the question asked by the Investigating Committee: "Who was that"? and you said "Fern," do you recollect that?

A. That ain't across the street.

Q. Where is it, where is Fern's house, or where was it?

A. It ain't there now.

Q. Where was it?

A. It ain't across the street, that's entirely different.

Q. Well, across the street from the Homeopathic hospital.

A. That's different.

Q. How far is that away from Edwards and Porter liquor store?

A. Pretty near a block.

Q. And when this woman came in to pay the rent you told her "Eddie" wasn't in?

A. I didn't say she came in to pay the rent, that's a mistake there.

Q. At any rate, whatever she came in for you told her "Eddie" wasn't there?

A. When she came to pay her bill she came to pay Eddie,—I guess that's wrong there.

Q. Do you recollect of Edwards going to the safe, or telling the bookkeeper to go to the safe and take out money to pay the fines or forfeits for these women?

A. I do, sometimes.

Q. How many times did you know of Edwards doing that?

A. Two or three times.

Q. Whose fine did he order to be taken out of the safe, Sweeney's safe or Porter's, who were the women?

A. It wasn't Sweeney's safe.

Q. Well, Porter's then, who were these women with respect to whom he directed money to be taken out of Porter's safe?

A. The only one I know of is Ada Mathews.

Q. How much did he direct to be taken out of the safe to be given to be paid on her account?

A. \$200 and some dollars.

Q. What did he do with it?

A. Took it up and got her out.

Q. Where was her house?

A. On Grant street.

Q. What number?

A. I couldn't say what number it was.  
Q. Well, do you know the proprietress of 105-107 Grant street?

A. I know where they are, I can't say the names.

Q. Did Edwards have anything to do with those houses?

A. That I couldn't say.

Q. Did he have anything to do with the proprietresses of those houses?

A. I couldn't say that, if he did or not.

Q. Didn't they frequently come into his place of business?

A. They did some times.

Q. And did they always ask for Edwards when they came in?

A. Yes, sir.

Q. Always asked for Edwards?

A. Yes, sir.

Q. Well, did you stand guard over a sporting house one night?

A. I stayed with another party, but there was no one living in the house.

Q. You stood guard over a sporting house one night?

A. That was with another party.

Q. What house was it?

A. Up on Ross street.

Q. What number?

A. I couldn't say the number.

Q. Well, the house was vacant?

A. Yes, sir.

Q. How did you, an employee in the liquor business, how did you come to be standing guard over a sporting house at night?

A. I went with the fellow that was working there.

Q. Who sent the fellow that was working there to stand guard over that house?

A. I couldn't say who sent him there, I went along with him.

Q. Before the Investigating Committee was this question asked you: "One time did you stand guard over 41 and 47 Ross street," and now do you say you don't know what the number is exactly, and did you say so then, and did you say you went with another fellow?

A. I went with another fellow.

Q. And then the question was asked you, "Who was the other man," and you said, "A fellow that was around there"; and the next question was "Did Edwards send him there?" and did you swear, "Yes, sir?"

A. Yes, sir, Edwards sent me other fellow.

Q. To stand guard over this sporting house?

A. Yes, sir.

Q. And it was vacant?

A. Yes, sir.

Q. How long was it after that until Edwards put a new tenant in this house that you were standing guard over?

A. Two weeks I guess.

Q. Two weeks?

A. Two or three weeks.

Q. Could you tell who the tenant was that Edwards put in there in two weeks?

Q. I couldn't say.

Q. Do you know whether it was a disorderly house?

A. That I couldn't say.

Q. Do you know Edna Williams, or did you know Edna Williams?

A. I heard the name often.

Q. Where did you hear the name and how did you hear it?

A. I deliver goods up there but I don't know her.

Q. Whose goods did you deliver there?

A. From Beiginwald.

Q. During this period you were running without a license, under the orders of Edwards and Porter, you delivered to Edna Williams?

A. Yes, sir.

Q. You were holding the old customers.

A. Yes, sir.

Q. And therefore she was an old customer of Porter and Edwards?

A. What do you mean?

Q. A customer that Edwards and Porter told you was their customer?

A. Yes, sir.

Q. Can you tell us how many customers Edwards and Porter told you they had, and that you were to deliver to?

A. They didn't tell me how many they had.

Q. Well, did they give you a list of them?

A. No, I took the old driver they had.

Q. Well, you found about sixty didn't you, in the Second ward, between Wood street and Ross?

A. Close on to it.

Q. Close on to sixty between Wood and Ross?

A. Yes, sir.

Q. And were any of these sixty disorderly houses?

A. That I couldn't say.

Q. You are the man that doesn't know a disorderly house?

A. No, sir.

Q. How much did you deliver to these houses, how much would you deliver upon a fixed occasion to these houses?

A. I refuse to answer that.

Q. You refuse to answer that?

A. Yes, sir.

Q. Why do you refuse to answer it?

A. You have my order book, and you ought to know.

Q. Then I have your book?

A. Yes, sir.

Q. And your book will show?

A. Yes, sir.

Q. It will show the names?

A. Yes, sir.

Q. And the names were pretty much all the names of ladies?

A. The biggest part of it.

Q. "Flossie" this, and "Grace" that, and "Pearl" something else?

A. Yes, sir.

Q. When you would deliver this beer to these old customers of Porter, who would receive the beer from you?

A. Who would receive it?

Q. Yes.

A. I put it in the house.

Q. Did you see anybody when you were in the house?

A. Certainly I did.

Q. Men or women?

A. Yes, sir.

Q. Men and women both?

A. Yes, sir.

Q. To whom did you deliver it, men or women?

A. Delivered it to the women.

Q. Had you any idea whether these women were keeping sporting houses or not when you saw them?

A. As long as I don't do business with them I couldn't swear about it.

Q. How did you come to quit carrying on this business for Edwards and Porter?

A. How did I quit?

Q. Yes, they didn't get a license that year, did they?

A. No, sir.

Q. How did you come to quit?

A. I got orders to quit.

Q. Who gave you orders to quit?

A. Porter and "Eddie."

Q. "Eddie" Edwards?

A. Yes, sir.

Q. Told you to quit?

A. Yes, sir.

Q. And then you quit?

A. Yes, sir.

Q. Then you were carrying on the business of selling liquor without a license, under the orders of Porter and "Eddie" Edwards, is that right?

A. That's correct.

Q. I got away from Edna Williams, and I come back to that; do you recollect of "Eddie" Edwards loaning Edna Williams money?

A. No, sir.

Q. You weren't in that day?

A. No, sir.

Q. Where did Edna Williams keep?

A. I couldn't say where she kept.

Q. But she was a very familiar figure around the store?

A. I heard the name often enough.

Q. And you knew the person, you knew her very well because she was around the store a great deal?

A. I knowed many of them around the store but couldn't tell the names.

Q. A good many of whom?

A. A good many women.

Q. Was the business there at that store largely with women?

A. Well, I don't know what you mean.

Q. Well was the most of the people around there women?

A. There were some men and women.

Q. But most of the people coming there ordering goods, or paying bills or rent, were women, weren't they?

A. I couldn't say if they paid rent or not.

Q. Well, I understand, strike the rent out; the majority of the people that came around there to order beer, or pay for beer, were women?

A. I couldn't say whether it was the majority of them or not.

Q. Well I suppose you would agree with me that a very large proportion were women.

A. Yes, sir.

Q. And of course you didn't know anything about these women, whether they kept sporting houses or not?

A. No, sir.

Q. And you could tell by their appearance?

A. Well, you might tell a good bit, but you can believe the other way.

Q. You couldn't tell by their appearance?

A. As long as a person don't do any business with them you can't prove it.

Q. I am not asking whether you can prove it or not, that burd n may be on me; I want to ask you whether you could tell from their appearance whether they were sporting women or not, can't you answer that question yes or no?

A. That's a hard question to answer.

#### CROSS EXAMINATION BY MR. MARSHALL:

Q. You say that you held the trade for three weeks; I believe Mr. Rodgers said Porter and Edwards, but wasn't it Porter's trade that you held for three weeks?

A. It was both of them.

Q. How do you know Mr. Edwards had any interest in that business?

A. When Mr. Porter was in New York at one time me and "Eddie" had a fuss, and "Eddie" said he had more interest in the business than Mr. Porter had himself.

Q. Is that the only way you knew he had an interest in the business?

A. Yes, sir.

Q. That's the only way?

A. Yes, sir.

Q. Then you know that this was Mr. Porter's and Mr. Edwards' business, because Mr. Edwards said to you at one time that he had more interest in the business than Mr. Porter had?

A. Yes, sir.

Q. When you were told to hold this trade, Mr. Porter was the one that told you to hold that trade?

A. Yes, sir, and Mr. Edwards was there.

Q. Didn't you testify here in your examination in chief that Mr. Edwards wasn't there?

A. I got money off Edwards and Porter both, I got \$500.

Q. Didn't you swear you got that \$500 from Mr. Porter?

A. I got it off both of them. Mr. Porter gave me the first money, and when Porter wasn't there "Eddie" gave me the balance, I didn't get all the \$500 at one time.

Q. Didn't you testify, in your examination in chief, that the \$500 was given to you by Mr. Porter alone?

A. He asked me about Porter and Edwards, and I said I got the \$500.

Q. From whom, didn't you say Porter?

A. Not all of it, Mr. Edwards gave me some of it.

Q. Didn't you say, "I paid it back to Mr. Porter"?

A. I paid all of it back to Mr. Porter.

Q. And Edwards never asked you about any of the profits?

A. No, sir.

Q. The only thing Edwards did say was to quit selling beer without a license?

A. Mr. Edwards didn't tell me that, Edwards and Porter was both there.

A. Yes, sir.

A. He always collected and retched the money in.

Q. Did you see him bring it in?

A. Yes, sir.

Q. Didn't you work in the cellar?

A. No, I worked upstairs.

Q. You saw him bring money in and put it in the safe?

A. I saw him counting it out, how much money was taken from a Club, or things like that, or anything, "Eddie" counted it out.

Q. You spoke about people getting "pinched" and coming and asking for Edwards?

A. Yes, sir.

Q. And Edwards got them out?

A. Yes, sir.

Q. Can you give us the names of any persons he ever got out?

A. I don't know the names, but I know the numbers. I wasn't on the wagon long enough, but the old driver will tell you the names, if you get Schwartz here, he can tell.

Q. You don't know?

A. No, I just went by the numbers.

Q. You say there was a woman named Fern; did you say you saw her pay rent to Edwards?

A. I didn't say that; I said that she said, when I went to collect my own bill, she said she paid Edwards the bill and couldn't pay me, and I had to wait for mine.

Q. She had paid Mr. Edwards a bill?

A. Yes, sir, the rent, and I had to wait for mine.

Q. That's what the woman told you?

A. Yes, sir.

Q. You didn't see Edwards get money from this woman?

A. No, sir.

Q. And Edwards never told you he got money from her?

A. No, I didn't say he did.

Q. About Ada Mathews, you say you saw her fine taken from the safe, and he took it and got her out?

A. I didn't say she took it, I didn't say that.

Q. That he took it up and got her out?

A. He didn't take it up, he took it out and Billy Robinson took it up.

Q. You don't know what was done with the money do you?

A. I certainly do.

Q. Did you see what was done with it?

A. I was there, because I went along with Billy when she paid the money back, I was just putting in my beer.

Q. About watching this house, you only know that this man told you that he had been sent to watch these houses on Ross street, don't you, you don't know who sent him?

A. No, I didn't say who sent him there, I said I went. He said "Eddie" sent him there.

Q. You don't know who sent him there?

A. No, I didn't hear him, but he said "Eddie" sent him.

Q. That's all you know about it?

A. Yes, sir.

Q. Mr. Rodgers asked you this question: "How long was it until Edwards put a woman back in that house?" Do

you know who put a woman in that house afterwards?

A. Not that I seen; I said about three weeks afterwards the house was rented.

Q. It was vacant when you were up there watching it?

A. Yes, sir, nobody in it.

Q. You don't know who put any woman in that house afterwards?

A. No, sir.

Q. With the house for which Mr. Porter had a license?

A. Yes, sir.

Q. And you presumed that it was Edwards and Porter, because Edwards told you at one time, when Porter was in New York, he had a larger interest than Porter?

A. Yes, sir.

Q. Who was present when he told you that?

A. I couldn't say who was present.

Q. Was there any person else in the room?

A. There was nobody down there at that time.

Q. No one at all?

A. No, except the bottle washer.

A. When he got refused a license.

Q. You were never again in his employ?

A. Not in his, I couldn't go in his employ when he got refused.

Q. That was in 1903, was it?

A. I think it was 1904.

Q. Anyhow it was the year he was refused a license?

A. Yes, sir.

Q. You only remained in his employ two or three weeks after he was refused a license?

A. That's when he was alone, I was there until he was refused; the place was held over, and then he was refused.

Q. How long did you remain after he was refused, or did you remain at all?

A. I didn't remain at all until after Mr. Sweeney got a license, and then I went with Mr. Sweeney.

Q. How many rooms did you have in that house?

A. Nine.

Q. Including the kitchen?

A. Yes, sir.

Q. And no separate bath room?

A. No, sir.

Q. And there was a controversy about you staying on in that property?

A. Well, that was on account of the property going to be sold.

Q. There was a controversy about you staying on, on account of the property going to be sold?

A. Yes, sir.

Q. The property wasn't sold?

A. I don't remember.

Q. Well, you know you remained there?

A. Yes, sir; but I think the property was sold.

Q. And you had a talk with Mr. Edwards about that sale, and he said to you it was lucky that they didn't make you pay \$200 more?

A. I don't remember him passing a remark of that kind.

Q. What remark did he pass?

A. I don't know.

Q. On that subject?

A. He told me to wait and see I believe.

Q. He told you to wait and see?

A. Yes, sir.

Q. How long had you been in there when he told you that?

A. A year or two, I don't know.

Q. How did you come to ask him anything about it?

A. Because he signed the lease for me.

Q. That is Edward J. Edwards signed this lease?

A. About two squares.

Q. How did you pay your bills, your bills for beer?

A. It being the handiest place there, that's all.

Q. You being between Wood and Ross streets, didn't you understand that you were expected to buy your beer from Porter and Edwards?

A. No, sir.

Q. And didn't you swear, when you were examined in the Public Safety Building, when you were asked from whom you bought your beer, and you said Porter and Edwards, and then this question: "That is the understanding?" and you said, "It has not been told me, but I thought it was expected of me, did you testify you thought it was expected of you, that you would buy your beer from Porter and Edwards?"

A. Yes, sir.

Q. And so you carried out that expectation, and you bought all your beer while you were there, from Porter and Edwards?

A. Yes, sir.

#### Cross Examination.

By Mr. Marshall:

Q. You bought your beer from Mr. Porter, didn't you?

A. Yes, sir.

Q. Not Porter and Edwards?

A. No, Edwards had nothing at all to do with it that I know of.

Q. You went by yourself?

A. Yes, sir.

Q. Was the lease signed when you got down there?

A. Yes, sir.

Q. Already signed?

A. Yes, sir.

A. I don't know who signed it, it was signed when it was given to me, I don't know anything about who signed it.

Q. You were given a signed lease for 407 Second avenue?

A. Yes, sir.

Q. Who handed you that lease?

A. That I couldn't say, one of the boys in the office.

Q. You lived there four years you say?

A. I may be mistaken.

Q. Didn't you live there four years?

A. Yes, sir.

Q. You are sure about that?

A. Yes, sir.

Q. Then it must have been 1902, because you left there the first of April, 1906?

A. Yes, sir.

Q. That's right, isn't it?

A. Yes, sir.

Q. And you never had any business with Mr. Edwards from about the first of April, 1902, from that time on?

#### Re-Direct Examination.

By Mr. Rodgers:

Q. How did you come to go down to the Real estate office to meet Mr. Edwards?

A. I didn't go there to meet Mr. Edwards.

Q. You found Mr. Edwards there?

 A. No, it was one of the boys in the office.  
 Q. Your bargain was with Mr. Edwards, was it?  
 A. Yes, sir.  
 Q. And the bargain was \$75 a month and the cash payment to Mr. Edwards of \$500?  
 A. Yes, sir.  
 Q. And you paid that \$500?  
 A. Yes, sir.  
 Q. Leaving it at the Porter liquor store?  
 A. Yes, sir.  
 Q. For Mr. Edwards?  
 A. Yes, sir.

EDWARD J. EDWARDS called for cross examination:

Mr. Marshall:

Mr. Edwards refuses to be cross examined, in that he is on trial on a criminal charge at the present time, and in addition to that there is a criminal charge pending against him, and if this investigation is simply to get evidence for a criminal suit, they can proceed in some other way; we refuse.  
 Mr. Rodgers:

The first answer to the statement of the gentleman from the other side, is that he has no right to refuse to allow his client to testify. If the client has a privilege at all, it is a personal privilege, and he can put himself on the record on his counsel and he can say that he declined to testify, and then we might proceed against him for refusal to testify. In the second place it makes no difference whether there is a prosecution against this man or not. If he is an innocent man he wants this opportunity to come before the members of this Council, and show his innocence; the truth cannot hurt him or anybody else.

I call Edward J. Edwards for cross examination.

(At this point Edward J. Edwards arose from his chair.)

Mr. Marshall to Mr. Edwards:

Sit where you are.

Chairman Walters:

Does Mr. Edwards decline?

Mr. Edwards:

My counsel has answered for me I think.

Chairman Walters:

I thought that was the object of this investigation, to present your side.

Mr. Marshall:

We will present our side at the proper time. The Constitution of the United

States of America has provided that no man shall be compelled to accuse himself, nor can he be called as a witness. The State of Pennsylvania not only provides that he shall not be called as a witness, but absolutely says that the counsel for the Commonwealth shall not mention the fact that he does not appear and testify. This is a criminal prosecution at present, a criminal prosecution against Mr. Edwards, and Mr. Rodgers, as one of the oldest and one of the best known lawyers at the Pittsburg bar, knows that is he had been in court that he would have no right there to mention the fact that Mr. Edwards does not appear in his own defense. If Mr. Edwards counsel sees fit, or he sees fit, and thinks a case has been made out against him, he will go on the stand at the proper time; if he does not so see fit, he will not go on the stand, and he has the privilege of going or not going on the stand as he sees fit.  
 President Walters:

What is his desire at the present time?

Mr. Marshall:

He refuses to go on the stand.

Mr. Rodgers:

Mr. Marshall is a gentleman learned in the law, and a gentleman for whom I have a good deal of respect. I make that as a preliminary statement, because my learned friend is confused as to what this proceeding is. He says it is a criminal prosecution. Why certainly it is not a criminal proceeding, it is an investigation by this Council of one of its members. There is no criminal charge involved here at all, but the inquiry is whether he shall be expelled from this Council or not, and that is all the penalty that follows. Now he says that no man is bound to accuse himself. I didn't suppose that this gentleman would accuse himself, I supposed that he wanted the opportunity to go before his brethren and tell his story to them, and I have made the proposition, satisfied that it is good in law, and I made it in perfect good faith.

Mr. Rodgers to Mr. Edwards:

Mr. Edwards, why do you decline to testify in this case?

Mr. Marshall:

Let him alone.

Mr. Rodgers:

I will not; why do you decline to testify in this case?

Mr. Edwards does not answer.

Mr. Rodgers:

Do you know why you decline?

Mr. Edwards does not answer.

Mr. Rodgers:

Mr. Edwards, do you know why you decline?

Mr. Edwards does not answer.

Mr. Rodgers:

Well, then you do not know.

Mr. Edwards:

I didn't say I didn't know.

Mr. Rodgers:

Well, do you know?

Mr. Edwards does not answer.

Mr. Marshall:

Mr. Rodgers is, for some reason, making a speech, and I ask you to listen to these charges and then say whether we are not here on a criminal charge.

"First. That he has been guilty of certain acts contrary to the law and public decency.

Second. That he has aided and abetted in the creation and maintenance of houses known as bawdy houses or houses of prostitution."

If that is not a criminal charge, I don't know what a criminal charge is. I don't suppose Mr. Rodgers, being connected with the city, thinks it is, for I understand they still thrive.

"Third. That he was a party to the perjury of one Charles F. Porter, now deceased, relative to the granting of a wholesale license to the said Porter."

"Fourth. That he sold liquor illegally and without a license."

He is here to answer that.

"Fifth. That he sold liquor illegally and without a license to keepers of disorderly houses, knowing that the said houses were used for purposes contrary to the laws of this Commonwealth."

Another criminal charge against this man.

"Sixth. That he was guilty of such corrupt practices and offenses against the public decency and welfare as to render him wholly unfit to sit as a member of your honorable body."

All I have to say is that this Councilmanic proceeding on these charges shows the fallacy of the whole thing. If they had preferred the proper charges they might properly have called Mr. Edwards, but this is simply an investigation to proceed against him up in that place on the hill.

Mr. Rodgers:

I have no connection whatever with any prosecution of Mr. Edwards on the hill, or elsewhere. I had nothing to do with the preparation of these charges. I am here as a city officer, and I am here because I am directed by this Council to be here, and to conduct this prosecution, and I am desirous, so far as I am concerned, to do my duty as well as I know how.

Mr. Marshall:

Mr. Rodgers, a minute ago, called it a prosecution himself, just in his statement there.

Mr. Rodgers:

Certainly I did, it is a prosecution under the language of the Ordinance.

Mr. Marshall:

A minute ago you said it wasn't, you said it was an investigation a minute ago.

Mr. Rodgers:

Mr. Chairman, I ask you for a ruling, and I call on Edward J. Edwards and insist that he be sworn.

Mr. Marshall:

Mr. Edward J. Edwards refuses at the present time to be sworn in this case, in that he is advised by his counsel that the prosecution in this case have no right to call him as a witness.

Chairman Walters:

Does Mr. Edwards intend to take the stand at all in his own behalf?

Mr. Marshall:

That doesn't make any difference.

Chairman Walters:

I am asking for information.

Mr. Marshall:

That depends on whether or not any charges are made out against Mr. Edwards, in the opinion of his counsel. Counsel never determine those matters until after the case of the prosecution is in, I am only one of his counsel, he has two others here, Mr. Haymaker and Judge Stowe, and we will determine that later.

Chairman Walters:

The Investigating Committee, appointed by Councils, has found sufficient grounds to try Mr. Edwards, and these hearings are for the sole purpose of allowing Mr. Edwards to present his side. Our sympathy is entirely with Mr. Edwards, and I know I am voicing the sentiment of all members of Council when I say that they would be pleased to hear Mr. Edwards' side of this question, so they can judge him fairly and justly. If he does not intend to take the stand at all I would have to rule against him; if he will subsequently take the stand we will not rule against him.

Mr. Marshall:

We will answer that question when the other side get through with their case.

Mr. Rodgers:

Then I understand Mr. Edwards is not required to appear and testify in obedience to my request and demand that he do appear and testify?

Chairman Walters:

I feel that he is, but feel at the same time, as a member, we can grant him any possible stay in taking the stand.

Objected to as hearsay.

Objection sustained.

By Mr. Rodgers:

Without asking as to the conversation, I want to ask as to whether she met and had a talk with Mabel Williams, I will not ask for the conversation.

Q. Did you see Mabel Williams after this day when you signed this paper?

Objected to as irrelevant to the question at issue, whether she met Mabel Williams or not.

Objection overruled.

L. S. LEVIN, sworn,

Examination by Mr. Rodgers.

Q. You are a member of the Bar?

A. Yes, sir.

Q. And you know Edward J. Edwards, do you?

A. Yes, sir.

Q. I wish you would state if, on a certain occasion, Mabel Williams called on you?

A. Yes, sir, she did.

Q. Will you tell us the date when she called on you, or about the date?

A. I can't give you the exact date, but I can approximately, it was about three years ago.

Q. And will you tell us the circumstances under which she called on you?

A. Yes, sir; about three years ago,—I fix the time because at that time Director Moore was investigating conditions in the lower part of the city,—I can't tell you exactly what month or what time. About three years ago a woman came to my office and said that her name was Mabel Williams. I had never seen her before, and she said she had been sent to me by Director Moore and by Mayor Hays.

Mr. Marshall:

Q. Was Mr. Edwards present?

Mr. Rodgers:

We'll fix that in a minute, Mr. Edwards got there before long.

Mr. Marshall:

Q. Was Mr. Edwards present?

A. Not at that time.

Mr. Marshall:

We object to any conversation that took place between Mr. Levin and Miss Williams, unless Mr. Edwards was present.

Mr. Rodgers:

I will directly connect Mr. Edwards with the conversation between Mabel Williams and Mr. Levin.

Objected to.

Objection overruled.

Q. Go on.

A. I asked her what the purpose of her visit was to me, and she said that she had complained to Mayor Hays and Director Moore, probably ten or fifteen minutes prior to her calling to see me, about some apparent overcharge that Mr. Edwards had made on a house that he had sold to her. As I recall the statement, I believe that she said she paid \$3000 or \$4000 for the house, I don't exactly remember the price, and that she paid a certain amount cash, and that she was to pay the balance in weekly installments.

Q. Let me interrupt you; to whom did she say she paid that money?

Mr. Marshall:

We object, you see where this is going. If some person would go down

street and say they paid a certain amount of money to you, would they have a right to introduce it against you? What some person says to another person affecting another is not evidence; why don't they bring her here?

Mr. Rodgers:

You know why I don't bring her here—no you don't,—I withdraw that remark.

Mr. Marshall:

They are trying to introduce hearsay evidence, and I do not think it is right, but I have to submit to whatever your ruling is in this matter.

Chairman Walters:

We will not permit hearsay.

Mr. Rodgers:

Q. From whom did she say she had bought this furniture?

A. She said she bought it from Mr. Edwards.

Q. From Mr. Edwards, J. Edwards?

A. Yes, sir.

Q. Did she tell you how much she had agreed to pay Mr. Edward J. Edwards for this furniture?

A. She did.

Q. Was the sum \$4000?

A. If I remember it right, it was, but I couldn't be positive on that.

Q. Did she state that she had paid him the \$4000, or was there a balance still due?

A. There was a balance due.

Q. What, if anything, did she say with respect to that balance, and Mr. Edwards' connection with that balance?

A. Well, she said that she had been unable to pay the weekly installments, and her house had been closed by the authorities at that time, and she had fallen behind, and she said she had been threatened, I believe, with eviction proceedings, or was going to be put out.

Q. Eviction proceedings by whom?

A. By Mr. Edwards, and that was the reason Director Moore sent her to me.

Q. Well, did you understand where this house was?

A. I don't exactly remember where it was, I know she said it was in the lower part of the town some where, I don't recall the address.

Q. What did you do then?

A. Then I went to the telephone and called up Director Moore, to find out if she had really been sent by him, I had never seen her before, and Director Moore came to the phone and said he had sent the woman to me, and that he wanted, as the representative of the Police Department, to see that she was not evicted. I said if that was his wish all right, and he said it was his wish and the Mayor's in the matter, that I would see she wasn't evicted.

Q. Then what did you do?

A. I told her she needn't worry, that before she could be evicted there would

have to be some sort of legal process or summons served on her, and when it was, to come and see me.

Q. What, if anything, did you do with respect to calling the attention of Edward J. Edwards to this complaint?

A. Mabel Williams herself stated at that time that she didn't want to go into court with Edwards, she wanted to know if I couldn't send for him. I said if she preferred to have me do that I would, and I believe I telephoned for Mr. Edwards to the liquor store at the corner of Second avenue and Ross, or First avenue, it is only two squares from my office, and he came probably within five minutes after I telephoned.

Q. Did Mabel Williams remain?

A. Yes, sir, she did.

Q. In your office?

A. Yes, sir.

Q. Then Edwards came,—now tell what you said to Mr. Edward J. Edwards.

A. Miss Mabel Williams was seated in the outer office, my private office is in the rear part of the building and the reception office in the fore part. I had a client in the private office, and when I was informed that Edwards was there, I excused the client and asked Mabel Williams and Edwards to come into the private office.

Q. What did you say, if anything, to Edward J. Edwards on that occasion?

A. I told him that this woman had been sent to me by Director Moore and by Mayor Hays, that she had been summoned there to their investigation at that time, and that she had complained to them that he had charged her a certain price for a house, and that she had fallen behind in her payments, and that he wanted to evict her. I said if that was the case that the Department would not allow it, and that I would be bound to protect her, and advised him not to evict her.

Q. What did Mr. Edward J. Edwards say then, if he said anything.

A. He said, "Leave that to us, we'll arrange things satisfactorily."

Q. What took place next?

A. I said, "If you can do that, all right." They walked out in my outer office.

Q. That is Edward J. Edwards and Mabel Williams?

A. Yes, sir, Edward J. Edwards and Mabel Williams walked out into the outer office, and I resumed my regular business by calling the client in that was in waiting. I don't recollect who was there, but I remember that much of it. Probably five or ten minutes had elapsed when there was a knock at the door, and Edwards was there, and I came out and Mabel Williams said to me that everything had been arranged satisfactory. So I said to her in reply that if everything had been arranged satisfactory, she had better go back to Director Moore and report on what conditions and what terms she had arranged matters with Mr. Edwards, and she said that she would, and

they both left my office together, and I never saw Mabel Williams from that day to this, and I don't know whether I would know her if I saw her again.

Q. This conversation you had with Mabel Williams, when she told you everything had been arranged between Edwards and herself, was that conversation in the presence and in the hearing of Mr. E. J. Edwards?

A. They were both together, sure.

Q. Mr. Levin, I hand you a paper marked Exhibit 2, and ask you if that will aid you in fixing the date at which Miss Williams and Edwards were at your office.

A. No, it will not.

Q. And I hand you Exhibit No. 3, and ask you if that aids you in fixing the precise date of this interview?

A. No, it will not.

Q. Were either of these papers, either Exhibit 2 or Exhibit 3, prepared by you or in your office?

A. No, neither of these papers was prepared in my office, with my knowledge at least; if they were prepared in my office, they were prepared unknown to me, and I probably would have had knowledge of the fact if they were prepared there.

#### Cross Examination

By Mr. Marshall:

Q. You didn't know this Mabel Williams?

A. I never saw Mabel Williams until that day, and I have never seen her since, at least I wouldn't know her if I seen her, I may have passed her on the street.

Q. You wouldn't know her if you saw her to-day?

A. No, sir.

THOMAS A. McQUAIDE, sworn,

#### Examination by Mr. Rodgers.

Q. Mr. McQuaide, it has been stated here by Mr. Marshall, that it is announced in the public papers that you can't find Mabel Williams, is that correct announcement.

A. Well, I never read in the paper any announcement.

Q. Have you hunted for her?

A. Yes, sir.

Q. Do you know Mabel Williams?

A. I have known her for a couple of months.

Q. Have you had your officers searching for her?

A. Yes, sir.

Q. How many men have you had?

A. I have had some fifteen or eighteen men looking for her.

Q. Were you informed as to whether she had left town?

A. Yes, sir.

Q. Were you informed as to when she left town?

A. Within four or five days.

Q. Were you informed as to where she had gone?

A. I heard she had gone to Toledo, and I heard she had gone to Cleveland, and I heard she had gone to Virginia, and I had letters sent on to the authorities there trying to locate her.

Q. And have you located her?

A. No, sir.

No cross examination.

Mr. Rodgers:

We offer in evidence Exhibit No. 1, identified by May Johnston, as follows: "Know all men by these presents that I, May Johnston, have this day sold, assigned, transferred and set over unto Mabel Williams all the household goods, furniture, etc., now on premises No. 22 Cherry alley, Pittsburg, Pa., together with the transfer of the lease of said premises, for and in consideration of the sum of \$400 cash, in hand paid, the receipt of which is acknowledged, said second named party to have immediate possession.

Witness my hand and seal at Pittsburg, this 2nd of February, 1903,

(Signed) May Johnston."

Mr. Rodgers:

I close the case as respects Mr. Edward J. Edwards.

Mr. Marshal:

Mr. Chairman, in view of the fact that the counsel for Mr. Edwards believe that no case, as charged against him, has been made out, we do not offer any evidence.

Mr. Rodgers:

You will observe, Mr. Chairman, that Mr. Edwards was excused, when he was called for cross examination, upon the understanding I believe that you had, and I had, that he would testify; that was the distinct understanding of the reasons for his excuse. And now I repeat my demand to call Mr. Edward J. Edwards for cross examination.

Mr. Marshal:

As I understand, the case for the prosecution has been closed. I stated distinctly that the counsel for the defendant would determine, when the case of the prosecution was closed, whether or no they would put Mr. Edwards on the stand. I don't know what this is, whether fire works, or what it is, demanding this man to appear time and again, when Mr. Rodgers knows that in criminal cases, and in civil cases, where fraud is charged, they cannot produce him; cross examination. That is known by every lawyer at the Bar, and it would be an insult to the intelligence of that lawyer to say he didn't know it, and is not right to prejudice this Council against Edwards by continually demanding something that Mr. Rodgers knows he has no right to.

#### Argument of Mr. Rodgers:

After a few preliminary remarks, Mr. Rodgers said: "I read to you your third charge, 'That he was a party to the per-

jury of one, Charles E. Porter, now deceased, relative to the granting of a wholesale liquor license to the said Porter. In support of the claim I have presented to you a Bill in Equity, filed by the mother and the administrator of Charles E. Porter against Mr. Edward J. Edwards. In this Bill in Equity she alleges that Edward J. Edwards was a partner with Charles E. Porter, her son, in the wholesale liquor business, conducted on Second avenue and Grant street, and First avenue and Grant street, Second ward of the city of Pittsburgh. And the Bill goes on to say that there was an adjustment of the partnership affairs between herself as administratrix, and Edward J. Edwards, and that she was old, and was a widow, and that she had to rely upon Edward J. Edwards for information with respect to the business of that firm, and that he imposed upon her, and effected a settlement in her for the interest of her son at a less price than she should have had, that he paid a less price than she was entitled to claim from him under a fair adjustment of these books. The important matter in this Equity case is the Answer of Edward J. Edwards, in which, under oath, he admits the allegations of Mrs. Porter that he was a partner with Charles E. Porter in this wholesale liquor business. And you will recall the testimony of Mr. Pohl, that he was concerned in that business. I beg to say to you you have the uncontradicted evidence of Mr. Pohl that Edward J. Edwards was interested in this business from the very day that Porter first opened, under a license granted by the Court of Quarter Sessions. The point that I am now calling your attention to is this, that Edward J. Edwards was a party to the perjury of one Charles E. Porter, now deceased, relative to the granting of a wholesale liquor license to said Porter. I put in evidence the application of Charles E. Porter for a wholesale liquor license. The 8th paragraph in that petition, filed in the Court of Quarter Sessions, is this: "That your petitioner is the only person in any manner pecuniarily interested in the business so asked to be licensed, and that no other person shall be in any manner pecuniarily interested therein during the continuance of this lease." And I call your attention to the fact that this petition is not only signed by Charles E. Porter, but is sworn to by Charles E. Porter before John N. Platt, a notary public. And I further call your attention to the fact that Mr. Edward J. Edwards was not ignorant of this proceeding, nor was he ignorant, in point of fact, of this petition and the allegations in the petition, and I am not standing now upon questions of law. Every body is bound to know the provisions of the wholesale liquor law, and this clause that I have read to you is one of the requirements of the Brooks' law, to be sworn to by every man who applies for a liquor license. But, as I said before, I am not standing upon the law, but I call your attention to the fact that Mr. Edward J. Edwards signed this petition himself, as one of the signers required by law. And

Mr. Edward J. Edwards signed his name "Ed. J. Edwards, 532 Second avenue," and he signed it to a certificate in this form: "That the undersigned, qualified electors of the county of Allegheny do hereby certify that we are acquainted with Charles E. Porter, and that we have good reason to believe that each and all the statements contained in his petition are true," mark you, "that each and all the statements contained in this petition are true," and Edward J. Edwards signed that paper. When Edward J. Edwards signed that paper, in my judgment he had full knowledge not only of the law but of the fact, and when I produce this piece of paper before you, I submit to you that in my humble way I have tried, and I have established the third charge that you have prepared and required me to support as far as I could; that I have aided you, and that I have established the third charge that you made, namely, that Edward J. Edwards was a party to the admitted perjury of Charles E. Porter.

Another charge that you prepared and submitted to me, for the purpose of doing the best that I could fairly to present the evidence to you, was "That he has aided and abetted in the creation and maintenance of houses known as bawdy houses or houses of prostitution." Mrs. Lou Crawford was a witness before you tonight, and she is an uncontradicted witness. Mr. Edward J. Edwards, by his silence, admits the truth of every word that is testified to by any witness, and I think that that is conclusive upon your judgment when you come to pass upon your charge that you have formulated against this man, namely that he has aided and abetted in the creation and maintenance of houses known as bawdy houses, or houses of prostitution. Lou Crawford lived somewhere, and there was a house, No. 407 Second avenue, that was occupied years ago, by a decent respectable man, as a boarding house. Bailey owned the house, and Bailey rented this house, and the lease was made out in the name of W. C. Edwards,—who he was God only knows—Mr. Edward J. Edwards ought to know, but we don't hear from him. This same decent man was occupying this house, No. 407 Second avenue, and he was paying \$58 a month rent, and Lou Crawford, a woman of the town, comes along and she makes her bargain with Mr. Edward J. Edwards, and she agrees with Mr. Edward J. Edwards that she will pay \$75 a month, and pay to Mr. Edward J. Edwards cash down a bonus of \$500. So she went in, she established a bawdy house, and she maintained a bawdy house from that day to this; she was put into that business, and enabled to carry on a bawdy house there because she agreed with Edward J. Edwards that she would pay him the difference between \$58 and \$75 a month, and put into his pocket a bonus of \$500. Did any of you ever hear of any decent man or woman wanting to get a house in Second avenue, and paying that increased rent with a bonus of \$500. You know that that establishes the charge that you directed me

to prosecute this man upon. Well, there was a woman named May Johnston, and she testified before you tonight, and her testimony stands absolutely uncontradicted, with the seal upon it of the approval of Mr. Edward J. Edwards, because it had not been the truth, the whole truth, and nothing but the truth, Edward J. Edwards was here to answer for himself. May Johnston was carrying on a bawdy house at 22 Cherry alley, and she had been carrying it on for some years. She wanted to move. Edward J. Edwards and Mr. D. Canter, the man that testified here last night, came to her, went up to one of her bed rooms on the second floor and met her there, and they had with them, or else wrote then and there a paper whereby May Johnston agreed to sell the furniture of the little shack on Cherry alley, six rooms and an attic, to Mabel Williams for the sum of \$4000. Edward J. Edwards and Mr. D. Canter, sitting in her second story room, presented to her this paper purporting to be a bill of sale to Mabel Williams for the sum of \$4000, and she signed it without reading it, and Mr. Edward J. Edwards and Mr. D. Canter then and there paid her the sum of \$1,900. \$1,900 from—\$4000,—where did the balance go? She got \$1900, and the bill of sale was \$4000. She signed the bill of sale and Mabel Williams got the goods. Who got the balance? It wasn't long until this thing developed, and Edward J. Edwards, singly and alone, turned up as the creditor of Mabel Williams for \$4000. I suppose that Edward J. Edwards himself furnished the \$1900 that was paid at that time, and that was the reason he was a creditor of Mabel Williams for the sum of \$4000, which is the amount mentioned here. Let that be as it may, it was not long until Mabel Williams' house was closed by the police, she couldn't make any more of these monthly installments to hand over to Edward J. Edwards, she couldn't make the money. Oh, gentlemen, how did she make that money. How did she make it? Men,—men of Pittsburg,—how did she make that money, those weekly payments, where did she get the money? You know. Now I'm talking about your charge. So it went on, and the poor woman, out of the wages of her sin, and the sins of the poor girls, the children of the poor, out of the wages of that sin, after the wages of the sin had ceased, Edward J. Edwards was not satisfied. He would not draw his hand away from that woman, and so he hounded her, and he said he would evict her and throw her out, throw her out on the street. Well, she went to the Police Department, and she was told by Harry Moore and Mayor Hays that they would not stand for the abuse and the wronging of that woman. So she went to the gentleman who was in charge of the police department, and she told her story, and he sent right then and there for Edward J. Edwards, and he said to him: "This woman says that you are trying to do her a wrong, you are trying to evict her, and the authorities of the city will not stand for that." What did Edward J. Edwards say? Did he say, "My dear boy

it is not me, I have nothing to do with this woman, I am not trying to live upon the wages of her sin." No, but he says, "I'll fix it up with this woman," and so in the office of Mr. Levin they go into an adjoining room, and after a conference there they both come out and Mabel Williams says, "I have arranged these things with Mr. Edwards to my satisfaction," and then they went away. Is that aiding and abetting in the creation and maintenance of a bawdy house or house of prostitution? Isn't every man here, and I wish you would look at him, isn't every man here convinced that Edward J. Edwards was the man, or one of the men, that expected to reap a harvest from Mabel Williams. Isn't every man convinced that he was a party to putting Mabel Williams in and continuing her as a keeper of a bawdy house? Not one of you doubts the truth of what I have said, and therefore the charge that you have given me, and that I have tried to do the best I can to support, is established by Lou Crawford, by May Johnston, and the Mabel Williams transaction, namely, that he has aided and abetted in the creation and maintenance of houses known as bawdy houses, or houses of prostitution.

Another charge is that he sold liquor illegally and without a license. You will recollect the foundation for that charge, and that is that he was interested in the wholesale liquor business with Charles E. Porter, and you do not need to bother yourselves about that, because he swore to it himself. Charles E. Porter's license expired. The court held up that application after the first of May, and there was a period of three months, or maybe less than that, maybe two or three weeks, the witness said at one time two or three months, and then at another time he said two or three weeks, but let us call it two or three weeks, there was a period of two or three weeks during which Pohl was there for the purpose of holding this trade of Porter and Edwards. Porter and Edwards hadn't any license; Pohl hadn't any license; Edwards and Porter gave Pohl the money to go and sell liquor without a license during that period, and nobody can tell me that that was money furnished by Porter, because Pohl said upon cross examination that the money that he got, \$500, some of it was given to him directly by Porter, and some of it was given to him directly by Edwards. Therefore I say that this charge is sustained.

Now then, gentlemen, you have been very kind to me, and you have listened to me with patience at any rate, and I ought not to trespass upon your time, excepting to say now that the remaining charges are these: "That he has been guilty of certain acts contrary to the law and public decency." Contrary to the law, aiding and abetting in the sale of liquor without a license; contrary to public decency in aiding and abetting in the maintenance of bawdy houses and houses of sin in the Second ward. Furthermore, That he was guilty of such corrupt

practices and offenses against the public decency and welfare as to render him wholly unfit to sit as a member of your honorable body." These are your charges. I have done my duty, I think you will all say, and I submit this case to your judgment."

And on the question, "Shall **Edward J. Edwards** be adjudged guilty and be expelled from this Council?"

The ayes and noes were taken agreeably to law, and were:

A. Yes, sir.

Q. And in that line did you have any meeting or interview with Mr. P. A. Manion?

A. Yes, sir.

Q. Well, how did that come around?

A. Well, I expressed a desire of getting out of the neighborhood, the neighborhood was not just what I would like to be in.

Q. The neighborhood was filled with disorderly houses, was it?

A. It was very undesirable, my house was the only respectable house in the square at the time, and I made it known that I wanted to get out of there, and it became known in general, and I got

an offer for my place of \$1,700. I went to see Squire Toole, to see if he would transfer the lease, and he said no he wouldn't, but I might see Mrs. McTighe if I wished. I went to see her, and she refused. She said she wouldn't transfer the lease. Then I quit thinking about it, I thought it was all off for the time and didn't consider any more about it. In the fall, I believe January some time, Mr. Manion came to me.

Q. Mr. P. A. Manion?

A. Yes, sir, he came to me and said he understood I wanted to sell there. I told him I thought of it, but Mrs. McTighe refused to transfer the lease. He said that he had succeeded in getting Mrs. McTighe to change her mind.

Q. Had you understood from Mrs. McTighe that there was any question in her mind about the tenant that would go in there?

Mr. Goehring:

It is not a question of what she understood, but what Mrs. McTighe said to her.

Mr. Rodgers:

What did Mrs. McTighe say to you?

A. She said she wouldn't transfer the lease, that she didn't want her place rented for a disorderly house.

Q. Mrs. McTighe said she didn't want her place rented for a disorderly house?

A. Yes, sir.

Q. When Mr. P. A. Manion came to you did you tell him what Mrs. McTighe said?

A. Yes, sir, and he said he had succeeded in getting her to change her mind.

Q. He had succeeded in getting her to change her mind?

A. Yes, sir.

Q. What then did you say to Manion or what took place after that?

A. He asked me what I wanted for it, what I would take, and I told him, on the impulse of the moment, \$1200.

Q. \$1200?

A. Yes, sir.

Q. What happened next?

A. He said he would see what he could do. He went away and came back in a short time, and said it was all right, that he had got a buyer?

Q. He had got a buyer?

A. Yes, sir, and I, in the meantime, had changed my mind about taking \$1200, there was more than \$1200 worth of furniture in the house, and it wouldn't justify me taking that, and I said I wouldn't take it. He said what would I take and I said \$1500. He said I would have to take \$1200 because I said \$1200. I said I wouldn't take it because it wouldn't justify me. He said why did I say \$1200, and I said he took me unaware of myself, and on the impulse I answered him, but I had reconsidered it and wouldn't take \$1200. He said he

couldn't help it now, as he had seen the party and it was so. I said no my furniture wasn't sold, it couldn't be. He said, "Well, I have said \$1200," and he said I would have to take it. I asked him who he was dealing with, and he said Mr. Edwards?

Q. What Mr. Edwards?

A. E. J. Edwards.

Q. Dealing with Mr. E. J. Edwards for the lease of a house on Second avenue?

A. Yes, sir; I said to have Mr. Edwards come and see me, I could get \$1500 for the house myself, and why would he make me, in fact compel me to sell for \$1200 when I knew I could get \$1500? He said the house would have to be sold through Mr. Edwards or it wouldn't be sold at all he would put Chinese in there.

Q. He said the house would have to be sold through Mr. Edwards or it wouldn't be sold at all?

A. Yes, sir. So I asked him, to send Mr. Edwards to me, and he did.

Q. Well, did Mr. Edwards come to you?

A. Yes, sir, Mr. Edwards came to see me, and he said, he asked how soon I could give the place up provided he could get me \$1500. I told him I wouldn't give it up until after the election.

Q. What did Edwards say to that?

A. He said by me giving the house up sooner, it may be an inducement to the woman who was buying it to come up from \$1200 to \$1500, if she got the house a couple of months sooner. I told him I couldn't do it, there was twelve men in the house, and by moving out it would disfranchise their votes, and he said the men could come there and vote if they wished. I said no, there was men in the house who wouldn't do that. So Mr. Edwards finally said he could get me \$1500 for it, and I told him he could have it. I sent for him later after I had secured another house, and he came to see me, and I wanted some money to buy the other place with, and I thought I would ask for \$300.

Q. Whom did you ask?

A. Mr. Edwards; I am not positive about that, about the amount, but I think it was that. He said he would get it, but he went away and didn't come back any more, I didn't see him again, I didn't bother any further about it. Mr. Manion said to me if I got a buyer for the place I should send them to see him. Well, I did get an offer for the house, and didn't send them to Manion, but I sent for him.

Q. What was the offer that you received finally?

A. \$2600. A young man came in one evening and asked me if I would consider \$2600 a fair proposition for the house, and I said I would. As I had never asked only \$1500 I certainly thought that was a good offer. He wanted me to take \$100 check from to

bind the bargain, and I said I couldn't do it as I would have to see Manion to know whether they could have it or not.

Q. Did you get word to Manion about this offer?

A. Yes, sir, I sent for Mr. Manion.

Q. What took place between Manion and you then?

A. Mr. Manion came, and I sent for him a couple of times before he did come, and when he came he told me he had been sick, and that accounted for his not coming right away. I told him I had got a proposition for the house, if it was all right, and he asked me what amount I was getting, and I told him \$2600, and he said that was a great deal of money. I said, "Yes, it is more than I expected to get." He asked me if I had told the woman what rent she was to pay, as he had told me previous to this that any woman coming in there and paying \$125 a month could have a three year lease on the house.

Q. How much had you been paying?

A. \$75; I told him I had, that was all right, and he said, "Well, what am I to get out of this?"

Q. This P. A. Manion said this?

A. Yes, sir.

Q. He said, "What am I to get out of this?"

A. Yes, sir, I said "I didn't know you had to have anything," he said, "Yes, I want \$500." I said, "Why, I think you are asking a whole lot." He said, "That's what I want." I said, "I will give you \$300." He said, "No, you will give me \$500." I considered and thought I had better give him \$500 or he probably wouldn't let me sell, although he didn't say he wouldn't.

Q. Well, did Manion make any inquiry to you who this woman was that had offered the \$2600?

A. Yes, sir, he asked me if I knew her, and I said I had only seen her at one time, and she lived at 512 Third avenue.

Q. Did you tell him her name?

A. Yes, sir, and he said he would go and see. I asked him if he thought she had that amount of money, as it seemed rather strange to me she would make such an offer, or have it made by her representative, and not see the place. He said he would go around and see, and I said perhaps he had better. He went around and came back.

Q. How long was he away?

A. Not more than fifteen minutes at the most, if that long.

Q. What did he say when he came back?

A. He said yes, it was all right, he said he knew her, he made use of a phrase, I think it was that she was a "good old skate," or "good old scout," anyhow he said he knew her.

Q. That is what Mr. Manion said?

A. Yes, sir.

Q. What took place then?

A. Then the woman came there and looked the place over. I rented a house, and sent for her and told her I wanted some money to buy another place, to buy some furniture that was in the place, and she asked me what I wanted, and I said I thought \$200 would do, and she said she would give me \$300, which she did. Then the day I moved Mr. Manion was back, and another time I wasn't there. The woman wasn't positive what day she could give me the money on, there was a difference of a couple of days as to the time she was positive of getting it. He came back that day to see if I got the money, and I wasn't there. The woman came on a Saturday, the last Saturday of March and paid me \$2200, and I laid the \$500 intended for Mr. Manion away, and he came that night about half past seven in the evening.

Q. He came to your house on Second avenue?

A. Yes, sir.

Q. She had given you the money during the day?

A. She had given me the money in the afternoon about four o'clock.

Q. How many hours after that until Manion showed up?

A. I think about half past seven he came, and I admitted him myself and took him to the dining room. He asked me if I had got the money, and I said I had. I went to the box and took the money out and gave it to him and he said, "Is it all here?" I says, "It is as I got it."

Q. You gave it to him in cash, did you?

A. Yes, sir, there was \$500, it had the \$500 band around it as you would get it from the bank. I just laid it in a box as I got it, and I gave it to him, and he counted it there in the room, and he said that that money was as good as gone, as he had bought some pictures down street and it would take that to pay for them. Previous to that, when he asked for the money, he said he wanted to buy a clock for his sister that would cost \$250, that's the remark he made when he first wanted the money.

Q. Well, then he went away?

A. He said he was in a hurry, he had an appointment with Sam Wainwright, and he went away.

Q. As he went away did he make any remark?

A. Yes, sir, he made a remark at the door, and he said he met Edwards down street, and Edwards was cross at him for letting the house go, as they both could have made \$500 apiece out of it; that he left Mr. Edwards under the impression he got nothing out of it.

Q. Did he say he had left Edwards under that impression?

A. Yes, sir, that he had left Edwards under the impression that he had got nothing out of it.

Cross Examination.

By Mr. Goehring:

Q. Mrs. King, you had this house rented for a period of four years, had you?

A. Yes, sir.

Q. You paid \$15 a month during that period?

A. Not all the time, I think when I took that house it was \$60.

Q. It was raised to \$75?

A. Yes, sir.

Q. When was it raised to \$75 from \$60?

A. I think I paid \$75 for two years.

Q. During the time you lived there you kept a respectable house?

A. Yes, sir.

Q. And your husband lived with you of course?

A. Why certainly.

Q. Where did you live before you went to this place?

A. 443 Second avenue.

Q. Did you sell your furniture there?

A. Part of it.

Mr. Rodgers:

This is objected to as not cross examination, but at the same time I don't care, go on.

Q. You sold your former place?

A. Only part of my furniture, things I didn't care to take with me.

Q. What did you get for it?

A. I thing \$500, \$500 or \$600, \$500 I believe.

Q. When did you decide first to sell the last place you were at, 527 Second avenue?

A. I believe in July or August of last year.

Q. July or August of 1905?

A. Yes, sir.

Q. It became generally known, you say, that at that time you wanted to sell that place?

A. Yes, sir.

Q. And this transaction about the \$1,200, when did that take place, this year?

A. I think it was in January.

Q. When did you first put the price on that as \$1,200?

A. When Mr. Manion first came and asked what I would take for it, I think in January.

Q. That was the first time you thought of that price?

A. No, that wasn't the first time I thought of the price, I had a proposition of \$1,700 before that, and I went to see if the lease could be transferred.

Q. How?

A. To give the lease I had to any woman coming in to take the house.

Q. For what purpose?

A. For any purpose she wanted it for.

Q. For any purpose she wanted it?

A. Yes, sir.

Q. Now you say you finally got a proposition of \$2,600?

A. Yes, sir.

Q. Did you send a young man in regard to this, or not?

A. Did I send a young man?

Q. Yes.

A. No, I told you a young man came to me.

Q. What is his name?

A. McManus.

Q. It is not Manion?

A. No, but he is the man that came and asked me what I would take for the place.

Q. And who is Mr. McManus?

A. I don't know.

Q. Did you ever see him before?

A. No, sir.

Q. How did he happen to come to your place?

A. I don't know.

Q. Did you let him in?

A. No, my sister admitted him.

Q. What did you say to McManus when he offered you \$2,600?

A. He asked if that was a fair proposition, and I said I thought it was.

Q. Did you say you thought it was too much for the furniture?

A. No, sir; I didn't.

Q. You didn't?

A. No, sir.

Q. You testified before the Court of Inquiry in this case didn't you?

A. Yes, sir.

Q. Did you testify as follows: "Well, now, you say Mrs. Durstan came to you direct?" "A. Yes, sir; I sent word through this young man that came to me that night, he offered me \$2,600, I didn't ask, he said he understood the interior of the house was for sale. I said it had been, but just for the time I wasn't thinking anything of it. He asked me if I would consider \$2,600 at their offer, and I said I would." "Q. Did he offer you \$2,600 when he first came?" "A. Yes, sir; he didn't ask the price of the house, he didn't ask what I wanted for it. I said to him to send the woman to me, I didn't know how she would take the furniture in the house, paying that price, it may not suit her;" what did you mean by that?

A. I thought it was an enormous price to give for a place she hadn't seen.

Q. You thought it was an enormous price?

A. Yes, sir.

Q. Was Mr. Manion directly or indirectly connected with that transaction?

A. Yes, when he told me if I would get a buyer that I should send for him, I think he was.

Q. You think so?

A. Yes, sir; I know he was.

Q. Did McManus mention his name?

A. No, sir.

Q. Never did?

A. No, sir.

Q. McManus came and rang the bell, and your sister let him in, and you made the deal with him direct?

A. Yes, sir.

Q. Was it your understanding at that time that this house was to be used for sporting purposes?

Objected to, as to any understanding.

Q. You hadn't any idea that this house was to be used as a sporting house?

A. I didn't care as long as I was out of it.

Q. Why did you go to Mrs. McTighe?

A. To get her to transfer the lease.

Q. And asked her to have it done for sporting purposes, did you, or not?

A. I am not positive about it just being for a sporting house, I asked her to transfer the lease.

Q. Are you sure you didn't say anything about that?

A. Yes, sir.

Q. Then she volunteered to you that she wouldn't permit it to be?

A. Yes, sir.

Q. Without you questioning her?

A. Yes, sir; I told her that my house was the only respectable house in the square; what other conclusions could she come to?

Q. You never intimated to her the purpose of that house, and she voluntarily stated that to you?

A. I told her I wanted to get out, because all the others were disreputable houses.

Q. Did you intimate to her in any way that you were selling that for a disreputable house?

A. I don't know whether I did or not.

Q. What do you mean by that?

A. Just take from it whatever you like.

Q. Did you go to Squire Toole about selling this house?

A. Yes, sir.

Q. Did you tell him, or say to him anything regarding selling this house for disreputable purposes?

A. I am not positive about that.

Q. On page 302 was this question asked you: "Q. Whom did you go to see?" "A. Squire Toole?" "Q. What did he say?" "A. He said no, he wouldn't

rent the place for that, he wouldn't be a party to it," what was that?

A. I suppose—

Q. Not what you suppose, what was it? You said you didn't say to Squire Toole that you wouldn't sell the house for immoral purposes?

A. No, I didn't say so.

Q. What did you say?

A. I am not positive whether I explained to Squire Toole, I wasn't positive myself, I wasn't positive any woman at the time was going to buy it, only an offer made.

Q. What was the purpose in going to Squire Toole?

A. To get the lease transferred, I wanted to get out of it.

Q. Then he said to you without any further conversation that he would not rent a house for immoral purposes, was that your answer?

A. It might be.

Q. You swore to it didn't you?

A. Perhaps I did.

Q. Have you forgotten it?

A. No, sir.

Q. And was this question asked you: "That is what this woman wanted it for" and did you answer, "Yes, sir; it is," is that correct?

A. Yes, sir; the woman explained to me when she came there, the last woman that bought.

Q. Didn't you say a moment ago that you didn't know what the woman wanted it for, that she could use it for what she wished after you left?

A. The woman that got the house I understood was going to have it for a disreputable house because she was in that business before that.

Q. Did Manion tell you that?

A. He said he knew her and went to her house from mine.

Q. At the time this offer was made?

A. At the time what offer was made?

Q. The \$2,600.

A. Yes, sir.

Q. Is that true?

A. Yes, sir.

Q. Didn't you say a man named McManus came to you?

A. Yes, sir; but Manion went to see the woman and went to her house and told me he had been there and told he knew her.

Q. On page 305 was this question asked you: "Did you pay anything to a one for getting this price for you?"

"A. No, I didn't pay anything to a one for getting the price for me as no one had got it but the man that was sent to me before when I told Mr. Manion, would send for him before I would decide to give her the house," is that correct or not?

A. Yes, sir.

Q. Did you swear to that?  
A. Yes, sir.

Q. No person got any money for selling this property to this woman?  
A. Not for selling it. Mr. Manion would not allow me to sell that unless I would give him the \$500.

Q. No person had anything to do with it except Mr. McManus, is that correct, did you swear to that?  
A. I suppose I did when the man came to me.

Q. You say Mr. Manion said to you that if the person took that house for a three year lease that he would charge \$125 a month?  
A. He didn't say person, he said woman, he said any woman taking that house he would give her a three year's lease provided she paid \$125.

Q. A three year lease?  
A. Yes, sir.

Q. Do you know why he raised the rent to the future tenant?  
A. I think because he thought he would get it easier.

Q. Did you swear to this on page 307: "Q. Why did he raise the rent to this future tenant?" "A. That I don't know," did you testify to that?  
A. I suppose I did.

Q. When you say you suppose, you mean you did, is that correct, answer yes or no.  
Witness does not answer.

Q. And was this question asked you: "Q. Did Mr. Manion intimate in any way what kind of a house was to be run there?" and did you answer, "No, sir," is that correct?  
A. He didn't, to me.

Q. Do you swear to that?  
A. I presume I did. How could Mr. Manion be deceived as to what kind of a house was to be run there, he couldn't be deceived about the matter.

Q. And was this question asked you: "Q. After you sold the house or sold the interior, did you pay any commissions to any one" and did you answer: "Yes, sir; I paid \$500 to Mr. Manion;" what was that commission for?  
A. He demanded it and I took it for granted I would have to give it to him before I could sell.

Q. Did you swear to this?  
A. Yes, sir.

Q. And on the same page, 307, was this question asked you: "Q. What was that for?" "A. He asked me what I was going to get for it when I sent for him and I told him \$2,000. He said 'That is a good bit of money.' I said it was more than I expected to get but he said did I tell the woman what the rent was to be, I says Yes, I told her she could get a three year lease if she paid \$125 a month" is that correct?  
A. Yes, sir.

Q. That is correct?  
A. Yes, sir.

Q. Did you ever testify in this hearing before the Commission that he wanted the \$500 for the purpose of buying a clock or anything else?  
A. No, I was ashamed to make that remark before the other men.

Q. Well, why aren't you ashamed to-night?  
A. I saw in the paper the other morning that the woman who testified against him didn't bring out this: the only facts I didn't bring out was that he was going to do with the money when he got it.

Q. Where does the shame come in that he wanted to buy a picture or clock?  
A. I don't know.

Q. Where you ashamed to buy new furniture with the money you got?  
A. No, sir.

Mr. Rodgers:  
Q. You were keeping your own house?  
A. Yes, sir.

Mr. Goehring:  
Q. You said to him as you testified on page 308: "I says I didn't know you were to have anything," he says, "Yes, I want \$500," I says, "I think you are asking too much," he says, "No," I says, "I'll give you \$300," did you say that?  
A. Yes, sir.

Q. Did you swear that to-night?  
A. Yes, sir.

Q. You said to-night you offered him \$300?  
A. I told him I would give him \$300.

Q. Did you get \$300 in advance from the woman you sold to?  
A. Yes, sir.

Q. At once?  
A. Yes, sir.

Q. You got it at once?  
A. Yes, sir.

Q. Did you get two payments from Mrs. Durston before the final sale?  
A. Yes, sir.

Q. How much?  
A. \$100 the first time and \$300 the next.

Q. That made \$400?  
A. Yes, sir.

Q. On page 308 was this asked you: "Had the matter of commission been brought up" and did you answer "Never at that time," is that correct?  
A. Yes, sir.

Q. There was no reason for this payment of \$500 was there?  
A. Not that I could see.

Q. But you gave it to him?  
A. He demanded it.

Q. You gave it to him?  
A. No, I didn't give it until he asked for it.

Q. And he got the \$500?

A. Yes, sir.

Q. After the money was paid to you?

A. Yes, sir.

Q. In any person's presence?

A. No, sir.

Q. Did you get a receipt?

A. No, sir.

Q. You didn't?

A. No, sir.

Q. Did you go to Mrs. Durston afterwards?

A. Me go to Mrs. Durston?

Q. Yes.

A. No, sir.

Q. Did Mrs. Durston come to you afterwards?

A. Yes, sir.

Q. Did you ask her if she had paid any money?

A. No, sir.

Q. You didn't?

A. No, sir.

Q. That never transpired?

A. Not with Mrs. Durston and I, no, sir.

Q. Did you ever say you thought he was in trouble now and might give up some?

A. No, sir; never. Mrs. Durston came and asked me if I would see Squire Tool about reducing her rent. I said no, but if she would go to Mr. Manion he might.

Q. You say this was the last Saturday of March?

A. Yes, sir.

Q. Where did this take place about this money?

A. In my dining room.

Q. How do you fix the time as half past seven?

A. I know very well it was half past seven.

Q. Give me something to corroborate you.

A. I don't know that I can. My sister and girl were out at the other house and they came in about seven. They were in the kitchen and I had got supper for them and they were eating their supper when Mr. Manion came and I got up and answered the door bell and let him in myself.

Q. It was between quarter past seven and eight anyway.

A. Yes, sir; about half past seven.

Q. You fix that time as then?

A. Yes, sir.

Q. Your sister didn't see the money paid?

A. No, when Mr. Manion came back I walked back to the kitchen and says, "Here is Mr. Manion for the money," and every one in the house knew he was getting the money.

Q. Did he ever demand this money before?

A. Yes, sir.

Q. When?

A. When I told him what I was getting for the house, that is the time he demanded the money and was there on Thursday to see if I had got it.

Q. How do you fix the last Saturday--you are sure it was evening?

A. Yes, sir.

Q. How do you fix the last Saturday?

A. Because I know I moved the 2nd of April.

Q. What day was that?

A. Monday.

Q. It was Saturday night before the first Monday of April?

A. Yes, sir.

Q. That is correct?

A. Yes, sir.

Q. And after you got the \$2,600 which was paid Thursday?

A. No, it was paid Saturday afternoon.

Q. Well, it was the same day you got the \$2,600?

A. Yes, sir.

Q. That was the last Saturday of March?

A. Yes, sir.

Q. When did she pay the money?

A. She paid \$2,200 on Saturday, the last day of March.

Q. What time in the day?

A. About half past three.

Q. In the afternoon?

A. Yes, sir.

Q. On page 309 of the testimony given before the Investigating Committee was this question asked you: "Q. And Mrs. Durston then owned this furniture at the time?" "A. Yes, sir; she didn't own it at the time the lease was signed, she hadn't paid for it until Saturday night." Was that what you said?

A. She had paid \$400 on it.

Q. Was this asked you: "She paid for it on Saturday, did she?" "A. Yes, sir; she had signed the lease two or three days previous to that."

A. That was a mistake, she hadn't paid entirely for it, she had paid \$400 on it at the time Mr. Manion left the lease at the house.

Q. And on the same page was this question asked you: "And there was no reason why you should pay anyone any commission?" "A. Not that I know of, any more than he demanded it, and I felt if I didn't give it to him they would probably injure the woman in some way; they owned the house and I didn't know what they might do." Mrs. Durston and you were good friends?

A. I had never seen her.

Q. Do you mean to tell this Board or Inquiry that you paid \$500 to this man

for the protection of a woman you never had met, lest he might injure her; yes or no to that.

A. I don't know why I made that remark. He demanded the money and I don't know why anybody would doubt my giving it to him.

Q. Well, I doubt it at least.

A. No matter what what you do, he knows he got it.

Q. And you make this answer on page 300: "Not that I know of, any more than he demanded it and I felt if I didn't give it to him they would probably injure the woman in some way; they owned the house and I didn't know what they might do;" do you mean to tell the Board of Inquiry that that is the reason you gave the money to this man?

A. Because he demanded it.

Q. Is that the reason you gave there, did you testify to that?

A. I suppose I did.

Q. Is that the reason?

A. I could not have sold it without giving it to him.

Q. Is that the reason?

A. I am telling you and any one that wishes to hear it that I could not have sold without giving it to him.

Q. You had gotten the money, hadn't you?

A. Yes, sir; and I promised to give it to him, and he demanded it.

Q. What difference was it whether he injured the woman or not, it wasn't any of your business was it?

A. No, sir.

Q. And yet you paid the \$500?

A. I certainly did, because he demanded it.

Q. Then it was asked very properly by the Examiner-in-chief: "What did you think they might do to her?" did you answer: "I don't know hardly what they might do to her, I didn't think very much about it," did you say that?

A. Yes, sir.

Q. You thought enough about it to give \$500, and did you add "Only he said he wanted it and demanded it and I said I would give it to him and I thought should do it then."

A. Yes, sir; that is correct, I said I would give it to him and he demanded it.

Q. And was that question asked you: "If she was keeping a decent house there and paying her rent, how could they injure her," and did you answer: "Well, I don't think she was going to run a respectable house." "Q. What makes you think that?" "A. She hadn't run one before she took that house," how do you know that?

A. She told me so.

Q. "One hadn't," and did you say "No, and I couldn't see how a respectable woman could make \$125 out of the house."

A. Yes, sir; I could not see how she could pay it.

Q. That is the only reason you thought she was going to run a disorderly house?

A. She had told me and she was running one then.

Q. What did you give that answer for?

A. I don't know, I might not have thought far enough; the woman told me she was running a disreputable house.

On page 310 the Chief Examiner further asked you: "Q. What did you think when this man came around and offered the \$2,500 for \$1,500 worth of furniture" and did you answer: "I really didn't know what to think, I thought the man wasn't right?"

A. That is a fact, that is correct.

Q. And was this question asked you: "Did you have any assurance you were going to get the \$2,500" and did you answer "No, sir; I didn't and further you were asked: "Q. How were you bound up with Mr. Manion so you paid that amount of money without a receipt," and did you answer: "I knew he was controlling the property and the woman could not get the property unless he got it." "Q. Wouldn't she be the one to pay the \$500?" "A. Who?" "Q. The woman who bought the property?" "A. The woman who was buying it?" "Q. Yes." "A. That I was to pay her the \$500?" "Q. No, wouldn't she have been the proper one to pay Manion rather than yourself?" "A. I don't know, he wasn't dealing with her, it was of me he asked it."

A. Maybe there is a mistake in that.

Q. Well, wasn't that question asked you: "Wouldn't she have been the proper one to pay Manion rather than yourself, and did you answer "I don't know, he was not dealing with her, it was of me he asked it?"

A. Yes, sir.

Q. He did not deal with her?

A. Not for the \$500.

Q. Did he make any threats to get that \$500?

A. No, sir.

Q. He made no threats at all?

A. No, sir; only the first time when I said I would not let it go for \$1,200 he said he would put Chinese in there but he did not make any threats when he demanded the \$500.

Q. Did you further testify on page 320: "Q. Did he negotiate the contract to sell this furniture for immoral purposes?" and did you answer: "If I made it \$1,200 I suppose he would;" that was all supposition on your part, wasn't it; that deal went through?

A. Yes, sir.

Q. And on page 322 was this question asked you: "Do you mean to say the Mr. Manion did negotiate this deal," and did you answer "I can't think in that light, I only say it," why do you say something you don't think?

A. He didn't negotiate the deal personally, but he went to see her.

Q. You say: "I can't think in that light, I only say it?"

A. I do not know why he wasn't negotiating it when he went to see her and volunteered to give her the house, I don't know what else you would make out of it.

Q. I ask you one question and I want it answered yes or no and you can explain; did you lease that house to Mrs. Durston for immoral purposes, for her to conduct an immoral house, or rather did you sell it for that purpose, and knowingly so?

A. I sold it to her to do what she pleased with it. She said she was going to run a disorderly house if she got permission, and if not she was going to run a rooming house.

Q. The President of the Council, Dr. Walters, asked you this question—

A. Yes, I know—

Q. How do you know what I am going to ask you?

A. I remember Dr. Walters, he insulted me when I was here before.

Q. Dr. Walters asked you this question: "What purpose has the house been used for since?" "A. I don't know." "Q. Still you sold it for the purpose of an immoral house." "A. To do what they pleased after I was out." "Q. You had no positive assurance it was for that?" "A. I didn't know what it was for after I left it;" there is nothing insulting in that, but those are your answers to those questions, the main one being "I didn't know what it was for after I left it."

A. No, I don't know since I left it.

Q. Was there any arrangement made between you and Mrs. Durston, by which she was to keep what boarders stayed there?

A. No, sir.

Q. Not at all?

A. No, sir.

Q. All the boarders went with you?

A. All I could take with me.

Q. All you could take with you?

A. Yes, sir.

Q. She never said to you that she wanted a more quiet and peaceful life, that she was tired of it?

A. No, sir.

Q. Never said that to you?

A. No, sir.

Q. And you never had any talk with Mrs. Durston at all regarding any money being gotten back from Mr. Manion?

A. No, sir.

Q. Never at all?

A. No, sir.

Q. How many times were you at Alderman Toole's last year to transfer this lease?

A. Only once.

Q. Did you ever see his clerk there at all?

A. I saw his brother.

Q. Whose brother?

A. Mr. Toole's brother.

Q. What did he say?

A. I asked him—

Objected to as hearsay.

Q. Did you ever ask Mr. Toole to write to Manion to transfer the lease?

A. No, sir.

Q. You never did?

A. No, sir.

Q. Did you ever ask Mr. Toole to send Mr. Manion to your place in regard to transferring the lease?

A. I think I did, I believe he gave me Squire Toole's office as his address.

Q. Now in regard to this property, this property was formerly the property of Mr. McTighe?

A. Yes, sir.

Q. Mr. McTighe was married to Mr. Manion's sister?

A. Yes, sir.

Q. Mr. McTighe died?

A. Yes, sir.

Q. Then that was the property of the McTighe estate?

A. Yes, sir.

Q. And Mr. McTighe being dead, the property fell into the hands or inheritance of the McTighe heirs, of whom his wife is one, the widow being the sister of Mr. Manion?

A. Yes, sir.

Q. And Toole and Manion were executors?

A. So I understood.

Q. It was through that capacity they had charge of the property, is that correct?

A. Yes, sir.

Q. And it was through them, as executors and trustees, or representatives of the McTighe estate, that you had your business?

A. Yes, sir.

Q. How often did you call on Mrs. McTighe?

A. I think once, Mr. Manion told me not to call on her, that wasn't his home. He never gave me a permanent address, he told me I would find him at his friend's, Mr. Sweeney.

Q. Did you ever tell Mr. Manion, or anybody else, that it wasn't any of their business how much you got for that house?

A. No, sir.

Q. You never did?

A. No, sir.

Q. You resided there four years?

A. No, sir.

 Q. How many times did you see Mr. Manion there?  
 A. I saw Mr. Manion twice, he had been to the house other times but I didn't see him.  
 Q. When was the first occasion you saw Mr. Manion there?  
 A. Well, he came there in January I believe, the first time I ever saw him.

 A. Yes, sir.  
 Q. Did you have any interview with your sister?

 Q. Your sister told you of the fact of the payment?  
 A. Yes, sir.  
 Q. Of the \$2,600?  
 A. Yes, sir.  
 Q. Then after that, after she told you that, was Mr. Manion at the house?  
 A. Yes, sir; Mr. Manion came to the house on Saturday evening, the last Saturday in March.  
 Q. He came to the house on the last Saturday in March?

A. Yes, sir.  
 Q. Was that the day the money was paid to your sister?  
 A. Yes, sir.  
 Q. So he came to the house on the last Saturday in March to see her?  
 A. Yes, sir; I think it was between half past seven and eight o'clock, I wouldn't say for sure, we had been out all day and just came in for supper.  
 Q. And was your sister at home at the time?

A. Yes, sir.  
 Q. But that's not the question I want to ask you about just now; I want to ask you the question about when the little girl let him in the door.

A. That was either on Tuesday or Thursday afternoon, I am not sure, it was the time Mr. Manion brought the lease.

Q. So then Mr. Manion brought a lease to the house?

A. Yes, sir.

Q. Was your sister at home that day?

A. No, sir.

Q. Was there any person else there besides Mr. Manion and you?

A. The woman that bought the house was there, Mr. Manion was to meet her there.

Q. Mr. Manion was to meet the woman that was to get the furniture?

A. Yes, sir.

Q. That woman was Mrs. Durston?

A. Yes, sir.

Mr. Goehring:

We object to this as hearsay.

Mr. Rodgers:

Q. Well, where were they, what room in the house?

A. They were in my room.

Q. Did he inquire for this Mrs. Durston when he came?

A. The girl told me—

Objected to.

Q. But he came in and asked for Mrs. King, and Mrs. King wasn't in?

A. Yes, sir.

Q. Then where did you all go?

A. Mr. Manion asked the girl if the Third avenue woman had come there, and she said Yes, she was up in Mrs. Rowe's room, and he came up.

Q. So she was up in the room?

A. Yes, sir.

Q. When Mr. Manion came?

A. Yes, sir.

Q. Were you in the room with the two of them?

A. Yes, sir.

Q. What took place between them?

A. Mr. Manion asked me if I had pen and ink, and I got it for him.

Q. Mr. Manion asked you for pen and ink, and you brought it?

A. Yes, sir; Mrs. Durston signed the lease, and he asked me to witness it, it was a three year lease at \$125 a month.

Q. She signed it, and you witnessed it?

A. Yes, sir.

Q. What took place next?

A. She asked me if I would leave the room, that she wanted to speak to Mr. Manion. While I was getting ready to go out of the room the woman started to tell him something, I can't tell what it was, and just as I got out of the door I heard Mr. Manion say something about \$50, I didn't know what it was. When I came back in the room, I said, "Did you have to give him any money?" She said, "No, but he said I could give Squire Toole \$50 for making up the lease."

Q. Was it a printed lease?

A. Yes, sir.

Q. Was it in appearance something like that, (showing lease?)

A. I really wouldn't know.

Q. But was the writing about the same as it is there?

A. I can't say.

Q. Well, it was a printed lease anyhow, and the understanding among them was that Squire Toole was to get \$50 for filling up that paper?

A. That's what the woman told me, I didn't hear Manion say that, I only have the woman's word.

Q. Was that the last that you knew of that interview?

A. Yes, sir.

Q. Were you home the last Saturday of March when Mr. Manion made another visit to this house?

A. Yes, sir; but I didn't see him.

Q. Where were you?

A. I was in the kitchen.

Q. And where was your sister, Mrs. King?

A. My sister was in the kitchen until the bell rang, and she went to the door and let Mr. Manion in, and came back to the kitchen and says, "Here is Mr. Manion for the money."

Q. Where did she pay him the money?

A. In the dining room.

Q. You weren't in the dining room, but you were in the kitchen at the time?

A. Yes, sir.

Q. Did she come back to the kitchen to you after he left?

A. Yes, sir.

Q. And that is all you know about this case?

A. Yes, sir.

Mr. Goehring:

Mr. Chairman, I ask that all the hearsay evidence be stricken from the minds

of the Board of Inquiry, is that correct?  
Chairman Walters:

Yes, sir.

Q. You sent Mr. McManus to see about it?

A. Yes, sir.

Q. Sent him to Mrs. King?

A. Yes, sir.

Q. With authority to offer \$2,600?

A. No, to see the price, what she wanted.

Q. And did he report to you the price?

A. Yes, sir.

Q. \$2,600?

A. Yes, sir.

Q. And did you agree to pay that amount of money?

A. I went to see ser.

Q. Then you went to see her?

A. Yes, sir.

Q. And examined the house?

A. Partly.

Q. And concluded to take the furniture at \$2,600?

A. Yes, sir.

Q. And you wanted the house for the purpose of opening a sporting house?

A. Yes, sir.

Q. And up to this time had you seen Mr. Manion?

A. No, sir.

Q. When did you first see Mr. Manion with respect to this property?

A. After I had seen Mrs. King—I forget just when, he was in there once after that.

Q. Mr. Manion came to your house?

A. Why, he called there once for a few minutes.

Q. And he spoke to you about going to this house of Mrs. King?

A. I can't remember, he asked me if I had saw Mrs. King.

Q. Well, did he tell you what business that was of his?

A. I can't remember.

Q. You can't remember that?

A. No, sir.

Q. Well, what did you tell him, did you tell him you were going to take the house?

A. Told him I had been to see about it.

Q. And that you were satisfied with the house?

A. Yes, sir; I was satisfied.

Q. And you told him you were satisfied with the house?

A. Yes, sir.

Q. Well, what did he say to you about the house?

A. I don't remember.

Q. Did he tell you it would suit you very well?

A. Why, he told me I could have the house.

Q. You were living at that time where?

A. Just the number I told you.

Q. On Fourth avenue did you say, or what avenue did you say you were on?

A. Third avenue.

Q. You were conducting a sporting house at that time?

A. Yes, sir.

Q. And he told you that Mrs. King's house would suit you?

A. Yes, sir.

Q. What next took place with Mr. P. A. Manion, when did you see him next?

A. I didn't see him until I signed the lease.

Q. Well, had you any talk with him about the amount of the rent?

A. I don't just exactly remember whether I heard it through Mrs. King.

Q. How did he come to prepare the lease, how did he come to make the lease?

A. The lease was made out, and I signed it at Mr. King's.

Q. How did he know to make a lease to you for the King house, and how did he know to fix the amount of the rent?

A. Through Mrs. King we had our

dealings, I had my dealings through Mrs. King.

Q. Then you had told Mrs. King you were going to pay \$125, is that it?

A. I inquired into the place, I don't remember who.

Q. With whom could you make a bargain with respect to the rent, other than with Manion?

A. Because I didn't have a chance to see him.

Q. You saw him at your house?

A. Once.

Q. You saw him at your house once?

A. Yes, sir; but I can't remember what he said.

Q. But whatever it was, there was enough said for you to come to Mrs. King's house on a certain day to meet Mr. Manion before signing your lease, that's right, is it, you knew to come to Mrs. King's house on a certain day?

A. I can't remember whether I made arrangements at Mrs. King's or not, I can't remember, I never thought there was going to be more of it. I don't remember.

Q. You did have an understanding you were to go to Mrs. King's house on a certain day, and meet Mr. Manion to sign the lease?

A. Yes, sir.

Q. Well, you went there on that day, did you?

A. Not any certain day particularly.

Q. You did go there on a certain day?

A. I went there.

Q. And Providence favored you so well that Mr. Manion came in a minute or two after you got there?

A. Yes, sir.

Q. A happy coincidence?

A. Yes, sir.

Q. Where did you meet Mr. Manion?

A. Manion went home.

Q. I understand, but he didn't leave the house the minutes he saw you?

A. Very shortly after.

Q. But he went upstairs with you?

A. I was up in Mrs. King's sister's room, and he came up.

Q. You were in Mrs. King's sister's room, and Manion came up.

A. Yes, sir.

Q. Did Manion have a lease with him when he came there?

A. I think he did.

Q. Was that lease to you?

A. Yes, sir.

Q. It was to you?

A. Yes, sir.

Q. At what rent?

A. \$125.

Q. \$125 a month?

A. Yes, sir.

Q. For length of time?  
A. Three years.  
Q. Well, you signed the lease, did you?  
A. Yes, sir.  
Q. Did Mr. Manion know for what purpose you were renting the house?  
A. I suppose he did.  
Q. You suppose Mr. Manion knew the purpose for which you were renting the house, and you were renting the house for purposes of prostitution, to open a sporting house there, that's right?  
A. That's what I rented it for.  
Q. And he knew that?  
A. I suppose it was understood that way.  
Q. It was understood?  
A. Yes, sir.  
Q. Understood between Mr. Manion and you?  
A. Yes, sir; it was understood with us all.  
Q. And that included Mr. Manion of course?  
Witness does not answer.  
Q. Well, you went up on a certain day, did you, and moved into this house?  
A. Yes, sir.  
Q. Had Mrs. King left the house at that time?  
A. Yes, sir.  
Q. How many girls did you bring up with you?  
A. Four.  
Q. Ready to take possession, and you took possession, you and your girls?  
A. Yes, sir; I was to take possession.  
Q. Then you went upstairs in Mrs. King's sister's room, along with Mr. Manion, and he had a lease all signed, all ready filled out, and you signed it?  
A. Yes, sir.  
Q. Well, was there a little thing there about \$50 about that time?  
A. I offered—  
Q. You offered what?  
A. I offered \$50 for the trouble, and he said—  
Q. You offered Mr. Manion for the trouble?  
A. Yes, sir; on the lease.  
Q. You weren't paying him for any trouble except the trouble on the lease?  
A. I asked him what it would be.  
Q. What trouble had Mr. Manion had on the lease?  
A. I had been in the habit of paying.  
Q. You hadn't been in the habit of paying Mr. Manion, had you; had you ever paid Manion before for a lease?  
A. No, sir.  
Q. Well, do you mean that all these women that kept sporting houses, that it is the rule to pay \$50 or \$100?

A. I don't know anything about any other women that kept sporting houses.  
Q. Well, what do you mean that you always paid it?  
A. I say I always had paid it.  
Q. When you got your lease you always paid \$50 or \$100 to the man that presented you a lease, for his trouble in filling up a lease like this, (showing lease), this looks something like the amount of work that would be on your lease, doesn't it?  
A. Yes, sir.  
Q. Well, then you said to Mr. Manion that you would pay \$50 for his trouble about the lease?  
A. Yes, sir.  
Q. Did you pay him \$50 for his trouble about the lease?  
A. Yes, sir; I asked him, and he said if I wished.  
Q. He said if you wished?  
A. Yes, sir; and that was all.  
Q. And you wished, and you gave him \$50 of your money?  
A. Yes, sir.  
Q. And he put it in his pocket?  
A. I don't know where he put it.  
Q. He didn't give it back to you, and he didn't throw it away?  
A. I didn't expect him to.  
Q. Well, that lease was signed by P. A. Manion, the T. J. McTighe estate by P. A. Manion?  
A. Yes, sir.  
Q. That's the way it was signed?  
A. Yes, sir.

Q. It was all between you and her?  
A. Yes, sir.  
Q. Now in regard to finding out that this house was for sale, the interior or it, Mr. Manion had nothing to do with that?  
A. No, sir.  
Q. You learned that from a Mr. Smith, didn't you?

Q. You also testified that Miss Laura Woods told you about this house, in your testimony before the Investigating Committee.

A. I was down there.

Q. She told you about it too?

A. She spoke about it.

Q. You were asked: "What did you tell this man to say?"

A. Well, I agreed to go down with him the next afternoon.

Q. In a cab?

A. No, sir.

Q. The question was: "What did you tell this man to say?" and did you answer: "To inquire what it was, for I understood it was \$2600." "Q. Who told you it was \$2600?" "A. I can't remember, about fifty people told me about it, I can't remember who told me." Is that correct?

A. Several people.

Q. That is correct?

A. Yes, sir.

Q. And Mr. Manion wasn't one of them?

A. No, sir, not at that time.

Q. Was this question asked you: "About fifty people told you?" "A. Everybody that came in told me about it." "Q. That it was \$2600?" "A. Told me about the price, yes, sir." Is that correct?

A. Yes, sir.

Q. Was this question asked you: "Did you tell McManus to offer \$2600?" "A. I asked him to go and investigate it for me, and he came back and said \$2600. There was a lady came from Oil City the day previous and said she offered Miss King \$3000; you had a girl there from Oil City, didn't you?"

A. I don't know.

Q. You say Mr. Manion had nothing to do with that deal?

A. No, sir.

Q. Now regarding the sporting house, wasn't it your desire to get out of that class of business and lead a more quiet life?

A. No, I thought like this, if I paid my money and couldn't run a sporting house, perhaps I could make out in a rooming house.

Q. Didn't you say to Miss King, and so testify before the Investigating Committee, as follows: "I am going to try, and perhaps I can run a first class sporting house, and if not I will make my money in a rooming house," you said that to her?

A. Yes, sir.

Q. She knew what you were trying to do?

A. Yes, sir.

Q. "If not I will make my money in

a rooming house, there is room enough in which I can make a living, and I am not particular, it's a quieter life," is that correct?

A. Yes, sir.

Q. You did go to the front office?

A. I had been up to the front office previous to that for another house opposite the hospital, and Mr. Moore advised me not to take that.

Q. Mr. Manion knew nothing about that?

A. No, sir.

Q. You were sick at that time?

A. Yes, sir.

Q. Quite ill?

A. Yes, sir.

Q. Did you make this answer before the Investigating Committee: I will tell you why, at the time of this excitement and all that I had my rooms all filled, and I could make it now at that. The house has twelve rooms, but there was such excitement, everybody was scared, and I could get a lot of lady roomers, and could make it now with nothing but gentlemen, I could make a living, perhaps that is all; now then, did Mrs. King take her boarders away?

A. Yes, sir.

Q. Did you expect any of them to remain at your place?

A. No, sir.

Q. Didn't you say when you were examined before: "On account of Miss King took all her roomers with her I didn't intend to run it for anything like that and they all left, and I could run it now and make a living with nothing but gentlemen, that's why" didn't you say that?

A. Yes, sir.

Q. Did Mr. Manion ever go to the front office with you or direct you to the front office or in any way protect you or promise you protection in regard to a sporting house?

A. No, sir.

Q. Did you ever give Mr. Manion any money for his influence or his position as a member of this Council or as a man?

A. No, sir.

A. No, sir; I never gave Mr. Manion a cent of money except the \$50?

Q. He promised you no protection for that?

A. No, sir.

Q. What he did was in regard to representing the estate of his sister, is that correct?

A. Yes, sir.

Q. Now regarding the \$50, was this question asked you before the Investigating Committee: "Before Mr. Manion signed the lease did you have to pay the full amount to Miss King?" "A. No, I

think— I can't just remember how it was. I paid all up in Miss King's room on Saturday evening the first of April, then I got my lease signed and Mr. Manion wasn't there, I didn't have no business with Mr. Manion nohow, just with Miss King;" that is correct?

A. Yes, sir.

Q. And on page 348 was this question asked you: "How much was the furniture worth?" "A. Well, I can't just tell you how much it was worth, \$500 or \$600, I guess;" you paid \$2,600?

A. Yes, sir.

Q. "The other \$2,000 was for what?" "A. For the lease I guess." "Q. For the lease?" "A. Yes, sir." "Q. Then \$100 to the man who drew up the lease?" "A. Yes, sir, that was outside of that." "Q. That was about \$2,100 for the lease and \$500 for the furniture?" "A. That's the reason I spoke to Mr. Manion; he didn't ask nothing but I says 'How much is it?'"

"Q. The first one— you paid \$2,500 for the location?" "A. I paid \$3,000 for the location and I paid \$100 for the lease and \$70 interest on the money I borrowed and I paid in nine notes four years ago; that was for another house?"

A. Yes, sir.

Q. Mr. Manion didn't ask you for money at all?

A. I didn't do no business with Mr. Manion.

Q. On page 353 of the testimony before the Investigating Committee was this question asked you: "After you agreed to pay Miss King \$2,600 for her furniture did Mr. Manion go to your house on Third avenue between that and the time you moved?" "A. I don't think so;" is that correct?

A. He was there only once.

Q. On page 364 of the testimony taken before the Investigating Committee was this question asked you: "Did you pay any one any commission above the \$50?"

A. No, and I insisted on paying that; nobody never asked me anything.

Q. Did you see Miss King pay Mr. Manion any money?"

A. No, Miss King asked me confidentially if I paid Manion anything and I said "No, I asked Mr. Manion how much it was for making out the lease."

He says, "Well, whatever you want." He didn't want nothing but if I wanted to pay anything for the lease,

all right, and I says, "Well here, that's all there was to it."

Q. Did he tell you to whom the money was to go?"

A. He didn't tell me. I says, "Will you pay these people," and he says, "If you wish."

Q. What people?" A. The people that made the lease out; I insisted on him taking it;" is that correct?

A. Yes, sir.

Q. That hadn't anything to do regarding the protection of a sporting house or anything else?

A. No, sir; nothing whatever, no, sir.

Q. Did Mrs. King ask you confidentially if you had paid any money to Manion?

A. She did.

Q. When you paid Mrs. King the \$2,600 you got a receipt?

A. Yes, sir.

Q. You took a receipt for the money you paid?

A. Yes, sir.

Q. Regarding the \$125 a month rent that was the understanding for a three year lease, wasn't it?

A. Yes, sir.

Q. This last witness on the stand, Mrs. Rowe was present at the time the lease was signed?

A. Yes, sir.

Q. Is that your signature?

A. Yes, sir.

Q. And that is the one Mrs. Rowe witnessed?

A. Yes, sir.

Q. That was the three year lease?

A. Yes, sir.

Q. That is the original lease, is it?

A. Yes, sir.

Q. That is your signature?

A. Yes, sir.

Q. And that is the one Mrs. Rowe witnessed and Mr. Manion signed?

A. Yes, sir.

Q. Then there was a second lease signed afterwards, of \$75 a month?

A. Yes, sir.

Q. Is this the second lease?

A. Yes, sir.

Q. That was \$75 a month?

A. Yes, sir.

Q. Did Mrs. King ever say anything to you about trying to get \$500 back from Mr. Manion?

A. Well, there was so much excitement around the avenue I didn't get my house filled with boarders, I was discouraged, and I didn't know what to do. I said I would go to Mr. Manion, that he might give me the \$500 and she said, "Oh, he won't give it to you."

Q. Did she say anything about his being scared?

A. Yes, sir.

Q. Mrs. King told you to go to Mr. Manion and try to get \$500 from him that now he was scared and he would likely give you \$500 back?

A. Perhaps he would give me some back.

Q. You hadn't paid him \$500?

A. No, sir.

Q. And she said he was scared and would give it back?

A. Yes, sir; she thought he would be glad to give it back.

Q. Why?

A. He would be scared.

A. I have every reason in the world to have it in my mind.

Q. What impressed it on your mind?

A. I was a candidate for City Clerk at the time and the election was to take place on the following Monday morning at 10:00 o'clock and I had engagements on that Saturday with several members of Council.

Q. You were elected the following Monday?

A. Yes, sir.

Q. It has been testified by Mrs. King in the presence of you if you heard it, that she was at the house 527 Second avenue upon the evening of the last Saturday in March of this year at half past seven and paid to Mr. Manion the sum of \$500; can you state to this Board of Inquiry whether or not Mr. Manion was in your company during the afternoon and evening and up until what time that night and if it was possible for him to be in that house?

A. Mr. Manion was with me from 12:00 o'clock noon on Saturday, the 31st day of March up until the hours between 9:00 and 10:00 o'clock on Saturday evening.

Q. Constantly?

A. He was never away from me.

Q. You were hunting Councilmen's votes?

A. Yes, sir.

Q. You know positively he was not out of your presence or hearing long enough to be on a mission of this kind?

A. I judge about 9 o'clock.

Cross examination.

By Mr. Rogers:

Q. You went into Hummell's about 6 o'clock?

A. Yes, sir.

Q. You of course took no memorandum at the time of the hour?

A. As to going in?

Q. Yes.

A. I would judge it would be about 6 o'clock. It may have been a little before 6?

Q. But the point with me is as to the accuracy of your recollection of the time; you have no particular idea upon that subject?

A. At 5 o'clock in the evening I was at Sweeney's liquor store, corner of Second avenue and Grant, and stayed there until about twenty minutes after 5 o'clock, and left there and came on down street, and met a member of Council, and talked with him, and from there went to Hummell's.

Q. Was Mr. Manion with you at Sweeney's?

A. He was.

Q. And you went down from Sweeney's about twenty minutes after five?

A. To half past five, in that neighborhood.

Q. And had a few minutes' conversation on the road?

A. Yes, sir.

Q. It would have taken about five minutes to walk down from Sweeney's to Hummell's, if you hadn't been interrupted?

A. Yes, sir.

Q. And you have no particular data as to the hour at which you were at Sweeney's?

A. I was at Sweeney's at 5 o'clock.

Q. But after that you have no data at all, as for instance looking at the clock, or making a memorandum of where you were at a certain hour?

A. I wasn't any place from the time I left Sweeney's until I got to Hummell's. I met a member of Council on the road, and after getting through my conversa-

tion with him I went direct to Hummell's.

Q. Then you went to Hummell's for your dinner.

A. Yes, sir.

Q. And you think your dinner occupied you for about three hours?

A. No, I didn't say that.

Q. Your dinner consumed how much of your time?

A. From the time I started to eat my dinner until I got through probably three quarters of an hour.

Q. After that what did you do?

A. I waited there to meet Mr. Wainwright.

Q. You stayed there to meet Mr. Wainwright?

A. Yes, sir.

Q. Have you any data as to the hour at which you left?

A. Left about 9 o'clock.

Q. Have you any data?

A. I can't place it any better than the fact that I left about 9 o'clock, I know it wasn't before 9.

Q. But you don't know that it was before 9, you have no data at all to show or prove it was before 9?

A. No, I can't say that I have any.

Q. You haven't any?

A. No, I can't say that I have any data, but I know it wasn't before 9 o'clock.

Q. And then were you with other people, a number of people, talking backward and forward to you between 6 and 9 at Hummell's?

A. Yes, sir.

Q. And is it your recollection that Mr. Manion was there all the time?

A. Yes, sir.

P. A. MANION, sworn.

Q. Or making a bargain?

A. No, sir.  
Q. Or rent any with the knowledge that the house was to be run for sporting purposes?

A. No, sir.  
Q. Is that the only house you had an interest in at all, I mean the renting?

A. They generally got my consent for everything they done in regard to the estate, the same as Mr. Toole.

Q. The house was first rented to Mrs. King for four years?

A. Yes, sir.  
Q. You gave it for \$60, and \$75 thereafter?

A. Yes, sir.  
Q. Did you make the rent for \$125 for three years?

A. Yes, sir.  
Q. To Mrs. Durston?

A. Yes, sir.  
Q. Why did you raise the rent?

A. Yes, sir.  
Q. Had you that clause in the other lease?

A. Yes, sir; that's the lease I wrote.  
Q. Did you afterwards reduce that to \$75 a month?

A. Yes, sir; Mrs. Durston came and told me she thought she couldn't pay the rent, as Mrs. King took all her roomers with her, and she said she owned a piece of property in Oakland. She says, "You can hold me for that rent." I says, "I don't want to do that, I will let you have it for the same amount as Mrs. King, and I will reduce it to one year, as I didn't want to give it for three years in the first place."

Q. For \$75?  
A. Yes, sir.

Q. Did you make that lease?  
A. No, sir.

Q. Was that lease given to her (showing lease?)

A. No, sir.  
Q. Were you there that day?

A. No, sir.  
Q. In whose company were you?

A. I was with Eddy Martin from noon. We were around all day together, we were soliciting the different members of Council, because I was interested in Mr. Martin's election.

Q. That's the way you fixed the date?

A. Yes, sir; we stopped at Sweeney's place, and I went there to see if I could locate Edwards, he had been at Hot Springs and came home that day. He had a vote on Monday, and I met Edwards at the corner of the postoffice and we talked fifteen or twenty minutes, and I tried to persuade him to vote for Martin.

Q. You were with Mr. Martin from what time to what time on that day?

A. We saw quite a number of members of Council at Hummell's a great many of us were congregated there that day.

 A. No, sir.

 A. No, sir.  
 Q. Did she give you \$50?  
 A. She did.  
 Q. Was this after the lease was signed?  
 A. Yes, sir.  
 Q. Tell what you did.  
 A. I promised to leave the lease at Mrs. King's house Thursday. I went up there, and I wanted Mrs. Durston to sign the lease. She signed it up in Mrs. King's back room, and Mrs. King's sister was there, and I got Mrs. King's sister as a witness to the lease. When I was leaving Mrs. King's sister left the room, and Mrs. Durston called me back and says, "How much is it for the lease?" I says, "It won't cost you a cent." She says, "I am always in the habit of giving something for the lease." I says, "In this case you don't have to give me anything." She insisted on my taking the money, and I says, "All right, I will give it to the boy that wrote it up."  
 Q. Did you take the \$50 under any consideration whatsoever that she could run a sporting house?  
 A. No, sir; she insisted on my taking it, I didn't want her money.

 Q. She insisted on you taking \$50?  
 A. There was no charge for that at all.  
 Q. You said you would give it to the boy that wrote the lease?

| Atkinson  | Hermes | Linn    |
| Burns     | Kearns | Walters |
| Gallagher |        |         |

Mr. Brennen: Mr. Chairman, I am here to represent Mr. Max Friedman, Select Councilman from the Seventh ward, and I desire to ask this Council to postpone action upon his case until after the Court of Quarter Sessions of this county shall have passed upon his case. I am here to inform you, and perhaps most of the Councilmen know that to-day a true bill was found by the grand jury of this county covering the charge that is preferred before this body, and, therefore, I urge upon you, in the interest of fairness to Mr. Friedman, and in justice to the Commonwealth of Pennsylvania, that this case shall not be prejudged by this Council. When this proposition was before the Council before, a different condition or state of affairs existed; then there had been no true bill found, and, perhaps, the information not filed, but to-night, when you come to consider this question you consider it with the fact before you that this man is to be tried under the laws of his country for this offense. I need not say to to members of this Council, a fact that they must know; that if he be convicted in the Court of Quarter Sessions of this offense, then under the Constitution of Pennsylvania his office is vacated. Therefore, your action here would be of little or no avail, and it would only be pre-judging this case. I will read for you this provision of the Constitution, important in many respects as bearing upon the course of this Council in this matter, and that provision is under Article 6 of the Constitution, under the head of

impeachment and removal from office. Section 4 says: "All officers shall hold their office on the condition that they behave themselves well while in office, and shall be removed on conviction of misbehavior in office, or of an infamous crime." Therefore, as soon as a conviction is had in this case, then this office of Select Councilman, as represented by Mr. Friedman, is vacated. Assuming now, for the sake of the argument, that this evening this body would say that Mr. Friedman was guilty of the charges preferred against him; in my opinion that would be prejudging this case, it would be prejudging him before the case could be tried in Court, it would be an attempt to establish, by your judgment, a conviction of a crime that has to be tried under the laws of this Commonwealth before a judge and jury. You have seen, from what I have read to you, that under the Constitution it may be a very close question as to whether or not this Council can or ought to pass upon the guilt or innocence of a man charged with a crime, when it says to you that he can and shall be removed for the causes mentioned, namely, "On conviction of misbehavior in office or of an infamous crime." Conviction where? Conviction in Court. The Constitution has provided how they shall be tried, and, therefore, I urge upon you, in all fairness to a member of this body, and in justice to a citizen of the City of Pittsburgh, in justice to his constituency, who elected him, to postpone his trial until such time as the Court may pass upon it. I ask that in the interest of fair play to the Commonwealth of Pennsylvania, that this case shall not be pre-judged. Again take the other view, that this Council, after a consideration of this matter, should say that Mr. Friedman is not guilty of these offenses, yet in face of that he goes before a court and jury, and is tried with that verdict in his favor, if such it may be called. That is not fair to the Commonwealth. I am not here pleading for the Commonwealth, but I am here pleading for justice to a citizen of the City of Pittsburgh. I am asking you as men, if these charges were brought against any single one of you, and an information would be returned to the Court of Quarter Sessions, and an indictment found, whether it would be just or proper that a number of the citizens of the City of Pittsburgh, in Councils or out of Councils, should meet in assemblage and say that you are guilty or not guilty. If you met in assemblage and said this man is not guilty, it is a very close question whether or not the Courts would not declare those that were active in that in contempt of Court, by prejudging it before the case was tried. I urge upon you not to be moved by clamor in this matter, not by any charges or counter charges, but let the law of the land take its course, be the consequences what they may, and that law of the land is that a man has a right under the Constitution to be tried by a judge and jury, sitting in out Courts to sift, and determine the evidence, and not under circumstances perhaps such as this. It is true that this Council has declared that it has the right to try this case, and assuming that it has the right to try this case, I then appeal to you and ask you whether that is the justice that you would give to your fellow-man, to pre-judge it before it is tried in Court. I can only repeat to you what I have said, that the Courts would look with very considerable suspicion—taking out of the fact that you are councilmen—remove that thought—that thirty-three men here to-night should meet in a body and say a man is guilty, or a man is not guilty; the Court would say you are interfering with the functions of the jury, you are interfering

with the action and the rights of the Court, and the mere fact that you are clothed with some kind of authority, under this Act of Assembly, to try a member of your body, does not relieve you from that suspicion, from that judgment of fair and discreet men, that you are doing that which is right on the danger line of being in contempt of Court. I urge this upon you with all the earnestness of which I am possessed. I am not urging this upon you merely because of this charge in this case, because if it went on to-night the consequences of it none could tell. But I urge it upon you in the interest of justice, in the interest of fair play to a citizen of the City of Pittsburgh, a member of your own body, a man standing here charged with an offense that he is likewise charged with by the laws of the land. If he is tried in Court, and is there convicted, then his office is vacated. If the Court shall say he is not guilty, and you still believe that he is guilty, and want to try him, that is your privilege, if you have such authority. What would you gentlemen think of the fact that when he came to trial by a judge and jury, the judge would say that under the evidence the Commonwealth has no case at all, and then you would recur to the fact that on the 20th day of June, 1906, that you, not being judges in the sense of judicial officers, not being sworn jurors, trying a case by the evidence and under control of the judge, had pre-judged this case by finding him guilty. I do not suppose that you gentlemen believe that you are the proper parties to determine the law of the case. Only a short time ago, in the City of Philadelphia, in a case something such as this, a man was being tried there, and when the whole of the Commonwealth's case was in, the judge said that it had failed to make out a case. Suppose that was the situation here, and you men, under your oaths, judged this man guilty, and the Court would say that under the evidence there was no guilt attached to him, wouldn't you be ashamed of yourselves? I ask you in the name of justice and fair play and decency to treat a fellow citizen as you would like to be treated yourselves, and I request some member of this body to move that this investigation be postponed until after this case has been tried in Court.

Mr. Weber arose and said:

In order to show the gentleman that represents Mr. Friedman that we are fair and liberal, I move that the trial of Mr. Friedman be postponed until after the trial in Court.

Which motion being seconded

Mr. Stevenson arose and said:

After listening to the able address of the counsel for the member that is charged, I can realize what he means by asking for fair play. I also see the danger of this Council going ahead and taking action to-night, because we might stultify ourselves if the case were decided one way or the other. But the point that appeals to me is this, how long is this case going to draw along before it is taken up in Court, or is the counsel for the defendant going to push this case, or is it going to hang over this Council two years until the expiration of the term of accused member. I think it is hardly fair for a member who is accused, and against whom a true bill has been found, that he should sit in this Council, take part in the proceedings, until that case is settled. I think in fairness and in justice and in decency, as the counsel has stated, that a true bill has been found, that the accused member should absent himself from Council, and not take part in the proceedings. For my part I would like to

know whether this case is going to proceed promptly, or drag its slow length along for two years, before I vote on this question.

Mr. Brennan: As to the disposition of it by the Court I cannot say; we will not interpose any unreasonable delay. Of course you understand, as far as I am concerned, I will do all I can to defend Mr. **Friedman**, whether it causes delay or otherwise. Mr. **Friedman** has authorized me to say to this body that until that matter has been disposed of, recognizing the propriety of the suggestion presented by the gentleman from the Fourteenth ward, that he will abstain from participating in the proceedings of this Council until his case shall have been disposed of by the Quarter Sessions Court.

Mr. Rodgers: Mr. Chairman and Gentlemen: You all know my position in this case. I am here to conduct these prosecutions under the direction of the Council. I am ready to proceed with the trial of this case at this present time. Furthermore I would say that as far as I am concerned I have no objection whatever to the postponement of this trial. I might make the further remark that I am not altogether disposed to agree to what Mr. Brennan says as to this being an infamous crime, and that a conviction under the terms of the constitution would of itself expel Mr. **Friedman** from this Council. But I agree with the conclusion that Mr. Brennan has arrived at, but I come to that conclusion in a different way. I do not consider that this is an infamous crime, as he interprets it, therefore it doesn't come under the provisions of the Constitution. The Council has the power to expel a member under the Act that your attention has been called to before, and in my judgment if there is a conviction in this case Mr. **Friedman** can be removed, and can be removed without any trial whatever, he can be removed merely upon the record from the Court of Quarter Sessions. So I agree with Mr. Brennan in his conclusion, and further, I take it for granted that when Mr. **Friedman**, through the mouth

of his counsel, says to this body that if he is convicted he will no longer claim to be a member of Council, and that he can be expelled, that Mr. Brennan of course will see to it that his client stands to that. Now, a question has been asked with respect to the time of this trial, and I saw Mr. Marron to-day, and spoke to him in relation to the time of this trial, and he told me he would have that case fixed for next week. According to my information I suppose in two weeks or so that case will be tried. I want everybody to understand that I am here ready to proceed with the trial of this case, but submit myself to the judgment of the Council.

Chairman **Stewart**: Did I understand the counsel for the defendant to say that his client would refrain from serving as a member of Council from now on, until such time as his case may be tried?

Mr. Brennan: Yes, sir.

Mr. **Metcalf**: I have no sympathy with Mr. Brennan's remarks as to the members of this body being in contempt of Court in getting ready for this trial. The Court has made no ruling what this body shall or shall not do. I do not think that any of us should be intimidated by his remarks as to being in contempt of Court, I would be very willing, for one to go ahead at the present time and take my chances on that, and I think every one here is perfectly safe in that matter. We have spent considerable time in this matter, and I want to say that I do not want to appear as a persecutor, and, therefore, I will favor the postponement of this trial until such time as Mr. **Friedman** has been tried in the Court of Quarter Sessions.

The motion to postpone the trial of Select Councilman **Max Friedman** being put to a vote, was carried unanimously.

Mr. **Metcalf** moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.

The Chair presented

No. 171.

June 25th, 1906.

To the Presidents and Members of Select and Common Council, Pittsburgh, Pa.

GENTLEMEN:—I respectfully submit herewith, for your consideration, two resolutions relative to the Allegheny County Light Company.

The former contract with the Allegheny County Light Company expired January 31st, 1906. From that date, until May 28th, 1906, the company furnished light to the city according to former specifications without any contract.

On June 8th, 1906, in pursuance of your resolution of May 28th, 1906, I notified said company that it would be required to furnish light to the city according to the same specifications, at the price fixed by the ordinance authorizing the construction of their lines in the city, namely: 75 per cent. of the price charged by the company to private consumers.

Since that notice the company has filed with the City Controller a statement taken from its books and verified by the affidavit of its proper officer, that the average price charged by it to private customers in the city for arc lights of the capacity furnished the city, is \$134.90; 75 per cent. of which would be \$101.17.

The officers of the company further allege that it has not furnished light to any private customer at a price as low as \$100.00 per annum; except 3 lamps, 2 of which are on public streets, one having since been taken over by the city, and all of which were put in at the price then charged the city, at the request of the former Director of the Department of Public Works.

The company has offered to accept a flat rate of \$76.00 per annum for all lamps furnished to the city under the specifications accompanying the former contracts; provided the city will permit that rate to stand for two years from February 1st, 1906.

City Controller, Mr. Larkin, advises me that after a full investigation, he is of the opinion that the price named, namely, \$76.00, is lower than the city could obtain under the Charter Ordinance, and that in consideration of this, and for the purpose of avoiding expensive and uncertain litigation, he advises acceptance of the offer.

The former contract with the Allegheny County Light Company which expired January 31st, 1906, was at the rate of \$96.00 per year. On the number of lamps now in use the deduction in price under the present offer amounts to about \$63,000.00 a year.

I have been led to submit this matter to your honorable bodies by the fact that I do not see any reasonable prospect of securing competition in regard to electric light in the city during the two years proposed by the company, nearly five months of which have already expired; and that during the negotiations in which this price was arrived at, the Pittsburgh Railways Company agreed to participate in the cleaning of the streets on which there are tracks of any of the companies operated by it, either by cleaning the portion of the street for which it is liable, by its own employees, under

the inspection of the Department of Public Works, or by paying to the city its pro-rata of the cost based upon the amount of surface for which it is liable, as may be hereafter selected.

I am

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

Also

No. 172. Resolution for payment to the Allegheny County Light Company of its bills for electric lights from 1st February, 1906, to 28th May, 1906.

Be it Resolved, By the Select and Common Councils of the City of Pittsburgh, and it is hereby resolved by authority of the same, That the Controller is hereby directed to draw his warrant in favor of the Allegheny County Light Company for its bills for light furnished from 1st February, 1906, to 28th May, 1906, at the rate of seventy-six (\$76.00) dollars per lamp per annum, subject to allowances as per specifications accompanying the previous contract.

Also

No. 173. Resolution authorizing the adjustment of the rate to be paid to the Allegheny County Light Company for public lighting, and authorizing a contract to be made with that company for supply of light from 28th May, 1906, to 31st January, 1908.

Be it Resolved, By the Select and Common Councils of the City of Pittsburgh, and it is hereby resolved by authority of the same, That the Mayor and Controller are authorized to adjust the rate to be paid by the city for public lighting and for that purpose to enter into a contract with the Allegheny County Light Company for supply of light from 28th May, 1906, to 31st January, 1908, at the rate of seventy-six dollars (\$76.00) per annum, payable monthly.

THE CIVIC CLUB OF ALLEGHENY COUNTY, }  
PITTSBURGH, PA., June 19, 1906.

To the President of Select Council, Pittsburgh:

DEAR SIR.—At a meeting of the Board of Directors of the Civic Club of Allegheny County, held Monday, June 18th, the Secretary was instructed to send the following petition to both the Select and the Common Council.

Whereas, The Civic Club of Allegheny County respectfully petitions the Select and Common Councils of the City of Pittsburgh to appoint a committee to confer with the Director of the Department of Public Safety in order to devise a more efficient and economical method of disposal of the garbage and refuse of the city; we beg to call attention to the fact that in other cities—both in this country and abroad—the garbage is so handled as to be a source of income, rather than expense, which in our city amounts to the extravagant sum of \$167,000.00 a year.

Very sincerely yours,

(MISS) H. J. PATTERSON,

Cor.-Sec'y.

Which was read, received and filed.

The Chair presented

No. 176.

PITTSBURGH, PA., July 2, 1906.

To the Honorable, the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN.—As instructed, I herewith present a draft of an ordinance to regulate the

emission of smoke from bituminous coal. You will observe that I have left certain blanks to be filled up hereafter. These blanks refer first—to the date when the ordinance is to take effect, and second—the period of time during which more than twenty per cent. of smoke may be emitted from a chimney or smoke stack at any one time.

These blanks can more properly be filled up by you than by me because they involve deliberation and examination as to the time at which the ordinance is to take effect, and also what allowance should be made for temporary emission of smoke from chimneys.

Yours truly,  
W. B. RODGERS,  
City Solicitor.

Which was read, received and filed.

Also

No. 177. An Ordinance to regulate the emission of smoke from bituminous coal in the City of Pittsburgh, and to provide for penalties, and collection of the same, for violation thereof.

Which was referred to the Committee on Public Works.

Also

No. 178.

PITTSBURGH, July 2, 1906.

To the Presidents and Members of Select and Common Councils, Pittsburgh, Penn'a:

GENTLEMEN:—I would respectfully bring to the attention of your honorable bodies certain facts in connection with the proper administration of affairs in the Department of Public Safety, fully believing that you will appreciate the necessity of prompt action on your part in connection therewith.

In December, 1903, an ordinance was passed and approved authorizing an increase of fifty patrolmen in the Bureau of Police, but the salaries of only twenty-five of these employees have been subsequently provided for by the usual appropriations. If the districts recently added to the city are to receive adequate police protection, either additional policemen must be provided or men withdrawn from the old districts where they cannot be safely dispensed with. In view of this I think it important that money to pay for the additional policemen required be provided as soon as possible.

Upon assuming charge of the Department of Public Safety, three months since, I discovered that the sanitary conditions of the city were such that epidemics of disease during the coming summer could only be averted by prompt action through a larger working force of sanitary inspectors than I then had at my disposal. To provide an adequate sanitary force an ordinance was at once passed and approved authorizing the employment of fifteen additional sanitary inspectors, but this ordinance did not provide for their salaries.

As the case now stands, therefore, I am authorized to increase the number of patrolmen by twenty-five and the number of sanitary inspectors by fifteen, but this can only be done when the proper provision for their salaries is made. Upon the advice of the Assistant Comptroller, who was then in charge, I therefore prepared and presented to your honorable bodies the ordinances providing for the transfer of certain monies already appropriated for the use of the Bureau of Fire, which monies cannot be used during the present year by that Bureau for the purposes appro-

priated, and can, therefore, without prejudice and to the material advantage of the city, be diverted to the use of the Bureaus of Health and Police, there to be employed in compensating additional employees. Upon their introduction into Select Council, these proposed ordinances were referred to the Committee on Finance, which committee in turn referred them to a sub-committee which has not yet reported thereon.

In view of the facts recited above, and the serious character of the situation, I have taken the liberty of bringing the matter to the attention of your Honorable Bodies, and would respectfully request your immediate consideration of the case and such action by you as will enable me to give the citizens of Pittsburgh proper sanitary and police protection.

I am

Very respectfully,

Your obedient servant,  
FRANK RIDGWAY,  
Director.

Which was read, received and filed.

Mr. Stevenson moved

That the Finance Committee be discharged from further consideration of S. C. Bill No. 29. An Ordinance entitled "An Ordinance authorizing the transfer of \$15,000 from Appropriation No. 21 A, Bureau of Fire, to Appropriation No. 24, Bureau of Health."

At this time President Walters called Mr. Stewart to the chair, as he wished to retire in order to answer a telephone call.

PITTSBURGH, PA., July 19, 1906.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—Several years ago a room was assigned the several departments of the city government in the basement of Municipal Hall for the storage of books and papers relating to the city government. At that time it was understood that an officer should be ap-

pointed to take charge of and be responsible for these papers and books. This has never been done, and the consequence is that numbers of valuable papers and books that are stored in said room have become damaged and injured. Attorneys and others visiting this room for the purpose of examining papers, etc., have taken the books from the racks, piled them on the floor and thrown them into the utmost confusion.

These records are valuable, and should be preserved, and acting on my own motion, after having seen the condition of the room, I herewith submit an ordinance, of which I respectfully ask the passage.

Yours respectfully,

E. S. MORROW.

PITTSBURGH, July 23, 1906.

To the Honorable Members of Select and Common Councils of the City of Pittsburgh.

GENTLEMEN:—Allow me to call attention to Resolution of his Honor the Mayor, submitted to Councils on June 25th, relating to the payment of the Allegheny County Light Company for light furnished the city without contract during the past five months. Whether the amount per lamp formally submitted to you

be regarded as equitable or not, should not interfere with a partial payment of the account.

The city holds the company bond for \$100,000 to indemnify it against loss in final adjustment of price, and pending settlement it seems unfair to retain bond and money while compelling the company to furnish the light. I, therefore, urge that while insisting on fair service, at a fair price, the city should set an example and be fair itself. This corporation is entitled to an equitable price, and until that is determined by your honorable bodies, it should receive some definite monthly payment on account.

In the hope of early action, I have the honor to remain,

Yours respectfully,

J. B. LARKIN.

Which was read, received and filed.

Mr. Weber moved

To reconsider the vote by which—

C. C. Bill No. 128. An Ordinance entitled "An Ordinance granting the Greater Pittsburgh Waste Paper Collecting Company the right and privilege of maintaining and placing, at its own cost and expense, boxes or receptacles for the collection of waste paper on the sidewalks and street corners of the streets, alleys and highways of the City of Pittsburgh," was indefinitely postponed July 2, 1906.

Mr. Stevenson arose to a point of order:

"That a motion to reconsider is out of order, as a motion for indefinite postponement having been agreed to, kills the bill under consideration during the life of the existing Councils."

The Chair ruled

That the point of order "not well taken," that the motion was entirely in order.

And the question being taken upon the motion to reconsider.

Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

*To the Select and Common Councils of the City of Pittsburgh:*

GENTLEMEN:—The petition of the undersigned respectfully represents that he is the owner of a lot of ground on Watt street, Thirteenth ward of the City of Pittsburgh. That in October 15, 1891, an ordinance was passed by your honorable bodies locating Watt street, from Wylie avenue to Centre avenue. This location took the lot of your petitioner. Again on September 13, 1901, there was an ordinance passed authorizing the opening of Watt street, from Wylie avenue to Mahon street. No steps have been taken that your petitioner can discover to open said street under this ordinance. That the lot of your petitioner is lying there

vacant, and under the circumstances, he can make no use of it whatever. He cannot build on it for if he did so, he would not be entitled to damages for the buildings when the street was opened under the ordinance September 13, 1901. He has only the privilege of paying taxes on his property.

He, therefore, asks that in all fairness to himself, that the Board of Viewers be directed to proceed to assess damages under the ordinance of September 13, 1901, or the ordinance opening said street and the ordinance locating same be repealed that he may have the enjoyment of his property; and he will ever pray, etc.

C. C. No. 383. Communication from F. T. F. Lovejoy, President Pittsburgh Subway Company, addressed to the Honorable Mayor and Councils of the City of Pittsburgh making application for the consent of the local authorities to the construction of an Underground or Elevated Passenger Railway.

In Common Council September 24, 1906. Read, received and filed.

Which was read, received and filed upon motion of Mr. Cavett.

C. C. No. 384. Whereas, The Pittsburgh Subways Company has pending before Councils an application for the approval of the city to the construction of a system of passenger railways; and

Whereas, Other corporations or companies have signified their intention of making similar applications; and

Whereas, The passenger transportation facilities now in operation are wholly inadequate for the needs of the community; and

Whereas, Various methods and systems of transportation, including elevated lines, additional surface lines and subways have been proposed; and

Whereas, It is deemed prudent that the consent and approval of the city shall not be given to any of said proposed methods until the merits of all plans of improvement have been submitted and examined, and the best means of serving the public been established; therefore be it

Resolved, That a commission shall be and is hereby created consisting of the two Presidents and the Chairman of all joint standing committees of Councils, whose duty it shall be to investigate and report to Councils upon the merits of all plans of street railway transportation which have been or which may hereafter be proposed for the City of Pittsburgh, and be it further

Resolved, That the said commission is authorized and empowered to investigate and report upon the merits of systems now in operation in other municipalities, gather and report all useful information upon the subject of passenger transportation, and offer such recommendations as may be deemed advisable. The commission shall appoint a secretary, and shall elect one of its members Chairman.

In Common Council September 24, 1906.  
Read and adopted.

Which was read.

Mr. Burns moved

That the resolution be referred to the Committee on Finance.

Mr. Stevenson arose to a point of order, and stated:

"This resolution cannot be passed at one meeting. Rule 4, section 3, provides: No ordinance shall be passed except by bill, and no bill shall be so altered or amended on its passage as to change its original purpose. No bill shall be considered unless referred to a committee, returned therefrom and printed for the use of the members, etc. It is therefore necessary to send this paper to a committee and have it printed, and it cannot be passed at this meeting."

# The Chair ruled

The point of order "not well taken," as the resolution is not of a permanent character and it is therefore not necessary to refer it to a committee or have it printed. It is simply a resolution for the appointment of a committee and carries with it no expenditure of money.

And the question being taken upon the motion of Mr. Burns to refer the resolution to the Committee on Finance.

Mr. Burns called for a division of the vote.

And the ayes were 11.

And the noes were 21.

So the motion did not prevail.

Mr. McKelvey (Wm.) moved

That further action upon the resolution be postponed until the next meeting.

Upon which motion Mr. Burns demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

**GENTLEMEN:**—Your special committee appointed to confer with similar committees from the boroughs of Swissvale, Edgewood and Wilkinsburg, respectfully reports as follows:

That your committee held several meetings with representatives of the boroughs of Swissvale, Edgewood and Wilkinsburg, and was unable to come to any satisfactory arrangement with the said boroughs for making the survey proposed by the State Board of Health, and your committee, therefore, adopted the following:

"Resolved, That this committee requests the State Board of Health to make the survey proposed by the said State Board of Health and assess the cost of the same according to the water shed upon the several boroughs and the City of Pittsburgh."

From the Special Committee appointed to consider sites for the proposed Soldiers' Memorial Hall.

No. 271.

PITTSBURGH, October 1, 1906.

*To the Presidents and Members of Select and Common Councils of the City of Pittsburgh:*

**GENTLEMEN:**—Your special committee appointed to consider sites for the proposed Soldiers' Memorial Hall, respectfully reports as follows:

That your committee met on April 16, 1906, and organized by the election of Mr. **W. H. Weber** as Chairman; that your committee held meetings on April 30, 1906, and May 4, 1906, at which meetings the County Commissioners were present, also County Recorder Fairman and representatives of several of the veterans' associations. Several sites were discussed, among them being the market house property, the Washington Park property and property in Schenley Park. The City Solicitor furnished an opinion that the market house property could be used for the purpose of a memorial hall in conjunction with a market, but this did not seem to meet the views of some of the veterans' associations.

The City Solicitor also furnished an opinion that the Washington Park property could not be deeded by the city without any compensation, and as the property is used as a playgrounds for the children of the hill district, the consideration of that site was dropped. The City Solicitor gave his opinion that such a hall could not be placed in Schenley Park, unless under the jurisdiction of the city.

Your committee has since been informed that the County Commissioners have purchased a site in the Schenley Farm plan of lots, at the corner of Grant boulevard and Bayard street, therefore, there being nothing further for your committee to do in the matter, we would respectfully ask that the committee be discharged.

Respectfully submitted,

**The Chair presented**

No. 280.

To the President and Members of Select Council of the City of Pittsburgh.

Gentlemen:

I return herewith copy of a proposed ordinance entitled, "An ordinance to declare it to be a nuisance to produce and cause to be emitted dense black or gray smoke in the corporate limits of the City of Pittsburgh, and prohibiting the commission of such nuisance, and prescribing penalties therefor" which was referred by Select Council to the City Solicitor "for a written opinion as to its legality."

The ordinance, as proposed, prohibits the emission of "any dense black or gray smoke" from certain chimneys and smokestacks within the corporate limits. It excludes private residences, but apparently includes all other buildings or places, from which such smoke is likely to be emitted.

If it be possible to carry on the various industries of the City without the production and emission of "any dense black or gray smoke," and there is no dense smoke of any other color, this provision is reasonable and should be sustained. If, on the other hand, it is impossible or impracticable to eliminate all dense black or gray smoke, the provision is unreasonable and will not be sustained.

The proposed ordinance prohibits the emission of "any \* \* gray smoke." You will observe that it does not expressly say "dense gray smoke." If it is the intention of Councils to prohibit the emission of *dense* gray smoke, and not gray smoke, whether it be dense or not, it should be clearly so stated in the ordinance.

If Councils intend to prohibit all *dense* smoke, why should the colors be limited to black and gray?

It does not seem to me that the exclusion of private residences will vitiate the ordinance. The emission of dense smoke from private residences is not the mischief sought to be remedied; and besides to include private residences, might be to work great and unnecessary hardship upon many people, without adequate results.

I think it should be stated in the ordinance, that the fine or penalty shall be recovered before any alderman of the County of Allegheny, or any public magistrate of the City of Pittsburgh, and that the provision for imprisonment should be limited to thirty days, instead of ninety days, because the Act of 7th of March, 1901, so limits it.

I believe also that a reasonable time should be allowed for the proper adjustment of plants, in order to meet the proposed new requirements. To enforce the ordinance immediately upon its passage and approval, would be unfair to the person affected by it; and the ordinance itself, to this extent, would be ineffective.

Except as above suggested, and a further suggestion, that some mention of a possible imprisonment, should appear in the title, I see no objection as to its legality.

Respectfully,

W. B. RODGERS,

Pittsburgh, Oct. 11th, 1906. City Solicitor.

Which was read.

Mr. Cavett moved

That the Communication be received and filed.

Which motion prevailed.

CHAMBER OF COMMERCE OF PITTSBURGH.

Report of Committee on Municipal Affairs.

October 29th, 1906.

At a regular meeting, March 1st, 1900, the Chamber of Commerce adopted the report of a special Committee appointed to inquire into the feasibility of the prevention of smoke in Pittsburgh. This Committee, composed of Col. Thos. P. Roberts and Samuel Dlescher, prominent engineers, made a thorough investigation of the practicability of abating the smoke nuisance. Its conclusion was that all that was necessary to the accomplishment of this object was the passage of proper regulating ordinances and their stringest enforcement by City officials.

Your Committee on Municipal Affairs, which is charged with the duty of considering important matters and of submitting recommendations in connection therewith as, in its opinion, tends to promote the objects for which the Chamber of Commerce was organized, respectfully presents the following:—

Smoke, the result of imperfect combustion of fuel, wherever it occurs, has become such a nuisance in Pittsburgh as to call for immediate action looking towards its prevention or abatement, if it is hoped to increase our industrial prosperity, the location of new establishments, and as well make the city attractive as a place for homes.

A city to be attractive should be clean and bright as possible to make it, in its atmosphere, streets and buildings. With the palls of smoke which darken our sky continually and the almost continuous deposits of soot, our dirty streets and grimy buildings are simple evidences of the difficulty under which we labor in any endeavor to present Pittsburgh as an ideal home city.

To the personal discomfort and inconveniences caused our citizens there must be added expenses in financial loss in impairment of stocks of merchants in many lines, increased expense to the average citizen in more frequent purchase of wearing apparel, renewal of household furnishing, etc.

The continual presence of smoke and soot in the air we breathe is a cause of disease and is no mean factor in placing Pittsburgh in an unenviable rank of cities where the percentage of deaths from affections of the respiratory organs is large.

Your Committee believes that it is practicable to at least diminish the smoke nuisance throughout the commercial and resident districts of Pittsburgh, and with economy and greater results in efficiency to fuel consumers. The principal sources of smoke are railroad locomotives, boiler plants and furnaces.

Ordinances of the City of Pittsburgh absolutely prohibit the use of soft coal by locomotives within the city limits. The rigid enforcement of these ordinances would abate the nuisance from this source.

It has long ago been demonstrated that the smoke from the power plant chimney can be almost entirely eliminated by the use of mechanical stokers and proper feeding of fuel, insuring a greater efficiency in heat unite and economy in the use of fuel. The best devices, however, will not fulfill the requirements unless the man in charge will do his full duty.

Your Committee is not informed as to whether it is possible to prevent smoke produced by heating furnaces, but if heating furnaces were the only smoke producers in Pittsburgh, the evil would be comparatively reduced.

One of the primary objects of the Chamber of Commerce of Pittsburgh is

to foster the industrial and commercial prosperity of Pittsburgh and there is no desire of your committee that any industry should be stopped or hindered. Improvement along civic and social lines, which we believe are no less important interests, demand the abatement of smoke and this demand should be met when actual practice has shown the feasibility of diminishing the smoke with a material gain to industry in economy and efficiency to be obtained in the more perfect combustion of fuel.

Your Committee would further urge upon fuel consumers the importance and necessity of taking some steps to assist our municipal authorities in the eradication of this smoke evil, and

**RESOLVED;**

The Chamber of Commerce hereby reaffirms its former action relating to the abatement of smoke in the City of Pittsburgh and appeals to the members of the Chamber and to the citizens of Pittsburgh to attend the meeting of Council to be held this Monday evening October 29th in the Council Chambers Municipal Hall, and protest against the efforts to defeat the ordinance now pending; prohibiting the making of dense black and gray smoke in the City of Pittsburgh, and respectfully urge the immediate passage of said ordinance, the enforcement of which we believe will to a large degree relieve the people of the Smoke Nuisance.

No. 289.

October 29, 1906.

*To the Select Councils of the City of Pittsburgh:*

The Congress of Women's Clubs of Allegheny County, representing, as it does, thousands of women throughout the county, women whose lives are made burdensome by all-pervading and ever-present clouds of smoke that ruin our homes, our health and our dispositions, most respectfully but earnestly urge that a consideration of the ordinance now pending before your body having for its object a mitigation of this, as we believe, largely unnecessary evil, be not indefinitely postponed, but that opportunity be given for a full and fair hearing of both sides of the question; and that, if the present ordinance does not meet your views of what is right and fair, and practical—after you have heard the matter fully discussed—you appoint a committee to take up the whole subject, who shall fully investigate all phases thereof, and on whose report another ordinance may be drawn that may more nearly meet your views, or, more properly speaking, the view of the majority of the people whom you represent, keeping in mind always the fact that it is in the interests of the many, and not of the few, that you should legislate, so

long as those interests can be subserved without materially affecting the industrial prosperity of which we are all so justly proud.

Respectfully submitted,  
MRS. LEVI BIRD DUFF,  
President.

No 290.

PITTSBURGH, October 29, 1906.

To the Honorable, The Select Councils, of the City of Pittsburgh.

The Civic Club of Allegheny County desires to earnestly protest against a hasty and summary disposition of a measure of such a vast importance to this community as the abatement of the dense pall of smoke that constantly envelops us, ruining not only the exterior but the interior of our homes, making housekeeping the worst of drudgery, and rendering residence here generally undesirable, not only from the standpoint of cleanliness and comfort, but from that of health.

It would respectfully remind the members of this honorable body that it is their duty to legislate for the best interests of their constituents as a whole, and not in the interests of the few who might be put to temporary inconvenience and expense by the passage of the smoke ordinance presented by Mr. C. D. Tilbury, or some other such ordinance, looking to a mitigation of this evil.

The Civic Club would be the last to advocate the passage of any law that would tend to lessen our prosperity. But what right has this body to assume, without full and fair hearing and consideration, that such result would follow the adoption of this ordinance?

A noted authority on the subject has recently said, that it is frequently asserted that a bank of smoke hanging over a city is a sign of industrial prosperity; but, to the contrary, it is a sign of industrial stupidity; that not only is smoke a waste of fuel, but it so affects the bronchial tubes as to render the lungs particularly susceptible to attack from tuberculosis germs—that greatest bodily ill that now affects humanity?

We therefore respectfully request that you not only grant a rehearing in this matter, but that you do not finally dispose of it until after the fullest discussion from every standpoint, and the most thorough investigation of the whole subject, to the end that our city be made, if possible, not only a good place to make money, but also a desirable place in which to live and spend it.

Very respectfully,

KATE C. McKNIGHT,  
President.

W. M. KENNEDY.

First Vice President.

J. BOYD DUFF,

Member of Board.

LUCY DORSEY IAMS.

Second Vice President.

The Chair presented

No. 301.

MAYOR'S OFFICE,  
PITTSBURGH, November 5, 1906. }

To the President and Members of Select Council, Pittsburgh, Pa.

GENTLEMEN:—I return herewith, without my approval, S. C. No. 168. An Ordinance providing for the examination and licensing of midwives in the City of Pittsburgh, fixing the compensation of examiners, and providing penalties for the violation thereof.

This ordinance provides for a board of examiners to consist of three physicians, "selected and appointed by the Superintendent of the Bureau of Health."

Section 2 of the act, approved March 7, 1901, provides that "the directors or chief officers of departments shall appoint all subordinate officers, &c."

It is apparent, therefore, that the provision for the appointment of this board of examiners by the Superintendent of the Bureau of Health is illegal.

While I believe that good public policy calls for the examination and licensing of midwives, I believe provision can be made for this purpose by the physicians already employed in the service of the city, who are thoroughly competent to do the work, and can do so without extra cost to the city.

I am, very respectfully yours,

GEO. W. GUTHRIE,  
Mayor.

Which was read, received and filed.

And

S. C. Bill No. 168. An Ordinance entitled "An Ordinance providing for the examination and licensing of midwives in the City of Pittsburgh, fixing the compensation of the examiners, and providing penalties for violations thereof."

GENTLEMEN:—Your special committee appointed to consider an ordinance for the suppression of dense black or dense gray smoke within the limits of the city, respectfully report as follows:

That your committee held several meetings, at which there were present representatives of the Chamber of Commerce, engineers, smoke experts manufacturers and other persons interested in the smoke question, and after hearing these gentlemen, your committee decided to draw up a new ordinance which would meet the views of the majority of the persons inter-

ested, and for this purpose a sub-committee, consisting of Messrs. **Weber, Poster and Tilbury** was appointed. At a meeting of the general committee held on November 23, an ordinance was reported by the sub-committee which was adopted.

Your committee presents the ordinance at this time for your consideration.

Respectfully submitted,

The Chair presented

No. 310.

MAYOR'S OFFICE,  
 PITTSBURGH, PA., November 21, 1906. }

To the President and Members of Select Council.

GENTLEMEN:—I have the honor to return herewith, without my approval, Ordinance S. C. No. 185, passed November 12, 1906, authorizing and directing the City Solicitor to satisfy the city lien filed at N. L. D. No. 50 October, 1892, on payment of \$240.00. The amount due the city at the time of the filing of the lien was \$3,322.14, and the City Solicitor informs me that only \$822.16 have been paid on account of the principal debt, and that only 72 feet of the frontage has been released on account of such payments, leaving a balance of 168 feet subject to the remainder of the debt, and he is of opinion that the whole debt can be collected from the property.

The city has been obliged to pay this money for this improvement; the amount of the lien was fixed by the viewers, and afterwards confirmed by judgment rendered on April 6, 1898.

No reason has been shown to me why the city should release this lien and give this large sum of money to the property owner.

I am very respectfully yours,

(GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

And

"S. C. No. 185. Resolved, That the City Solicitor for the City of Pittsburgh be and he is hereby authorized and directed upon the payment to him of the sum of two thousand four hundred dollars (\$2,400.00) by the said Wm. N. Gordon (the record costs of the said lien having been heretofore paid) to enter satisfaction in full upon the record of said lien."

Was read.

And upon the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law and were:

No. 311.

MAYOR'S OFFICE,  
 PITTSBURGH, PA., November 26, 1906.

To the President and Members of Select Council.

GENTLEMEN :—I return herewith, without my approval, S. C. No. 283, entitled, "An Ordinance granting and regulating furloughs to the uniformed members of the Bureau of Police of the City of Pittsburgh, and providing for filling the places of those off duty and for their compensation."

The Ordinance undertakes to grant a furlough of two weeks with pay to each member of the uniformed police, and require the Bureau to furnish and pay a substitute for each officer during his furlough.

The members of the uniform police are paid by the day; when absent on a furlough they will not be on duty or working for the city and I do not know of any law which authorizes the appropriation of money for the payment of employees for work which they do not perform.

This alone would prevent the approval of the Ordinance.

I desire to call your attention to the fact that a change of the character proposed by this Ordinance would increase the cost of the Bureau of Police about twenty-five thousand (\$25,000) dollars a year, and require the Bureau to have a standing force of about fifty (50) substitutes to comply with the provisions of Section 3.

You will also observe that the substitutes while on duty would have a claim against the Police Pension Fund Association, and there is no appropriation made to compensate the fund for the additional expense imposed upon it. This would manifestly be unfair to the regular force, for whose protection and relief the fund is provided. I am,

Respectfully yours,

GEO. W. GUTHRIE,  
 Mayor.

Which was read, received and filed.

Mr. Burns presented

From the Committee on Conference

No. 330.

PITTSBURGH, December 4, 1906.

To the President and Members of Select Council.

GENTLEMEN:—Your Committee of Conference, to which was referred C. C. No. 544, resolution for the appointment of a special joint committee of seven to investigate certain charges against members of Councils relative to the passage of an ordinance granting certain rights to the Pittsburgh & Tube City Railroad Company, beg leave to report that it has agreed upon the resolution as follows:

H. B. BURNS,  
WM. H. WEBER,  
C. C. WILLIAMS,  
JACOB SOFFEL,  
JOSEPH C. WASSON,  
HUGH FERGUSON,  
Committee.

"Whereas, An ordinance passed Select Council on July 2, 1906, granting certain rights to the Pittsburgh & Tube City Railroad Company, and said ordinance is now pending in Common Council, and,

Whereas, Suit has been entered against a certain member of Common Council for conspiracy in connection with this ordinance; and,

Whereas, The public press has charged that four members of Select Council were paid the sum of \$10,000.00 in connection with the passage of said ordinance, and the sum of \$70,000.00 was to be paid for the passage of said ordinance in Common Council; therefore, be it

Resolved, That a committee of seven (7), three (3) from Select and four (4) from Common Councils be appointed by the respective Presidents thereof, to act in conjunction with the Mayor and City Solicitor, for the purpose of investigating the said charges; and it is further

Resolved, That for the purposes of the investigation, as aforesaid, the said committee be and are hereby given full power and authority to subpoena witnesses and examine them under oath, and that said committee report its findings to Councils for action thereon."

Which was read.

Mr. Burns moved

The adoption of the report and the final passage of the resolution.

Mr. Stevenson arose to a point of order

That this motion is out of order, as it combined two motions—a motion on the adoption of the report of the committee and a motion on the final passage of the resolution. According to the rule, debate is not allowed on the adoption of the report of the conference committee; the combined motion of the member from the Eleventh ward precludes debate upon the resolution, which is not before Council until the report of the committee is accepted.

The Chair ruled the point of order "Not well taken."

Mr. Stevenson moved

That the resolution be laid upon the table until after the Court decides in the criminal cases against certain members of Councils for alleged receiving of bribes.

Mr. Burns moved

That the motion be laid upon the table.

Which motion prevailed.

And the question recurring upon the adoption of the report and the final passage of the resolution.

Ayes—Messrs.

### MOTIONS AND RESOLUTIONS.

The Chair presented

No. 379.

PITTSBURGH, PA., January 11, 1907.

To the Honorable, the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

We enclose you a copy of letter filed in the office of the U. S. Engineers, in this city, by the Chief of the Department of Public Works, in regard to the change of grade and

alterations, and the driving of piles, as proposed by the Pittsburgh Dock & Transportation Company, which we believe will be a dangerous obstruction to the navigation interest of the City of Pittsburgh, and detrimental to the free and public use of that part of the city wharf.

We fully believe that the object desired by the Dock Company can be obtained without the almost destruction of that part of the wharf, as they propose, and if they are permitted to alter and build as they propose, it will create an eddy below, and the filth and sediment from the sewers deposited on the city wharf below, will be a very great detriment to the free use of that wharf, besides being detrimental to the health of the city.

The navigation interest and the abutting property owners along Duquesne way will be very grateful if Councils of the City of Pittsburgh will take such action as will improve the condition of the city wharf and its public landings, by grading and paving, as we believe every inch of it will be needed when the waterways are improved as contemplated and partially completed by the government.

We have been informed that there has been no ordinance passed to change the grade and alter the public landings of the Allegheny wharf, and we therefore pray that some action may be taken to prevent the alteration as proposed by this private corporation.

Very respectfully,

JAMES REES & SONS COMPANY,  
T. M. REES, General Manager.

OFFICE DEPARTMENT OF PUBLIC WORKS, }  
PITTSBURGH, PA., December 15, 1906. }

Hon. Secretary of War, through Major W. L. Sibert, U. S. Engineer, Pittsburgh, Pa.

Dear Sir:

The Pittsburgh Dock & Transportation Company, a corporation under the laws of Pennsylvania, has been granted permission by the City of Pittsburgh to use a landing on the Allegheny river wharf, beginning on the water line at the east side of the Sixth street bridge, running thence east a distance not exceeding 350 feet.

On the 7th inst. the said company submitted to the War Department through Major W. L. Sibert, U. S. Engineer, a plan showing the proposed change in the grade of the wharf, a copy of which was also submitted to the City of Pittsburgh.

The plan as submitted meets with the approval of the city, and the permission is hereby asked by the City of Pittsburgh to make said changes in the grade of the wharf in accordance with said plan.

Very respectfully,

J. W. CLARK,  
Director Department of Public Works.

Which was read.

Mr. Weber moved

That the communication be received and filed.

Which motion prevailed.

Mr. Weber presented

No. 380.

Whereas, It has come to the knowledge of the Councils of the City of Pittsburgh that the Director of the Department of Public Works, unlawfully and without any authority or warrant of law, has granted to the Pittsburgh Dock & Transportation Company, a corpora-

tion under the laws of Pennsylvania, the right and privilege to use a landing on the harbor line of the south side of the Allegheny river wharf, beginning at the east side of the Sixth street bridge and running thence east a distance not exceeding 350 feet, and that said Pittsburgh Dock & Transportation Company are filling in and changing the grade of said wharf; and,

Whereas, According to an Act of Assembly made and approved March 31, 1886, wherein said wharf shall forever thereafter be occupied, used and employed as a public landing, and that the said Pittsburgh Dock & Transportation Company are changing and destroying the grade of the wharf in violation of said ordinance and laws, and without the consent of the Councils of the City of Pittsburgh; therefore, be it

Resolved, That the Director of the Department of Public Works of the City of Pittsburgh be and he is hereby directed to take such action forthwith as may be necessary to compel the abandonment of said filling and changes as are now under way by said Dock Company; and further, be it

Resolved, That a committee of eleven, five members from Select Council and six members from Common Council, be appointed to investigate said allegations, and that the Director of the Department of Public Works be directed to appear before said committee.

Which was read.

Mr. Toole moved

Which motion prevailed.

And Messrs. Toole, Munton, Weber, Burns and Kenna were appointed.

No. 391.

MAYOR'S OFFICE,  
PITTSBURGH, January 18, 1907. }

To the Presidents and Members of Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—I enclose herewith copy of a notice this day received by me from the Union Storage Company of this city in regard to Short street, protesting against the vacation of the street, or any part of it, and asserting a claim for damages in case such vacation should be done. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

PITTSBURGH, PA., January 16, 1907.

To the Mayor and Councils, Representing the City of Pittsburgh:

The Union Storage Company respectfully call attention to the fact that certain parties

are offering to the United States Government for the location of a new Postoffice building a site which covers a part of Short street and that this offer contemplates the vacation of a part of said street; that Short street in its entire length is essential to the property of the Union Storage Company adjoining it, not only as a means of ingress and egress, but especially for the following reason:

The Pennsylvania Railroad Company is required by its contract with the City of Pittsburgh to construct a switch or branch of its elevated railroad along said Short street, which said switch or branch will reach the storehouses of said storage company, and thereby in a measure take the place of the railroad switch which said storage company formerly had, but of which it was deprived by the removal of said railroad company's tracks from Liberty avenue.

That the use of said projected railroad switch is essential to the use of said storage company's warehouses, so that great and irreparable damage would be done to said company if any change were to be made in Short street which would prevent the construction of said railroad switch.

The Union Storage Company believing that it has rights on the premises which cannot justly or lawfully be disregarded, hereby enters a protest against any encouragement for the said Postoffice location upon the part of the City of Pittsburgh; and further, to say that said company will seek to protect its rights to the utmost.

Respectfully yours;

(Signed) THE UNION STORAGE COMPANY,  
Samuel S. Mehard, Attorney.

Which was read, received and filed.

MAYOR'S OFFICE,

PITTSBURGH, PA., January 28, 1907. }

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—I have the honor to submit herewith, for your consideration and for such action as you may deem proper, a communication received this day from the City Solicitor, in regard to a suit against the city brought by one Philip Wilding, to recover damages for injuries received by reason of alleged defective boardwalk on Sterling street in the Twenty-seventh ward.

It appears that the injuries received by the plaintiff were of a serious character, and it is alleged that they are permanent, and render him unable to earn a living; his family is large and by reason of his inability to work, they are in an almost destitute condition.

The suit has been pending for some time, and cannot be reached for trial for about a year. The City Solicitor thinks that the case is one for an amicable settlement, and recommends action by your bodies authorizing it.

I am, very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

DEPARTMENT OF LAW,  
CITY OF PITTSBURGH, January 26, 1907. }

HON. GEORGE W. GUTHRIE, Mayor.

DEAR SIR:—A suit was brought against the city at December Term, 1905, by Philip Wild-

ing to recover damages for injuries received by reason of an alleged defective boardwalk on Sterling street in the Twenty-seventh ward. The plaintiff was a laborer at Jones & Laughlin's, and is said to have been earning \$2.50 a day. He claims that the boardwalk was apparently in good condition, but as he passed along it a board sunk or broke and he fell into a hole. He undoubtedly sustained very severe injuries, and my information is that they are permanent, and that very little, if anything, can be done by way of treatment. His attorney has proposed a settlement of the claim, but I did not consider that I had authority to make a settlement at least until on the trial. The case will not be reached for six months to a year, and in the meantime it is said that the plaintiff is in want.

Of course I do not concede the liability of the city, but it is a case, in my judgment that it would be wise to settle if reasonable terms can be arranged.

I, therefore, call your attention to the case with the suggestion that, if my views meet with your approval, that you will take such action towards the settlement of the claim as you may consider advisable.

Yours truly,

W. B. RODGERS,  
City Solicitor.

Which was read and referred to the Committee on Finance.

#### UNFINISHED BUSINESS OF COMMON COUNCIL.

S. C. No. 259. Resolution authorizing the issuing of a warrant in favor of employees of the Bureau of Filtration for special overtime work during the time of their employment in the said Bureau.

In Select Council December 10, 1906. Rule suspended, read a second time and referred to the City Solicitor for a written opinion as to the legality of the same, and further action upon the resolution postponed until the next regular meeting and the City Controller and the Superintendent of the Bureau of Filtration requested to appear at the next meeting of Councils in reference to the same.

In Select Council January 14, 1907. The opinion of the City Solicitor upon the resolution was read, received and filed.

And

Mr. Stevenson arose and asked if the City Controller and the Superintendent of the Bureau of Filtration were present to explain the resolution.

The Chair said "That the City Controller and the Superintendent of the Bureau of Filtration were not present."

That further action upon the resolution be postponed until the next regular meeting, and that the City Controller and the Superintendent of the Bureau of Filtration be requested to appear before Council in reference to the same.

The resolution having been read

The Chair presented

No. 402.

DEPARTMENT OF CITY CONTROLLER, }  
PITTSBURGH, January 15, 1907. }

To the Honorable Members of the Select and Common Councils:

GENTLEMEN:—I owe an apology to you for failure to attend last session of your honorable

bodies. The notice escaped my memory, and it is possible that I may be out of the city at your next meeting and be compelled to beg further indulgence.

As to the matter in question, the payment of men employed by city for overtime at Filtration Plant, I beg to say: During summer of 1895 I objected to paying for lunches when found on the payrolls, and reasoned with Mr. Knowles that the city had in the employ two corps of engineers in survey and construction who operate in outside fields as his men do and procure their own lunches. I suggest to him, as I do to you, that all men in same classified service should be treated alike. He then called my attention to the fact that his men were very often required to work overtime and at times on Sundays, and that no time was asked for or allowed them; they did it to oblige him and facilitate the work, and that it was unfair to work overtime without recompense and expect them to furnish their own meals. We then agreed that when these men worked long hours or remained after the regular hours of employment they should be given their lunch or paid for it, and that rule has prevailed since, so far as I know.

Complaint was made, however, some months ago by some persons who had either left the service or been discharged from it, that they would not be bound by this agreement and wanted to pay for the hours of service in excess of the usual working schedule, and the demand was not allowed. I may be permitted to say that this agreement is still in force so far as the Controller's office is concerned, and there has been no request from Mr. Knowles or any other person in authority to change it.

Yours very respectfully,

J. B. LARKIN,  
Controller.

Which was read, received and filed.

And

Mr. Morris Knowles, Superintendent of the Bureau of Filtration, appeared before Council and made a statement favorable to the resolution.

Mr. Weber moved

That the resolution as read a second time be agreed to.

Which motion prevailed.

And the resolution was read a third time and agreed to.

And upon final passage the ayes and noes were taken, and being taken were:

Mr. Stevenson moved

To amend the amendment by striking out the words "Four (4) Emergency Hospitals" and insert in lieu thereof the words, "A General Municipal Hospital."

Mr. Stevenson arose and asked that Dr. R. W. Stewart, President of the Allegheny County Medical Society; Dr. Adolph Koenig and Dr. W. J. Asdale, members of said Allegheny County Medical Society, be given the privilege of the floor.

Which was done.

Dr. R. W. Stewart, President of the Allegheny County Medical Society, said he favored one general hospital instead of four small emergency hospitals. He said the cost of equipping and maintaining a small emergency hospital would be nearly as great as that of furnishing and conducting a large hospital. He said emergency cases could be provided for by equipping a room at each of the police stations and engine houses.

Dr. Adolph Koenig read a resolution adopted by the Allegheny County Medical Society in favor of a general municipal hospital. He said one large hospital properly equipped would offer better advantages to the people than four small hospitals poorly equipped, which he claimed would be the case if the \$300,000 was utilized for emergency institutions.

Dr. W. J. Asdale declared the proposition to expend \$300,000 for four emergency hospitals would be "extravagance," and would be opposed at the polls by the entire medical fraternity. Dr. W. H. McKelvey, member of Select Council, said there was "no sense in establishing anything except a general municipal hospital."

The **Chair** (**Mr. Cavett**) ruled

"That the motion to lay the motion of the gentleman of the Fourteenth ward, to 'refer to the City Solicitor' on the table, was in order, and that the motion to reconsider would not be in order until the previous motion was disposed of, and that the point was 'not well taken.' The motion to reconsider is on another item of the bill and is not germane to the subject under consideration."

Mr. Burns appealed from the decision of the Chair.

And Chairman Cavett called President Walters to the Chair.

The Chair stated

"The question is on an appeal from the decision of the Chair.

Mr. Burns spoke in favor of sustaining the appeal, and quoted from page 46 of the Council Manual as follows: "A motion to reconsider shall take precedence of all other questions, except a motion to adjourn, etc."

And Chairman Cavett spoke in favor of sustaining the decision of the Chair, as the motion to reconsider was not on the matter under consideration, and therefore the motion to lay on the table was in order.

And on the question, "Shall the decision of the Chair be sustained?"

The decision of the Chair was sustained.

And the Chair (Mr. Walters) appointed Messrs. Metcalf, Toole, Soffel, Hirsch and Werner.

The Chair instructed the committee to withdraw in order to prepare the resolution.

The committee returned, and Mr. Metcalf said:

"Mr. Chairman and gentlemen of Select and Common Councils: We have gathered together to night in joint session to pay tribute to one of the efficient employees of the city. This is the time when all political lines are wiped out, and we recognize nothing but the worth of the man, and as such he is entitled to consideration. I will first read a biographical sketch of Mr. Clark."

And Mr. Metcalf presented

No. 405.

James Wylie Clark, Director of the Department of Public Works of the City of Pittsburgh, died at the Homeopathic Hospital on Sunday, February 10th, after undergoing a severe operation. Death came to him peacefully after a busy and eventful life, a great part of which was given to the service of the public.

James Wylie Clark was born in March, 1850, in Washington county, his parents being David and Adeline Clark, and he was educated in Washington and Jefferson College, and came to Allegheny City with his parents in 1870. Later he went West and engaged in business, but returned to Pittsburgh in 1873. In 1875 Mr. Clark entered the Pittsburgh office of the Western Union Telegraph Company, and in 1882 was made manager of this office, in which capacity he continued until 1894.

James Wylie Clark married Miss Hallie Wilkins, of Syracuse, N. Y., in 1891; his wife lived but two years after their marriage, and Mr. Clark never married again.

James Wylie Clark entered the employ of the city in 1896 as a street inspector in the Bureau of Highways and Sewers, and later became a bookkeeper at Schenley Park. About this time he began to attract notice for his

work in the department and the aptitude he displayed in politics. In 1908, Mr. Clark was appointed Director of the Department of Charities and Correction by Mayor W. B. Hays, and when Mayor Guthrie took office he appointed Mr. Clark as Director of the Department of Public Works, which position he filled up to the time of his death. Mr. Clark was secretary of the Citizens party, and was popular with the people, having a wide acquaintance in the East End district, being especially well known in his home ward—the Twentieth.

As a public official, James Wylie Clark performed his duties with fidelity and efficiency, and was beloved by his associates and employees, to whom his death will be a severe loss.

Resolved, That it is the sense of Councils that in the death of James Wylie Clark, the City of Pittsburgh has lost an efficient officer, and we as members of Councils, extend our heartfelt sympathy to his relatives in this, the hour of their bereavement, and we order that these minutes be spread upon the records in full.

Mr. Metcalf continued

“Which is accompanied by this resolution.”

Whereas, Almighty God in His infinite wisdom has removed from our midst the Honorable James Wylie Clark and has thereby taken to his last rest one who by his strict attention to the duties which befell him, in his public and private life, has endeared himself to all with whom he was brought in contact, whose fidelity to the duties imposed upon him by his fellow men made him invaluable as a public servant, and whose courtesy to his fellow employees has won him the everlasting esteem of those who were in his employ; now, therefore, be it

Resolved, That the Select and Common Councils of the City of Pittsburgh, in Joint Session assembled, extend to the family and friends of the late James Wylie Clark our sincere and hearty sympathy in this, their great bereavement; and, be it further.

Resolved, That this resolution be spread in full upon the records, and that a copy of the same be presented to his family.

WILLIAM METCALF, JR.  
P. F. TOOLE,  
JACOB SOFFEL,  
LOUIS HIRSCH,  
JOHN WERNER.

Mr. Metcalf said:

“Your committee thought it proper to draw up a more formal resolution than the biographical sketch to submit to Councils.”

Mr. Cavett moved

The adoption of the resolution.

Chairman Walters said

“I wish to be afforded this opportunity of expressing my sincere regret at the death of Director Clark. That a man of such sterling worth should be taken from our midst when about to realize his life's ambition seems to be hard.

I have known Jim for 18 or 20 years, and during that time have been his ally and his opponent, and have always found him a gentleman and a lover of fair play, generous to a fault, and at all times his word was as good as his bond.

Gentlemen, I can say no more.”

Mr. Soffel said:

“At this time I wish to express my feeling in the matter of the death of James W. Clark. I first met Director Clark in a political way in 1903, and at that time was associated with him very closely. I came in contact with him every day for some time, and the more I was associated with him, the more did I learn the man, the more did I learn to like him and know his worth. Mr. Clark, to my mind, was an ideal man. He was fair, he was generous, and he was at all times truthful. Many times he was positive, but that only caused you to like him the more. We differed at times, but during our differences the personal relationship was never entered upon. I had the extreme pleasure of calling upon him a day or two before he entered the hospital, and for the first time I knew the seriousness of his condition. He told me that he was going to have a slight operation performed, but would be back to his office in a few days dispensing his duties.

The City of Pittsburgh has lost a true and faithful servant and an honorable man, who commanded the respect of all who had dealings with him in any manner, shape or form. In the death of Director Clark the City of Pittsburgh has lost a valuable official.”

Mr. McLaney said:

“Having pleased God to remove Director Clark, it is but fitting that we should express sorrow at this time. He deserves great credit—a man born in humble circumstances, forced himself to the front by sheer force of character. He never knew the meaning of the word ‘fail,’ and in his years of public life he had obtained the confidence and respect of all, and made friends with all with whom he came in contact. He may have had his trivial faults, but he obliterated them all by his courteous treatment of all he had dealings with. The most fitting tribute I could make is to say that he had the confidence and respect of the public. He was a man whose heart, like his body, was built on broad lines.”

Mr. Hirsch said:

“I have listened with pleasure to the encomiums pronounced upon the late Director Clark and, while I can add nothing to what has been said by the previous speakers, I would feel that my duty had been neglected if I did not add a word of appreciation of his high character. The highest tribute paid to Director Clark was contained in the simple, and it now appears prophetic, words of Mayor Guthrie to Mr. Clark last Wednesday when the Director was on the way to the hospital: “Now, Jim, get well and strong for this city can't get along without you. The citizens of Pittsburgh will not know what you were to them until you are gone.” To-night we seem to realize the truth of those words and I know of no better way of closing this little tribute than by using Schiller's words, which have been so aptly translated into English:

“It is ordained by God above  
That, from what we most dearly love,  
there's parting.”

And the question being taken upon the adoption of resolution.

The resolution was unanimously adopted by a rising vote.

#### UNFINISHED BUSINESS OF COMMON COUNCIL.

C. C. No. 564. Resolution authorizing the issuing of warrants in favor of sundry persons on attached roll for fourteen hundred and sixty-two dollars and forty-three cents (\$1,462.43) for material furnished in erection of fence at Schenley Oval, in September, 1906, and charge the same to Appropriation No. 36, Bureau of Parks.

In Common Council January 28, 1907. Passed by a two-thirds vote.

In Select Council January 28, 1907. Read and further action upon the resolution be postponed until the next regular meeting, and the City Controller requested to furnish Council with the amount of money already expended upon the Schenley Oval.

Which was read a second time.

The Chair presented

No. 429.

PITTSBURGH, February 14, 1907.

To the President and Members of Select Council.

GENTLEMEN:—In answer to your request, and in the absence of the Controller, I would respectfully state that the improvement of the Schenley Oval have cost, up until this time, as follows:

|                                                         |                    |
|---------------------------------------------------------|--------------------|
| Improvement of the Oval, Thos. McNally, contractor..... | \$34,825.00        |
| Grand Stand, Mark Lydon (unfinished), contractor.....   | 17,400.00          |
| Judges' Stand, Obiltz & McConigly, contractors.....     | 2,600.00           |
| Fencing Oval, E. O'Kane, contractor..                   | 3,000.00           |
| Other Improvements to the Oval.....                     | 5,551.07           |
|                                                         | <b>\$63,376.07</b> |

The O'Kane contract was annulled by the Director because of failure of the contractor to even begin his work. The Director undertook then to finish the work himself, and the bills now pending before you are part of the cost. As I understand it, he can do it for less money than the contract price. The figures given are the figures charged off for the purpose. These figures would make the amount of money expended on the Oval, including the O'Kane contract (and, of course, the bills now before you), \$63,376.07.

Very respectfully,  
E. S. MORROW,  
Assistant Controller.

Which was read, received and filed.

And the resolution as read a second time was agreed to.

**Mr. Frederick** moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the resolution was read a third time and agreed to.

No. 433.

DEPARTMENT OF LAW,  
PITTSBURGH, PA., February 24, 1907. }

To the Honorable, the Select Council of the City of Pittsburgh:

I have received S. C. Bill No. 378, "An Ordinance creating the territory heretofore known as Montooth borough, Allegheny county, into a ward of the City of Pittsburgh, to be known and numbered as the Forty-second ward," and which was referred to me for an opinion as to the legality of further increasing the number of the wards of the city.

There is no law which makes it illegal to increase the number of wards of this city. The Act of 2d April, 1872, (City Digest, p. 345) provides that the Councils shall prior to 1st August, 1872, provide by ordinance for the division of the city into not more than forty wards, but that was only applicable to the city as it then was, and was not intended to provide that the city should not have more wards as its territory and inhabitants should increase.

Further, the ordinance in question is for the creation into a ward of territory recently annexed to the city under Act of 1903. That Act provides that "The territory annexed shall, as soon as practicable, be arranged into wards of the city to which it is annexed." This gives the power to either attach the annexed territory to adjoining wards, or create it into a new ward or wards as may be determined by Councils.

Respectfully submitted,

W. B. RODGERS,  
City Solicitor.

No—Mr. Stevenson.

When Mr. Stevenson's name was called, he arose and said:

"I want to say in explanation of my vote that the previous ordinances reported by the Conference Committee placed them before this branch in the same position that the Mayor recommended them, and I was glad to vote for them. This ordinance, notwithstanding the juggling of the appropriation for the repaving of streets, and that they handed out more than the Mayor recommended, also cutting out of the ordinance \$20,000 for hurrahs in the parks, but still keeping in luxuries such as automobiles, but not adding anything for water extension, we should not pass the bill the shape it is in. It is like the Irishman who fell down stairs, and was asked if he was dead. He said that he was not, but he was fatally twisted. We are fatally twisted on this ordinance, and for that reason I vote no."

And the ayes were 34.

And the noes were 1.

And a majority of the votes of Select Council being in the affirmative, the report of the Conference Committee was adopted, and the bill passed finally.

Mr. Toole presented

No. 451.

MAYOR'S OFFICE,  
PITTSBURGH, PA., March 8, 1907. }

To the Select Council, City of Pittsburgh:

GENTLEMEN:—I have the honor to return herewith, without my approval, Select Council No. 265, entitled, "An Ordinance fixing the salaries of the Plumbing Inspectors in the Bureau of Health, Department of Public Safety."

This Ordinance increases the pay of the Plumbing Inspectors. The appropriation for the salary of Plumbing Inspectors for the year 1907 is based on the salaries of those offices as fixed by the general ordinance, and no provision has been made for meeting this proposed increase.

To increase salaries without making provision for payment of the increase would inevitably lead to a deficit in the appropriation and make it necessary to lay off Inspectors before the end of the year, thereby causing confusion in public work.

Respectfully yours,

GEO. W. GUTHRIE,  
Mayor.

Which was read.

Mr. Cavett moved

S. C. Bill No. 265. An Ordinance entitled "An Ordinance fixing the salaries of the Plumbing Inspectors in the Bureau of Health, Department of Public Safety."
